FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

Analysis

This bill allows a sale of shares from the Alaska Commercial Fishing and Agricultural Bank (CFAB) to the Department of Commerce, Community, and Economic Development (DCCED) in an amount to be determined by legislative appropriation. The bill sets term and interest rate requirements for refinanced or newly originated loans. The bill requires the Division of Banking and Securities to review the newly refinanced or originated loans to confirm that all funds acquired through the stock sale are used on refinances or newly originated loans.

This bill requires the DCCED to audit and review a list provided by CFAB of each loan originated or refinanced within 120 days after submission to the department.

If this legislation passes, the Division of Banking and Securities anticipates some fiscal impact relating to the review and audit required of this bill, which will be absorbed with existing staff and authority.
