FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

Analysis

The bill amends AS 14.11.025(a) to include Mt. Edgecumbe High School (MEHS) as a funding recipient under the Regional Educational Attendance Area and Small Municipal School District School Fund (REAA Fund). This would also include funding teacher housing that is state owned, located in, or provided to REAAs or small municipal school districts.

This bill amends AS 14.11.030(a) to include MEHS and major maintenance projects for teacher housing as eligible projects to receive an allocation from the REAA Fund.

This bill also amends AS 14.11.030(b) by removing the REAA Fund's \$70 million cap on the fund balance by adding MEHS facilities and teacher housing as eligible allocations from the REAA Fund which would increase the scope and number of facilities under the Department of Education and Early Development's (DEED) purview. This would require additional staff expertise as it relates to residential (dwelling/sleeping unit) design and construction considerations. To provide this additional expertise, DEED would need the following two positions:

- School Finance Specialist 2 at a Range 18, Step B/C, at \$123.5, and
- Building Management Specialist at a Range 19, Step B/C, at \$130.6.

Additionally, on-site technical support and analysis would need to be provided so these positions will be required to travel throughout the State. Each position would need two trips annually at \$2.0 per trip (\$8.0 total).

There are also support costs associated with establishing new positions: department chargebacks of \$16.0 per position annually (\$32.0 total), as well as one-time supplies and equipment costs of \$5.0 per position (\$10.0 total).

In FY2025, a one-time increment of \$6.0 will be needed for legal services costs associated with revising and establishing new regulations.
