## FISCAL NOTE ANALYSIS

STATE OF ALASKA  
2026 LEGISLATIVE SESSION

## Analysis

This legislation requires an assessment of a 10.5% annualized interest rate on any State of Alaska contract payment that is later than 30 days past the invoice date. This provision also applies to non-profit, municipal, or Alaska Native organization grant payments that are not issued within 30 days of request. Both situations allow the state to temporarily withhold payment, without penalty, if conditions of the contract or grant are not being met at the time the payment request is made.

The Department of Health assessed current obligations and any late payments for FY2025. For contracts, the department determined that on average contract invoices were paid within 65 days within the Public Assistance Division.

Workload, training, and overall capacity within the division impacts timely grant initiation and invoice payments.

It is important to note that no federal award dollars can be used for interest or fee payments, and the department would need to use state fund sources if interest penalties were incurred under this bill. Since interest and penalties cannot be paid with federal funds, and since federal funds comprise the majority of the department's budget, the department would require positions to increase administrative capacity to meet the requirements of this legislation.

To effectively manage the division's contracts and avoid what calculates to be an estimated \$841.8 interest penalty resulting from late payments to contractors, a position would be necessary to manage accounts payable, grant payments, and funding balances within the state accounting system.

Add Accountant 3, Juneau, range 17, step C: \$137.5

Services: \$22.0

Commodities: Year 1 - \$14.0, Year 2+ \$1.0

The position would comprise of 55 percent federal and 45 percent general fund match.
