FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION**Analysis**

This bill raises the minimum age for an individual to purchase, sell, exchange, or possess products containing tobacco, nicotine, or an electronic smoking product from 19 years of age to 21 years of age. It also adds internet sales restrictions for selling products containing tobacco, nicotine, or electronic smoking products.

The bill expands the licensing and taxation framework under Alaska Statute 43.50 by adding electronic smoking products to the list of items a licensee may not sell if their license is suspended or revoked. Additionally, it requires persons or common or contract carriers to verify an individual's age before shipping cigarettes, nicotine, or electronic smoking products and mandates that the recipient be licensed under Alaska Statute 43.50.

This bill establishes new class A misdemeanor crimes for shipping tobacco products in violation of the bill's requirements and for unlawfully shipping, causing to be shipped, or transporting an electronic smoking product.

The Department of Public Safety, Division of State Troopers, is responsible for enforcing state law. While this bill creates additional misdemeanor offenses, the Department of Public Safety does not anticipate a fiscal impact and is therefore submitting a zero-dollar fiscal note.
