FISCAL NOTE ANALYSIS

STATE OF ALASKA
2026 LEGISLATIVE SESSION

Analysis

This legislation requires an assessment of a 10.5% annualized interest rate on any State of Alaska contract payment that is later than 30 days past the invoice date. This provision also applies to non-profit, municipal, or Alaska Native organization grant payments that are not issued within 30 days of request. Both situations allow the state to temporarily withhold payment, without penalty, if conditions of the contract or grant are not being met at the time the payment request is made.

The Department of Health assessed current obligations and any late payments for FY2025. For contracts, the department determined that on average contract invoices were paid within 39 days within the Health Care Services Division, which provides oversight of Medicaid Services contracts. Invoices for contracts are evaluated and approved within each division. Workload, training, and overall capacity within the division impacts timely grant initiation and invoice payments.

It is important to note that no federal award dollars can be used for interest or fee payments, and the department would need to use state fund sources if interest penalties were incurred under this bill. Since interest and penalties cannot be paid with federal funds, and since federal funds comprise the majority of the department's budget, the department would require positions to increase administrative capacity to meet the requirements of this legislation.

Based on FY2025 payment timeline data, the Division of Behavioral Health will be assessed \$136.2 in interest penalties if this legislation goes into affect. The department considered whether a position request would better support the intent of this legislation and determined that the interest penalty cost would be less than the cost of a new position.

A new position would cost \$173.5 in FY2027 and \$160.5 in future years. Interest penalties would cost less.
