Approved By:	Karen Morrison, Deputy Commissioner	Date:	01/29/25
Agency:	Department of Education and Early Development		

FISCAL NOTE ANALYSIS

STATE OF ALASKA
2025 LEGISLATIVE SESSION

Analysis

The bill amends the per student amount in AS 14.09.010 for district pupil transportation grants to increase by approximately 20 percent over the current statutory rate as adjusted based on a CPI through FY2016 (ref. SB57 (Chapter 69, SLA 2013)). The new language also removes Tanana from the list, reflecting the dissolution of Tanana as a separate district. The projected increase in pupil transportation costs in FY2026 is \$14,517.2.

The funding mechanism for AS 14.09.010 grants is a general fund transfer to the Public Education Fund (PEF). The fiscal note effect for FY2026 through FY2031 is reported in the fiscal note for the PEF, as the funding is deposited to the PEF, not into the Pupil Transportation funding component. The above analysis is presented here for explanation purposes only.

The bill also adds language that the department shall, through regulation, establish a student transportation plan for students that apply are accepted to attend a school or school district outside of the student's local school or district boundary area. The department anticipates the most effective way to implement these transportation plans will be to integrate with and add to district student transportation programs; however, it may be necessary for the department to directly enter into transportation agreements or in-lieu of agreements as these will be added routes and costs on top of the existing to-and-from transportation routes funded through AS 14.09.010 grants. The exact scope and needs to be met by the student transportation plan cannot currently be known, this fiscal notes projects an estimated cost of \$3,366.3. This amount was determined based on one percent of the total average daily membership (ADM) participating at a daily rate of \$15 (whole dollars) per day for a 180-day school term (see table below). Projected costs would be adjusted in the out years based on actual program usage.

Projected FY2026 Total ADM	124,679.35
1% ADM Estimated Participation	1,246.79
Daily Rate (whole dollars)	\$ 15
Total Days (School Term)	<u>180</u>
Projected Cost (whole dollars)	<u>\$ 3,366,342</u>

The effective date for these provisions is July 1, 2026 (FY2027).
