## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2026 LEGISLATIVE SESSION**Analysis**

This bill establishes a new health facility licensing category for Complex Care Residential Homes (CCRHs), addressing a critical gap in Alaska's care continuum for individuals with complex needs. The CCRHs will provide long-term, multidisciplinary care in a structured and supportive residential environment for individuals with severe emotional, behavioral, cognitive disorders, but who do not qualify for traditional intermediate care facilities (ICFs).

Currently, Alaska lacks a statutory mechanism to support facilities tailored to meet these needs. Many individuals with complex needs such as severe and persistent mental illness or other co-occurring disorders are placed in assisted living homes, Psychiatric Residential Treatment Facilities (PRTFs), or acute psychiatric hospitals like the Alaska Psychiatric Institute (API). This bill introduces a solution for both adults and children by bridging the gap between higher-acuity inpatient settings like PRTFs and home-based care, providing a safe and supportive intermediary option that promotes long-term stabilization and community reintegration.

The CCRHs will serve several subpopulations, including children who have cycled through PRTFs and who struggle to transition directly to home settings, adults with severe behavioral health needs exceeding the scope of existing community programs, and individuals with dementia exhibiting behaviors unsuitable for traditional long-term care options. These homes will provide services equivalent to those of ICFs but for individuals who do not have a qualifying disability, ensuring a comprehensive system of care.

Implementation will require collaboration across the Department of Health to establish eligibility criteria, define services, develop an assessment tool to determine the appropriate level of care, and establish licensing and regulatory standards.

New regulations will need to be developed for this facility type.

**Financial Breakdown**

The Division of Behavioral Health will need one Health Program Manager 2 beginning in year one to assist in program development, create licensing fees and regulations, forms, training, and other necessary framework to support this new facility type.

One full-time Health Program Manager 2 (including benefits): range 19, Anchorage, will be needed at a cost of \$139.6 annually.

Services: Office space, phone, reimbursable service agreements for position support: \$20.0 annually.

Commodities: Office supplies \$2.0 annually, beginning in FY2028.

One-Time Commodities Cost: \$5.0 one-time, in FY2027, for computer, software, and office equipment.

Costs will be reimbursed by the federal government at 50 percent.
