FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

Analysis

The bill enhances procurement preferences for the state, municipalities, and school districts for agricultural and fisheries products harvested or processed within Alaska. It raises the percentage above similar outside products where the state or municipality shall purchase Alaska-produced products from 7% to 10% and raises the percentage above where the state or municipality may purchase Alaska-produced products from 15% to 25%.

Adjusting thresholds does not create additional work or costs for the department. This is a zero dollar fiscal note.
