3 **** Sec. 3.** AS 14.03.080 is amended by adding a new subsection to read: **SADDLER**

4 (i) Each school district shall, upon application by a parent of a child of school
5 age and subject to AS 14.14.110, 14.14.120, and the enrollment capacity limitations of
6 a selected school, allow the child to attend the school in the district selected by the
7 parent instead of the school that is assigned to the child based on the child's residence
8 within another school's or school district's boundary area. The district shall approve
9 enrollment applications throughout the school year and in the order the district
10 receives the applications, except that the district shall prioritize the enrollment of
11 siblings in the same school. Each district shall annually report to the department and
12 publish on the district's publicly available Internet website student enrollment data for
13 each school in the district, including enrollment capacity and vacancies for each grade
14 in the school, the number of enrollment applications the district received, the number
15 of those applications the district approved, the number of those applications the district
16 denied, and an explanation of the reason for each denial. The department shall
17 establish by regulation a process for appealing a school district's denial of an
