Messages from the Governor

HB 69

Letter dated April 17 was received:

Dear President Stevens:

Under the authority vested in me by Article II, Section 15, of the Alaska Constitution, I have vetoed the following bill:

SCS CSHB 69(FIN)

“An Act relating to the base student allocation; and providing for an effective date.”

I have vetoed SCS CSHB 69(FIN) for the following reasons:

Senate leadership and I concur that the State’s fiscal outlook has deteriorated significantly in the face of decreasing oil prices, thus revenue, and potential reductions in federal funding as well. While we agree that additional funding for education is necessary, the fiscal reality dictates that the amount put forward match this reality. The amount put forward in this bill does not.

Many Alaskans also agree that we need to improve educational outcomes in our schools to ensure that Alaska’s young people receive the best education that we can provide. With 34 days left in the

legislative session, there is still plenty of time to agree upon a bill that contains both needed funding and educational policy. To that end, we are prepared to continue to work with the legislature and stakeholders to agree to a bill as soon as possible that addresses the concerns of Alaskans.

Sincerely,

/s/

Mike Dunleavy
Governor

Governor's transmittal letter dated April 17:

Dear President Stevens:

Under the authority of Article III, Section 18 of the Alaska Constitution, I am transmitting a bill to expand open enrollment, strengthen charter school processes, increase the base student allocation, and improve accountability.

Key provisions include:

- Open Enrollment: Students may attend any public school in the state—inside or outside their home district—subject to capacity limitations.
- Charter School Reforms: Streamlines the charter process by allowing year-round applications to the State Board of Education & Early Development; shortens the timeline for appeals of denied applications; codifies essential contractual and procedural safeguards; and permits charter schools to retain a portion of their year-end fund balance.
- Base Student Allocation Increase: The per-student funding rate is increased to align with the state's fiscal reality.
- Reading Proficiency Incentive Grants: Schools earn incentive grants when their K–6 students meet—or make significant progress toward—grade-level reading benchmarks.

- Funding for Correspondence: Support for public correspondence programs is increased to 100 percent of each district's average daily membership.
- Wireless Device Policy: To address classroom distractions, districts must adopt clear, enforceable policies governing student use of smartphones and other personal devices.

By combining open enrollment, charter reforms, targeted investments, and accountability measures, this bill will drive measurable improvements in student outcomes. I respectfully request your prompt and favorable consideration of this measure.

Sincerely,

/s/

Mike Dunleavy
Governor
