

SENATE JOURNAL
ALASKA STATE LEGISLATURE
THIRTY-FOURTH LEGISLATURE
FIRST SESSION

Juneau, Alaska

Friday

March 28, 2025

Sixty-seventh Day

Pursuant to adjournment the Senate was called to order by President Stevens at 10:31 a.m.

The roll showed sixteen members present. Senators Merrick, Stedman, Tobin were excused from a call of the Senate. Senator Hughes was absent.

The prayer was offered by the Chaplain, Reverend Nancy Campbell, White Fields Church. Senator Hoffman moved and asked unanimous consent the prayer be spread. Without objection, it was so ordered.

Dear Heavenly Father,

Oh, Lord, of heaven and earth, I lift up my eyes to You and offer this prayer for the Senate. Be their guide today and let Your Presence abide here in this chamber.

"I pray, Lord, that You would be their keeper, the shade at their right hand. That the sun shall not strike them by day, nor the moon by night. That You would preserve them from all evil; and preserve their soul. That You would preserve their going out and their coming in from this time forth, and even forevermore." Psalms 121:5-8

I pray your blessing over them now as they reason together.

In Jesus' name,

Amen.

Senator Shower led the Senate in the Pledge of Allegiance.

SENATE BILL NO. 150 BY THE SENATE RULES COMMITTEE

was read the first time and referred to the Labor and Commerce and Finance Committees.

Fiscal Note No. 2, Department of Commerce, Community,
and Economic Development

Governor's transmittal letter dated March 27:

Dear President Stevens:

Under the authority of Article III, Section 18 of the Alaska Constitution, I am transmitting a bill to create a statutory net metering program, provide credits for participating consumer-generators, and establish a net metering reimbursement fund.

This legislation incentivizes renewable energy systems by requiring certain electric utilities to provide invoice credits to participating customers who install renewable energy generation systems that provide excess energy to the local grid. The bill allows an electric utility to offer credits to these "consumer-generators" without the rate reduction constituting an unreasonable preference or advantage under the utility statutes.

Through AS 42.05.395, load-serving electric utilities must provide a monthly credit to customers with an eligible renewable energy generation system equal to the excess electricity they produce, multiplied by the rate they would otherwise pay. Participating consumers can accrue bill credits over an annual cycle ending each March 31, at which point any unused credits expire.

Because these credits may reduce utility revenue, sections 2 and 3 establish a net metering reimbursement fund to allow utilities—subject to appropriation, Regulatory Commission of Alaska regulations, and an application process overseen by the Alaska Energy Authority—to recover lost revenue without raising rates.

I urge your prompt and favorable action on this measure.

Sincerely,

/s/

Mike Dunleavy
Governor

SB 151

SENATE BILL NO. 151 BY SENATOR BJORKMAN, entitled:

"An Act relating to head lice in public schools."

was read the first time and referred to the Education and Finance Committees.
