

**CS FOR SENATE BILL NO. 20(FIN)**

IN THE LEGISLATURE OF THE STATE OF ALASKA

THIRTY-FOURTH LEGISLATURE - SECOND SESSION

**BY THE SENATE FINANCE COMMITTEE**

**Offered: 2/4/26**

**Referred: Rules**

**Sponsor(s): SENATORS GRAY-JACKSON, Claman, Tobin, Kawasaki**

**A BILL**

**FOR AN ACT ENTITLED**

1 **"An Act relating to cardiopulmonary resuscitation education in public schools; and**  
2 **relating to the duties of the Department of Education and Early Development."**

3 **BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:**

4 **\* Section 1.** AS 14.30.360(a) is amended to read:

5 (a) Each district in the state public school system shall be encouraged to  
6 initiate and conduct a program in health education for kindergarten through grade 12.  
7 The program should include instruction in physical health and personal safety  
8 including alcohol and drug abuse education, [CARDIOPULMONARY  
9 RESUSCITATION (CPR),] early cancer prevention and detection, dental health,  
10 family health including infant care, environmental health, the identification and  
11 prevention of child abuse, child abduction, neglect, sexual abuse, and domestic  
12 violence, and appropriate use of health services.

13 **\* Sec. 2.** AS 14.30 is amended by adding a new section to read:

14 **Sec. 14.30.363. Cardiopulmonary resuscitation education.** The department

1 shall adopt curricula to instruct public school students on hands-only cardiopulmonary  
2 resuscitation. The department shall determine which grade levels are required to  
3 receive instruction under this section and adopt curricula that is appropriate for each of  
4 those grade levels. A person holding a current cardiopulmonary resuscitation  
5 instructor certificate, a license or certificate to provide emergency medical services  
6 under AS 18.08.082, or a current teacher certificate issued under AS 14.20 may  
7 present the curriculum to students. Each public school providing instruction to  
8 students in grades for which this curriculum has been adopted shall offer the  
9 instruction. The curricula must

- 10 (1) be based on current national, evidence-based emergency  
11 cardiovascular care guidelines for cardiopulmonary resuscitation;  
12 (2) incorporate hands-on practice in addition to cognitive learning;  
13 (3) include instruction in the appropriate use of an automated external  
14 defibrillator, which may be taught using video or other means if in-person instruction  
15 is not available.
