9 ASSEMBLED:

10 WHEREAS, it is extremely important to the future of Alaska

13 nation from a comparatively small outlay by developing and en-  
14 couraging farming and husbandry in Alaska; and

15 WHEREAS, the Glennallen-Copper Center area is one of the two  
16 major areas of Alaska presently suited for farms, and is now being  
17 opened up for development; and

18 WHEREAS, the other major agricultural area is served by an  
19 agricultural station at Palmer, which is too distant to be of real  
20 benefit to the inhabitants of the Glennallen-Copper Center area;  
21 and

22 WHEREAS, the establishment of an agricultural station in that  
23 area could, by discovering and developing strains of plants and  
24 animals particularly suited to the area, materially assist its  
25 development, and therefore that of the state;

26 BE IT RESOLVED by the Senate in Second Legislature, First  
27 Session assembled, that the Department of Agriculture of the  
28 United States be respectfully urged to establish an agricultural
