6 For an Act entitled: "An Act authorizing certain cities and boroughs to

8 to enter into leases of its real property for that
9 purpose; and providing for an effective date."

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

11 * Section 1. DECLARATION OF INTENT. It is hereby declared, determined
12 and found by the legislature that:

13 (1) there exists a need for an additional means of providing
14 for the acquisition and construction of public buildings and facilities
15 for cities and boroughs for joint or separate use; and

16 (2) in the light of other capital demands upon cities and
17 boroughs, it is necessary and desirable to authorize the financing of
18 public buildings and other facilities to be undertaken by corporations,
19 with the buildings and facilities leased to boroughs and cities with
20 rent paid for the use and occupancy of the same on an annual basis, when
21 appropriated, and under other terms and conditions necessary so that the
22 interest on the borrowings by the corporations will be exempt from fed-
23 eral income tax.

24 * Sec. 2. AS 29.10 is amended by adding a new section to read:

25 Sec. 29.10.134. LEASING OF PUBLIC BUILDINGS AND FACILITIES. (a)

26 A city or borough may by ordinance authorize and enter into a lease or
27 sublease, as lessee or sublessee, of a public building or other public
28 facility, including the real property upon which the building or
29 facility is located, with any Alaska corporation organized for the

1 purpose of financing a public building or facility or with any other
2 political subdivision, as lessor, for a term not to exceed 50 years.
3 The lease may be entered into jointly by a city and borough, as lessees,
4 or on a lease and sublease basis, and provide for the obligation between
5 the parties to pay rent, be in the form and contain other provisions,
6 including, but not limited to, provisions respecting the use of the
7 public building or facility, which the parties consider necessary or
8 desirable.

9 (b) A lease under this section shall provide that

10 (1) full legal title to the public building or facility which
11 is the subject of the lease shall remain or vest absolutely in the
12 lessee or lessees upon the retirement of any indebtedness issued by
13 the corporation to acquire or construct the building or facility, or at
14 the end of the lease term, whichever first occurs;

15 (2) an obligation assumed by or imposed upon any lessee
16 shall not require the performance of an act by a lessee, including but
17 not limited to the payment of rent, except to the extent that the cost
18 and expense of the performance including the payment may have been
19 provided for before the time of the performance or payment, from money
20 then legally available for the payment or performance and that the
21 liability of a lessee for payment of an annual installment of rent as
22 it becomes due shall be in consideration of the right of the lessee,
23 whether or not exercised, to occupy and use the building and facility
24 for the period of time for which rent is paid; and

25 (3) that the corporation borrowing money to acquire or
26 construct a public building or facility for lease to a city or borough,
27 and the specific obligations of the corporation issued to finance the
28 public building or facility under the provisions of this section are
29 approved by the governing body of the city or borough.

1 (c) For purposes of this section only, a city or borough may by
2 ordinance authorize and enter into a lease of real property owned by it
3 to a corporation financing a public building or facility under this
4 section. The lease is not subject to the provisions of sec. 132(c) of
5 this chapter.

6 (d) Nothing in this section authorizes a city or borough to incur
7 debt or borrow money.

8 (e) This section applies only to cities with a population in
9 excess of 30,000 persons as shown by the latest federal census and to
10 the borough in which the cities are located.

11 * Sec. 3. AS 07.15.010 is amended by adding a new paragraph to read:

12 (13) in the case of a first or second class borough qualify-
13 ing under AS 29.10.134(e), to lease or sublease public buildings and
14 facilities and in addition enter into leases of its real property for
15 that purpose as provided in AS 29.10.134(a) - (e).
