

HOUSE JOURNAL
ALASKA STATE LEGISLATURE
THIRTY-FOURTH LEGISLATURE
SECOND SESSION

Juneau, Alaska

Monday

March 30, 2026

Seventieth Day

Pursuant to adjournment the House was called to order by Speaker Edgmon at 10:51 a.m.

Roll call showed 38 members present. Representatives Jimmie and D. Nelson had been excused from a call of the House today.

The invocation was offered by the Chaplain, Reverend Rebecca Bernard, Unitarian Universalist Minister. Representative Story moved and asked unanimous consent that the invocation be spread on the journal. There being no objection, it was so ordered.

With the deepest respect for the religious beliefs of all Alaskans, I invite you into a moment of reflection and prayer:

Spirit of life and love, infinite mystery that suffuses all that is, we offer our gratitude and our deep wonder at the marvels of this life on Earth. In this time of generous light and warming sun, we are especially grateful for signs that the earth is preparing to bloom anew. We know that we are held in the reliable, steady rhythm of the seasons turning and returning, and for this we give our utmost thanks.

On this Monday morning, we pray for this respected body as it prepares to begin a fresh week of deliberating on behalf of the people and State of Alaska. May this work be guided by caring and compassionate hearts, by open and curious minds, and by a search for solutions to our beloved state's challenges that will uplift each one of us and foster the thriving of our

whole Alaska community. This is sacred work, and we pray that it will be nourished by the appreciation and attention of all whom it serves.

In the name of all that is holy, we pray. Amen, and may it be so.

The Pledge of Allegiance was led by Representative Eischeid.

CERTIFICATION OF THE JOURNAL

Representative Kopp moved and asked unanimous consent that the journal for the 67th, 68th, and 69th legislative days be approved as certified by the Chief Clerk. There being no objection, it was so ordered.

* Sec. 2. AS 43.20 is amended by adding a new section to read:

Sec. 43.20.151. Artificial intelligence businesses.

(a) A taxpayer that is a large artificial intelligence business is subject to a tax on in-state gross receipts derived from artificial intelligence services, in addition to any tax imposed under this chapter.

(b) Tax rates. The tax imposed under this section shall be applied on a progressive basis as follows:

(1) 7.5 percent of in-state gross receipts between \$1,000,000 and \$5,000,000;

(2) 15 percent of in-state gross receipts between \$5,000,001 and \$25,000,000;

(3) 22.5 percent of in-state gross receipts exceeding \$25,000,001.

(c) Applicability thresholds. This section applies only to a taxpayer that

(1) has annual global gross revenue exceeding \$500,000,000; and

(2) derives at least \$1,000,000 in annual gross receipts from sources within the state.

(d) Apportionment of in-state gross receipts. For purposes of this section, gross receipts are attributable to this state if

(1) the service is delivered to a user located in the state;

(2) the taxpayer uses data collected from users located in the state; or

(3) the computation, data processing, or model training occurs on infrastructure located in the state.

The department may adopt regulations to reasonably approximate in-state receipts when they cannot be precisely determined.

(e) Definitions. In this section,

(1) “artificial intelligence services” means the development, training, deployment, or operation of machine learning models, generative AI systems, or automated decision systems provided to users or customers;

(2) “large artificial intelligence business” means a taxpayer meeting the thresholds in (c) of this section;

(3) “in-state gross receipts” means revenue derived from users, customers, data, or infrastructure located in the state.

(f) Regulations. The department may adopt regulations necessary to implement this section, including regulations to ensure compliance with constitutional requirements for interstate commerce and fair apportionment.

Renumber the following bill sections accordingly.

Representative Gray moved and asked unanimous consent that Amendment No. 3 be adopted.

Representative Stapp objected.

Representative Hannan, citing Section 101 of Mason's Manual, rose to a point of order.

Amendment No. 4 was offered by Representative Gray:

Page 22, following line 1:

Insert a new section to read:

* Sec. 2. AS 43.20 is amended by adding a new section to read:

Sec. 43.20.152. Restrictions on artificial intelligence use in nuclear activities.

(a) Prohibition. A business may not, within the state, engage in conduct described in this section.

A business may not develop, deploy, sell, license, direct, or cause an artificial intelligence system to:

- (1) design, assist in the design of, or simulate nuclear weapons;
- (2) operate, control, or materially influence nuclear weapons systems or nuclear command and control systems;
- (3) access, manage, generate, or transmit nuclear launch codes or nuclear command authorization systems; or
- (4) operate or control critical safety systems of a nuclear power facility.

An artificial intelligence system may not autonomously or semi-autonomously perform any activity described in (1) – (4) of this subsection.

(b) Responsibility and liability. A person that develops, owns, deploys, or controls an artificial intelligence system is strictly liable for violations of this section caused by that system, whether the violation is intentional, knowing, reckless, or the result of autonomous or semi-autonomous system behavior.

(c) Scope. This section applies to:

- (1) conduct occurring within the state; and
- (2) artificial intelligence systems deployed on infrastructure located within the state, regardless of where the operator is

located.

(d) Exceptions. This section does not apply to:

(1) activities conducted directly by the federal government or under a valid federal contract, to the extent that federal law preempts state regulation;

(2) academic or scientific research that does not involve operational deployment or real-world control of nuclear systems;

(3) cybersecurity, safety testing, or defensive analysis intended to identify or mitigate vulnerabilities in nuclear-related systems, if conducted in compliance with applicable federal law.

(e) Definitions. In this section,

(1) “artificial intelligence system” means a machine-based system that can, for a given set of objectives, generate outputs such as predictions, recommendations, or decisions influencing real or virtual environments, including systems capable of autonomous or semi-autonomous action;

(2) “autonomously or semi-autonomously” means operating with limited or no real-time human intervention;

(3) “nuclear weapons” includes any device designed to release energy from nuclear fission or fusion for military purposes;

(4) “nuclear command and control system” means any system used to authorize, direct, or execute the use of nuclear weapons;

(5) “nuclear power facility” means a facility that generates electricity through nuclear fission and includes associated safety and control systems.

(f) Enforcement; penalties.

(1) The attorney general may bring a civil action to enforce this section.

(2) A person who violates this section, including through the actions of an artificial intelligence system, is subject to:

(A) a civil penalty of not more than \$10,000,000 for each violation; and

(B) injunctive relief to prevent ongoing or imminent violations.

(3) Each day during which a prohibited act occurs or continues constitutes a separate and distinct violation for purposes of assessing civil penalties under this subsection.

(g) Regulations. The Department of Law may adopt regulations necessary to implement and enforce this section.

Renumber the following bill sections accordingly.
