FISCAL NOTE ANALYSIS

STATE OF ALASKA
2024 LEGISLATIVE SESSION

Analysis

The Senate Finance CS for SCR 10 makes several changes to the original bill; however, for the purpose of this fiscal note, the only relevant change is the make-up of the task force membership. CS for SCR 10 increases the task force membership from seven to thirteen members, specifically increasing the number of public members from two to nine. The membership is now comprised of four legislators, nine public members, and three non-voting ex-officio members: the Commissioners of Commerce, Fish and Game, and Revenue, or their designees.

The legislation resolves that non-legislative members serving on the task force "may seek reimbursement for per diem and travel expenses from the member's respective organization". While three of the public members do not belong to an organization, the resolution further stipulates that the task force shall meet virtually or use other electronic means; therefore, there is no fiscal change anticipated as a result of this committee substitute and no new funds are necessary to support the work of this task force.
