6 For an Act entitled: "An Act relating to the new Alaska capital and in
7 connection therewith: establishing an Alaska Capital
8 City Development Corporation and providing for its
9 powers; authorizing the question of issuance of
10 general obligation bonds in the amount of \$966,000,000
11 over the period extending from 1979 through 1994, for
12 the purpose of paying capital costs of the new
13 Alaska capital to be placed before the voters;

16 and the Alaska Municipal Bond Bank Authority Act;
17 authorizing loans to the Alaska State Housing Autho-
18 rity for housing for lower income persons; establish-
19 ing a new capital city and providing for its powers;
20 and providing for an effective date."

21 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

22 * Section 1. AS 44 is amended by adding a new chapter to read:

23 CHAPTER 63. ALASKA CAPITAL CITY DEVELOPMENT CORPORATION.

24 ARTICLE 1. SHORT TITLE, LEGISLATIVE FINDINGS,
25 TERRITORIAL JURISDICTION.

26 Sec. 44.63.005. SHORT TITLE. This chapter may be cited as the
27 Alaska Capital City Development Corporation Act.

28 Sec. 44.63.010. LEGISLATIVE FINDINGS. (a) The legislature
29 finds that:

1 (1) pursuant to AS 44.06.100, adopted by initiative and
2 effective December 11, 1974, the capital site of the State of Alaska
3 is to be moved to a site chosen by the qualified voters of the state;

4 (2) pursuant to a vote of the people on November 2, 1976, a
5 capital site was selected in an area located in the Matanuska-Susitna
6 Borough generally known as Willow;

7 (3) pursuant to AS 44.06.160, the legislature was charged
8 with planning for a new capital city in the area so chosen;

9 (4) pursuant to AS 44.06.200, et seq., the legislature
10 established the New Capital Site Planning Commission and required it
11 to present a detailed development plan for the new capital site within
12 the guidelines set forth in AS 44.06.200 -- 44.06.260. The plan was
13 to include recommendations for an appropriate planning and development
14 entity responsible for capital city development, and for the powers
15 and authority of the development entity;

16 (5) the New Capital Site Planning Commission recommends
17 that the development entity be a public corporation constituting an
18 instrumentality of the state within the Department of Community and
19 Regional Affairs but having a legal existence separate and apart from
20 the state;

21 (6) the relocation of the capital site of the State of
22 Alaska to the new capital site, as mandated by the people of the
23 state, and the establishment of a development entity as provided in
24 this chapter are subjects of statewide concern requiring the enactment
25 of this chapter;

26 (7) the relocation of the capital site of the State of
27 Alaska requires the cooperation of all state agencies and the coordi-
28 nation of efforts through the development entity established by this
29 chapter.

1 Sec. 44.62.015. LEGISLATIVE FINDINGS AS TO CORPORATION AND OTHER
2 PROVISIONS. (a) It is in the best interests of the state to create a
3 public corporation with the powers set forth in this chapter to assure:

4 (1) that the necessary governmental facilities at the new
5 capital city area are constructed in a manner and in time to assure
6 the efficient and orderly operation of state government;

7 (2) that the necessary housing for the residents of the new
8 capital city area is available on a basis consistent with the schedule
9 for transfer of the departments of government;

10 (3) that the necessary public facilities are provided in
11 time to accommodate the new residents of the capital city area and all
12 citizens having business with state government, and in a manner to
13 accommodate future growth of the area;

14 (4) that due consideration is given to the social, economic
15 and environmental aspects of the new capital city which affect the
16 Matanuska-Susitna Borough and to the social, economic and environmental
17 conditions to prevail within the capital city area;

18 (5) that the planning, design and construction of the
19 governmental and public facilities, and residential housing proceed on
20 a coordinated and expedited basis so that the departments of govern-
21 ment can provide essential governmental functions for the health,
22 safety and welfare of the citizens of the state at the capital city
23 without interruption.

24 (b) It is further in the best interests of the state to:

25 (1) expand the purposes of the Alaska Housing Finance
26 Corporation (AS 18.56) to make residents of the capital city area
27 eligible for lower interest rate residential mortgage financing by the
28 Alaska Housing Finance Corporation without regard to income limita-
29 tions;

1 (2) provide funding through the Alaska State Housing Autho-
2 rity (AS 18.55) for an adequate supply of housing for lower income
3 residents of the capital city area;

4 (3) provide a means for funding the administrative and
5 capital costs associated with development of the new capital through
6 loans from the general fund;

7 (4) provide that the voters at the next general election of
8 the state determine the question of the issuance of general obligation
9 bonds of the state to pay capital costs of the new Alaska capital with
10 the specific legislative intention stated that a maximum amount of
11 bonds be issued in each of the years 1979 to 1994, as hereinafter set
12 forth; and

13 (5) assist the capital city created by AS 29.18.530 to
14 issue bonds to pay the capital costs of the utilities and facilities
15 to be transferred to it and other capital costs incurred by it by
16 authorizing the creation of a special reserve account of the Alaska
17 Municipal Bond Bank Authority (AS 44.58) to secure bonds of the
18 capital city.

19 ARTICLE 2. ESTABLISHMENT OF CORPORATION, POWERS.

20 Sec. 44.63.020. ALASKA CAPITAL CITY DEVELOPMENT CORPORATION.

21 (a) There is created the Alaska Capital City Development Corporation.
22 The corporation is a public corporation and governmental instrumen-
23 tality of the state within the Department of Commerce and Economic
24 Development, but has a legal existence independent of and separate
25 from the state. The exercise by the corporation of the powers con-
26 ferred by this chapter is considered an essential governmental function
27 of the state.

28 (b) The corporation is governed by a board of directors which
29 consists of the following eleven members. The commissioner of commerce

1 and economic development and the mayor of the Matanuska-Susitna Borough
2 are directors ex officio with voting privileges. The governor shall
3 appoint nine additional directors (herein called "appointed directors").
4 Three of the appointed directors may be full time elected or appointed
5 employees or officials of the state or of any municipality (other than
6 state legislators), and six appointed directors shall be other than
7 full time elected or appointed employees or officials of the state or
8 of any municipality. The governor shall appoint the appointed directors
9 with due regard to their expertise and experience in areas relevant to
10 public and private planning, development, finance, marketing, the
11 general public interest and state and municipal government. The
12 governor may further designate three commissioners of principal depart-
13 ments of state government to attend and participate in meetings of the
14 board. The three commissioners so designated shall not have a vote.
15 The appointed directors must be residents and qualified voters of the
16 state. The appointed directors serve at the pleasure of the governor.
17 The appointed directors first appointed shall serve for staggered
18 terms, as follows: two shall serve for one year, two shall serve for
19 two years, two shall serve for three years, two shall serve for four
20 years and one shall serve for five years as specified in the appointment
21 by the governor. The governor shall designate one of the appointed
22 members as chairman of the board of directors. Each subsequent
23 appointed director appointed serves for a term of four years. Each
24 appointed director holds office for the term of his appointment and
25 until his successor has been appointed and qualified. A vacancy in a
26 directorship occurring other than by expiration of term shall be
27 filled in the same manner as the original appointment but only for the
28 unexpired term. The chairman shall call the initial meeting of the
29 board of directors within 30 days after taking office. Pending appoint-

1 ment by the governor of the full board of directors and the holding of
2 the initial meeting, the New Capital Site Planning Commission appointed
3 pursuant to AS 44.06 shall govern the corporation with the same legal
4 effect as if the commission were the board of directors. The members
5 of the commission acting in the capacity of governing the corporation
6 shall have the voting rights fixed in AS 44.06 for commission members.

7 (c) The board of directors shall elect a vice-chairman from
8 among its membership. The board shall appoint a person to serve as
9 executive director and general manager who is the chief executive
10 officer of the corporation and serves at the pleasure of the board.
11 The executive director and general manager may not be a member of the
12 board of directors of the corporation. The board of directors may
13 appoint any other officers as may be specified in the by-laws of the
14 corporation, with the powers and duties as set forth therein. The
15 corporation may hire such employees and staff, and may retain indepen-
16 dent legal counsel, bond counsel, agents, advisors, consultants,
17 independent contractors or others in addition to or in lieu of such
18 employees and staff, as may be deemed necessary or appropriate to
19 carry out the purposes of the corporation. Officers and employees of
20 the corporation are in the exempt service under AS 39.25. Agents,
21 legal counsel, bond counsel, advisors, consultants and independent
22 contractors shall be hired in accordance with the provisions of AS
23 36.010.010 except where compliance therewith would in the judgment of
24 the board impede, hamper or delay the scheduled implementation of the
25 general development plan or any specific development plan.

26 (d) A majority of the directors of the corporation constitutes a
27 quorum for the transaction of any business or the exercise of any
28 power of the corporation unless otherwise required by this chapter.
29 The vote of a majority of the directors is necessary to approve any

1 action or matter of the corporation. The corporation may establish
2 procedures providing for meeting or for participation in a meeting by
3 any one or more absent directors by simultaneous telephone communication
4 to take necessary action when, in the judgment of the chairman,
5 weather or other conditions make a meeting in person difficult or
6 impossible. Any such meeting has the same legal force and effect as a
7 meeting in person. A vacancy in any directorship of the board does
8 not impair the right of a quorum to exercise all the powers and perform
9 all the duties of the board of directors.

10 (e) The appointed directors of the corporation shall receive
11 such compensation as the board may fix not to exceed \$200 a day, or
12 any greater amount as the governor may fix not to exceed \$500 a day,
13 for their services to the corporation, as well as reimbursement for
14 their actual and necessary expenses incurred in the performance of
15 their duties as directors. The executive director and general manager
16 and other officers of the corporation who are appointed pursuant to
17 the by-laws shall each receive such salary as the board of directors
18 may determine for their services.

19 (f) The appointed directors may engage in public or private
20 employment or in any profession of business except as otherwise pro-
21 vided by law.

22 (g) Notwithstanding any other law, an officer or employee of the
23 state, any municipality or any agency thereof need not forfeit his
24 office or employment by reason of his employment by the corporation.

25 (h) (1) Meetings of the board of directors are governed by the
26 provisions of AS 44.62.310 and 312 (the Administrative Procedures Act)
27 as to the requirements for open meetings and executive sessions; in
28 all other respects the Administrative Procedures Act (AS 44.62) does
29 not apply to this chapter.

1 (2) The board may adopt rules and regulations by resolution
2 pursuant to the method fixed in this subsection.

3 (3) Except as provided in (4) of this subsection, at least
4 15 days before the adoption, amendment, or repeal of regulations, the
5 board shall give public notice of the proposed action by publishing
6 the notice in at least three newspapers of general circulation in
7 Anchorage, Fairbanks and Juneau, and by mailing a copy of the notice
8 to every person who has filed a request for notice of proposed regula-
9 tions with the corporation. The public notice shall include a state-
10 ment of the time, place and nature of the proceedings for the adoption,
11 amendment or repeal of the regulations and shall include an informative
12 summary of the proposed subject of the regulations. On the date and
13 at the time and place designated in the notice, the board shall give
14 each interested person or his authorized representative, or both, the
15 opportunity to present oral statements, arguments, or contentions for
16 a total period of at least one hour. The board shall consider all
17 relevant matter presented to it before adopting, amending or repealing
18 a regulation. At a hearing under this subsection, the board may
19 continue or postpone the hearing to the time and place which it
20 determines. A regulation which is adopted, amended or repealed may
21 vary in content from the informative summary specified in this subsec-
22 tion if the subject matter of the regulation remains the same and the
23 original notice was written so as to assure that members of the public
24 are reasonably notified of the proposed subject of the board's action
25 in order for them to determine whether their interests could be
26 affected by the board's action on that subject.

27 (4) A regulation or order of repeal may be adopted as an
28 emergency regulation or order of repeal if the board makes a finding
29 in its order of adoption or repeal, including a statement of the facts

1 which constitute the emergency, that the adoption of the regulation or
2 order of repeal is necessary for the immediate preservation of the
3 orderly operation of the corporation's programs. The requirements of
4 (3) of this subsection do not apply to the initial adoption of emer-
5 gency regulations; however, upon adoption of an emergency regulation,
6 the board shall, within 10 days after adoption, give notice of the
7 adoption in accordance with (3) of this subsection. No emergency
8 regulation adopted under this paragraph shall remain in effect more
9 than 120 days unless the board complies with (3) of this subsection
10 during the 120-day period.

11 (5) A regulation adopted under (3) or (4) of this subsec-
12 tion shall become effective immediately upon its adoption by the
13 board, unless otherwise specifically provided by the order of adoption.

14 (6) The corporation shall make available to members of the
15 public copies of the rules and regulations adopted under (3) and (4)
16 of this subsection and shall file copies thereof in the office of the
17 lieutenant governor within 10 days following adoption.

18 (7) The corporation shall establish procedures providing
19 for newspaper publication and other notice of all meetings, sufficient
20 to adequately inform the public, which notice must include the subject
21 matter proposed to be acted on, and shall establish procedures provid-
22 ing for public participation at a portion of its meetings.

23 (i) The corporation and its corporate existence shall continue
24 until either it determines that its general development plan has been
25 completed or the capital city attains a population of 37,500 as certi-
26 fied by the department of community and regional affairs, whichever
27 occurs first. Not later than one year prior to the anticipated occur-
28 rence of the above events, the corporation shall recommend to the
29 legislature (i) whether its existence shall continue beyond either of

1 the events for further development of the capital city, and (ii) the
2 terms and conditions of the corporation's proposed continued existence.
3 In any event, the legislature shall review the question of the exist-
4 ence of the corporation not later than the year 2010 if it has not
5 earlier done so in connection with either of the preceeding events.
6 No law which terminates the corporation's existence or materially
7 alters its powers in a manner which adversely affects its capacity to
8 repay bonds, notes and other obligations outstanding may take effect
9 so long as any bonds, notes and obligations remain outstanding, unless
10 adequate provision has been made for their payment as provided in the
11 documents securing them. Upon the adoption of a resolution to termi-
12 nate its existence in accordance with this subsection at a meeting
13 held in accordance with the procedure set forth in Sec. 20(h) of this
14 chapter for adoption or repeal of a regulation, all of its rights,
15 properties and assets shall pass to and be vested in the state except
16 that adequate provision shall be made for all outstanding liabilities.

17 (j) As soon as practicable following the holding of the initial
18 meeting of the board of directors, the corporation shall establish a
19 development advisory board, to consider and advise the corporation
20 upon matters concerning the planning and development of, and provisions
21 of services and facilities in, the capital city area. The development
22 advisory board shall meet regularly and at least four times a year,
23 and shall also meet with the board of directors of the corporation at
24 least once each year. In appointing the members of the advisory
25 board, the board of directors shall consider representation of the
26 interests of municipalities of the state, other public and private
27 interests, state agencies, and public or private organizations, groups
28 or entities which the board of directors deem to be significantly
29 affected by the relocation of the capital of the state. The develop-

1 ment advisory board serves at the pleasure of the board of directors
2 without salary or other compensation, but shall be reimbursed for
3 their actual and necessary expenses incurred in the performance of
4 their duties as members of the board. Notwithstanding any other pro-
5 visions of law, no officer or employee of the state, any borough or
6 municipality or any agency thereof need forfeit his employment or
7 position by being a member of the development advisory board.

8 Sec. 44.63.025. POWERS OF THE CORPORATION. In addition to other

19 may not be amended.

20 (c) The corporation shall hold at least one hearing in each
21 judicial district of the state to receive comments from interested
22 parties on the general development plan proposed by the corporation.
23 Each public hearing shall be held in a separate municipality of the
24 state as selected in the discretion of the corporation after public
25 notice by publication in a newspaper of general circulation in that
26 municipality at least 30 days before the commencement of the hearing.

27 (d) Following the completion of public hearings, the board of
28 directors shall adopt the general development plan, which may be
29 approved with or without amendment from the proposed general develop-

1 ment plan, by at least two-thirds vote of all of the members of the
2 board upon a finding that the general development plan is in accord-
3 ance with and furthers the purposes of this chapter. The general
4 development plan as so adopted shall constitute the controlling docu-
5 ment and land use plan setting forth the major planning assumptions
6 and objectives for the development of the capital city area and shall
7 be effective on the date the corporation determines.

8 (e) Amendments to the general development plan may be made
9 pursuant to the same procedure set forth in this section for approval
10 of a general development plan, except that the corporation shall hold
11 at least one public hearing with respect thereto, publish notice of
12 the proposed amendments as it considers appropriate and invite written
13 comments thereon prior to adoption of the amendment. Amendments to
14 the general development plan shall be effective on the date the corpora-
15 tion determines.

16 Sec. 44.63.035. ADOPTION OF SPECIFIC DEVELOPMENT PLANS. (a)
17 Following adoption of the general development plan, the corporation
18 shall, at times determined appropriate by the corporation, cause to be
19 prepared one or more specific development plans which shall include,
20 but not be limited to, the following elements:

21 (1) A delineation of the area to be developed;

22 (2) A detailed and specific statement of the proposed uses
23 within the area to be developed, including proposed general locations
24 of all buildings and structures;

25 (3) A general description of the land use restrictions or
26 covenants to be placed on the area to be developed;

27 (4) A map of the existing and proposed transportation and
28 utility systems within the area;

29 (5) A statement of the methods by which the property within

1 the area may be disposed of;

2 (6) A statement of the relationship between the specific
3 development plan and the general development plan; and

4 (7) Additional statements or documentation as the corpora-
5 tion deems necessary or appropriate.

6 (b) Each specific development plan shall be approved by the
7 board of directors. Each specific development plan adopted shall
8 constitute the controlling document and land use plan for the area to
9 be developed. In acting upon a proposed specific development plan,
10 the board of directors shall be guided by the purposes of this chapter
11 and particularly:

12 (1) The degree to which the specific development plan is in
13 substantial conformity with the general development plan. If the
14 board of directors determines that the specific development plan under
15 consideration constitutes a substantial change from the general develop-
16 ment plan, the board shall consider the changed circumstances or other
17 factors which warrant a change from the general development plan as
18 previously approved. Any specific development plan constituting a
19 substantial change shall be subject to the same provisions that are
20 applicable to amendments to the general development plan pursuant to
21 subsection (d) of Sec. 30 of this chapter. Upon approval of such
22 specific development plan, the relevant portion of the general develop-
23 ment plan shall be deemed to be concurrently amended.

24 (2) The location and adequacy of all streets and highways,
25 transportation facilities, public utilities, community and recreational
26 facilities, and all public services necessary to serve the land uses
27 contemplated by the specific development plan.

28 (3) The effect of all proposed land uses within the specific
29 development plan upon adjacent land uses, whether existing or proposed,

1 located within or adjacent to the capital city area.

2 (c) Amendments to any specific development plan may be made
3 pursuant to the same procedure set forth in this section for approval
4 of a specific development plan.

5 Sec. 44.63.040. RELATIONSHIP OF CORPORATION, THE STATE AND MUNI-
6 CIPALITIES. (a) In effectuating the purposes of this chapter, the
7 corporation shall work closely with, consult and cooperate with the
8 state, the Matanuska-Susitna Borough, the capital city and all depart-
9 ments, agencies or instrumentalities of the same. In particular, the
10 corporation shall consult and cooperate with all state agencies in
11 order to assure the timely and coordinated relocation of state govern-
12 mental services, offices and staff from the city and borough of Juneau
13 or other areas of the state to the capital city area.

14 (b) All state agencies and all municipalities shall fully co-
15 operate with the corporation in planning or carrying out any of its
16 functions pursuant to the purposes of this chapter and may extend to
17 the corporation, with or without consideration, any function, service,
18 loan, grant or other form of assistance of the character which they
19 are empowered to render or perform and enter into contracts and agree-
20 ments with the corporation concerning all matters including, but not
21 limited to, the exercise, division, or sharing of powers. Upon the
22 corporation's request, any governmental entity may transfer to the
23 corporation any officers and employees it deems necessary from time to
24 time to assist the corporation in carrying out its functions and
25 duties under this chapter. Officers and employees so transferred
26 retain their status and rights as public employees and are compensated
27 by their employing agency which shall continue to exercise all of its
28 rights as employer.

29 (c) In addition to the agreement authorized by AS 29.18.640, the

corporation may enter into agreements with the capital city providing that the city furnish, as necessary, for the capital city area included in any development program which has not yet been completed, police, fire, sanitation, health protection and other municipal services as fixed in the agreements. The agreements may provide for payment by the corporation to the city of the costs of these services on a formula or other basis as may be fixed in the agreements. With respect to property owned by it and exempt from taxation pursuant to this chapter, the corporation, if it so elects, may make payments in lieu of taxes to the capital city in amounts which it deems appropriate to defray all or part of the costs of providing required services to such property.

(d) In implementing the development program, the corporation may enter into contractual agreements with any public agency for the furnishing of any facilities or services necessary or desirable for the development program, and any such public agency, notwithstanding any other law, may enter into these contractual agreements with the corporation and to do all things necessary to carry out its obligations under them.

(e) The corporation, on behalf of itself or in its own name on behalf of any contractor, subcontractor or other person performing work in connection with the general development plan, may file a master application as defined by the Environmental Procedures Coordination Act (AS 46.35) in order to obtain such permits as it may require. In order to allow work to go forward as expeditiously as possible pursuant to the general development plan, the procedures set forth in this subsection shall supercede the procedures set out in the Environmental Procedures Coordination Act. Upon filing a master application the corporation shall submit a schedule setting forth the date before

1 which each permit required must be issued in order to allow work to
2 proceed in accordance with the general development plan. Each permit
3 shall be either granted or denied no later than 60 days prior to the
4 date submitted with the master application. If the permit is neither
5 granted nor denied, it shall be deemed to have been granted and may
6 not be revoked without the prior approval of the governor. If any
7 permit is denied, the corporation may appeal the denial directly to
8 the governor who shall receive written submissions from the affected
9 agency and the corporation on an expedited basis and render a decision
10 either reversing the decision of the agency and granting the permit or
11 upholding the decision of the agency. No permit may be denied on the
12 ground that the affected agency has not had a sufficient opportunity
13 to make tests, studies, evaluations or other investigations. The
14 corporation and the Department of Environmental Conservation shall
15 cooperate in expediting the review process to the greatest possible
16 extent by consolidating hearings and otherwise avoiding a multiplicity
17 of written or oral submissions. No agency may demand as a condition
18 of commencing its investigations that the corporation bear the agency's
19 costs and expenses connected therewith. The corporation may amend the
20 master application at any time and from time to time and may seek
21 additional permits thereby. The corporation shall use its best efforts
22 to fully cooperate with all affected agencies and shall give all such
23 agencies complete access to the corporation's relevant documents and
24 records. To the extent that there is an inconsistency or conflict
25 between the provisions of this subsection and the Environmental Proce-
26 dures Coordination Act or with any other statute regarding the issuance
27 of permits, the provisions of this subsection shall control.

28 Sec. 44.63.045. ACQUISITION OF REAL PROPERTY. (a) The corpora-
29 tion may at any time acquire real property by negotiation with the

1 owners thereof.

2 (b) Upon making a finding that it is necessary or convenient to
3 acquire any real property or any interest therein located in the
4 capital city area, or outside the capital city area for the purpose of
5 providing any water, sewer, road, airport or other utility or facility
6 for the capital city area, for its immediate or future use, the cor-
7 poration may acquire such property in any lawful manner, including the
8 exercise of the power of eminent domain pursuant to the provisions of
9 AS 09.55.240, et seq. Any purpose for which the corporation proposes
10 to use such property is hereby declared a public use and the corpora-
11 tion may, in its discretion, file a declaration of taking and have
12 title and right vest in it as provided in AS 09.55.440 and as other-
13 wise provided by law.

14 Sec. 44.63.050. STATE LOANS. The commissioner of revenue may
15 loan to the corporation from surplus moneys in the general fund a sum
16 not to exceed \$153,000,000. Prior to any disbursement of the proceeds
17 of the loan, the commissioner of revenue, with the approval of the
18 governor, shall enter into a loan agreement with the corporation
19 providing for the terms of repayment of the loan over the period of
20 years and at the rate or rates of interest as may be fixed in the loan
21 agreement. The loan agreement may also provide for subordination of
22 the terms of repayment of the loan to notes or bonds of the corpora-
23 tion to be issued at a later date or dates, and shall provide for (1)
24 a periodic disbursement schedule of the loan proceeds consistent with
25 the progress of the general development plan of the corporation during
26 each fiscal year of the state and consistent with the projected
27 financial ability of the state to disburse loan proceeds in each
28 fiscal year, and (2) an annual or other periodic review procedure by
29 a committee consisting of four commissioners of principal departments

1 of state government appointed by the governor, and the commissioner of
2 revenue, to determine (A) whether the financial and economic projections
3 contained in the general development plan and specific development
4 plans are being fulfilled, and (B) whether the financial condition of
5 the state will accommodate each annual loan disbursement. The Legis-
6 lative Budget and Audit Committee shall make the same review provided
7 for in the agreement and report its findings to the committee. The
8 loan agreement shall provide that the recommendations of the committee,
9 based on the determinations made by the committee, shall govern the
10 amount of each loan disbursement.

11 Sec. 44.63.055. DISPOSITION OF PROPERTY. (a) The corporation
12 shall adopt regulations for the sale, lease or other disposal of
13 property under this chapter. After adoption of regulations and of one
14 or more specific development plans, the corporation may sell, lease or
15 otherwise dispose of, all or any portion of the property encompassed
16 by the plans to any person, firm, partnership, or corporation, either
17 public or private; upon such terms and conditions as it determines but
18 only if the board of directors specifically finds that the terms and
19 conditions of such sale, lease or other disposal arrangement are in
20 substantial conformity with the plans. Prior to the sale, lease or
21 other disposal of any property by the corporation public notice of the
22 intention of the corporation to do so shall be given by publication of
23 a general description of the terms thereof at least 10 days prior to
24 the sale, lease or disposal in a newspaper of general circulation in
25 the Third Judicial District.

26 (b) Notwithstanding any other law and subject to any agreement
27 with noteholders or bondholders, any sale, lease or other disposal
28 pursuant to subsection (a) of this section may be made without public
29 bidding or public sale, pursuant to a negotiated contract, agreement

1 or lease and containing any provisions, limitations, requirements,
2 terms and conditions as the corporation determines to be necessary or
3 desirable for the implementation of a specific development plan pro-
4 vided that public notice is given in accordance with (a) of this
5 section.

6 (c) The real property in the capital city area shall not be
7 subject to the provisions of the Alaska Land Act (AS 38.05).

8 Sec. 44.63.060. TRANSFER OF STATE OWNED REAL PROPERTY. The
9 legislature intends that all lands located within the capital city
10 area owned by the state or any state agency be transferred to the
11 corporation in order to permit the corporation to timely develop a
12 comprehensively planned new capital for the state in accordance with
13 the purposes of this Act. Accordingly, the commissioner of natural
14 resources and any other state official having jurisdiction over the
15 conveyance or transfer of state owned land shall, within 60 days from
16 the written request of the chairman of the corporation, transfer and
17 convey to the corporation all right, title and interest of the state
18 in all of the state lands, including lands under water, lying within
19 the capital city area. The said transfer and conveyance shall contain
20 such reservations to the state of all resources as may have been
21 required by Congress and shall provide for access to these resources.
22 Reservation of access shall not unnecessarily impair the owners' use,
23 prevent the control of trespass, or preclude compensation for damages.

24 Sec. 44.63.065. CONSTRUCTION CONTRACTS. (a) The corporation
25 shall adopt regulations pursuant to this chapter establishing proce-
26 dures for entering into agreements for construction of facilities and
27 improvements on all or any part of any development program. The
28 regulations shall provide for procedures for issuing public requests
29 for bids or proposals including the establishment of qualifications

1 for bidders for construction and may provide that (1) any construction
2 contract awarded by the corporation after bidding shall contain terms
3 and conditions as the corporation may fix, (2) the corporation may
4 reject any or all bids if in its sole judgment the business and techni-
5 cal organization, plant, resources, financial standing or experience
6 of the lowest bidder justifies such rejection in view of the work to
7 be performed, and (3) the corporation may waive any informality in a
8 bid if it believes that the public interest will be promoted thereby.
9 No construction contract to which the corporation is a party is subject
10 to the provisions of AS 35.15. The corporation's interest in any real
11 property is not subject to any claims under AS 34.35. No construction
12 contract shall be entered into requiring the expenditure of borrowed
13 funds unless the funds are in the hands of the corporation.

14 (b) Notwithstanding the provisions of subsection (a) hereof or
15 any other law, and subject to any agreement with noteholders or bond-
16 holders, the corporation may adopt regulations providing that it may,
17 when it finds that the bid process of (a) of this section would impede,
18 hamper or delay implementation of a development program or would
19 otherwise be detrimental to the financial objectives underlying the
20 development program, enter into a construction contract for all or any
21 part of a development program without public bidding or compliance
22 with the provisions of AS 35.15 and that such negotiated contract or
23 agreement may contain any provisions, limitations, requirements, terms
24 and conditions the corporation deems necessary or desirable for the
25 implementation of the development program. No such contract or agreement
26 except contracts or agreements for personal services or contracts or
27 agreements involving the expenditure of less than \$20,000 shall be
28 entered into unless the corporation has given public notice of its
29 intention to enter into the contract at a meeting at which the proposed

1 contract is available for inspection and an opportunity for members of
2 the public to be heard is afforded.

3 Sec. 44.63.070. MONIES OF THE CORPORATION. (a) The Legislative
4 Budget and Audit Committee from time to time may examine the accounts
5 and books of the corporation including its receipts, disbursements,
6 contracts, leases, sinking funds, investments and all other records
7 and papers relating to its financial standing. The Legislative
8 Budget and Audit Committee shall conduct an examination at least once
9 every two years; provided, however, that the Legislative Budget and
10 Audit Committee may accept from the corporation in lieu thereof an
11 independent audit of the corporation by a firm of certified public
12 accountants made at the request of the corporation.

13 (b) Any monies of the corporation including the proceeds of
14 bonds or notes not required for immediate use may, at the discretion
15 of the corporation, be invested in the same manner and on the same
16 conditions as permitted for the investment of funds of the state or
17 held in the treasury under AS 37.10.070, provided, however, that the
18 corporation may agree with bondholders or noteholders to further limit
19 those investments.

20 (c) Notwithstanding the foregoing provisions of this section,
21 the corporation may contract with holders of any of its bonds or notes
22 as to the custody, collection, securing, investment and payment of any
23 monies of the corporation, of any monies held in trust or otherwise
24 for the payment of bonds or notes, and may carry out such contract.
25 Monies held in trust or otherwise for the payment of bonds or notes or
26 in any way to secure bonds or notes and deposits of such monies may be
27 secured in the same manner as monies of the corporation, and all banks
28 and trust companies may give such security for these deposits.

29 Sec. 44.63.175. EXEMPTION FROM TAXATION. (a) The exercise of

1 the powers granted by this chapter shall be in all respects for the
2 benefit of the people of the State of Alaska and shall constitute the
3 performance of an essential governmental function. The income and
4 operations of the corporation are exempt from taxation of any kind by
5 the state and any municipality. Obligations issued by the corporation
6 pursuant to this chapter together with income therefrom shall be free
7 from taxation by the state or any municipality, provided, however,
8 that obligations so issued shall not be free from estate taxes.

9 (b) The interest of the corporation in any real property shall
10 be exempt from taxation of any kind by the state, the capital city and
11 any other municipality. The corporation may, however, make payments
12 to the capital city in lieu of taxes. Interests owned by others than
13 the corporation in real property of the corporation shall be taxable
14 by the Matanuska-Susitna Borough and otherwise to the extent otherwise
15 provided by law.

16 ARTICLE 4. CAPITAL DEVELOPMENT FINANCE.

17 Sec. 44.63.080. BONDS AND NOTES OF THE CORPORATION. (a) The
18 corporation may from time to time issue its bonds and notes in the
19 principal amounts which, in the opinion of the corporation, are neces-
20 sary to provide sufficient funds for carrying out any of its corporate
21 purposes, including but not limited to, the undertaking and completion
22 of development programs, the payment of interest on bonds and notes of
23 the corporation, the receipt of funds in anticipation of the sale of
24 bonds of the corporation, the refunding of bonds for the purpose of
25 paying or retiring bonds previously issued by it, the establishment of
26 reserves to secure such bonds or notes and all other expenditures of
27 the corporation incident to and necessary or convenient to carry out
28 its corporate purposes and powers. No bonds or notes may be issued by
29 the corporation unless the State Bond Committee (AS 37.15) files its

1 written consent to the issuance thereof. The foregoing limitation
2 shall not apply to the issuance of notes or other evidences of indebted-
3 ness issued by the corporation under sec. 50 of this chapter.

4 (b) All bonds and notes issued by the corporation may either be
5 unlimited obligations of the corporation or may be payable solely out
6 of the revenues and receipts derived by the corporation generally or
7 from its development programs or from any designated development
8 program or any part thereof, all as may be designated in the proceed-
9 ings of the corporation under which the bonds or notes shall be
10 authorized to be issued. The bonds and notes may be executed and
11 delivered by the corporation at any time and from time to time, and
12 may be in such form and denominations and of such tenor and maturities,
13 carry such redemption, premium or conversion privileges, have such
14 rank and priority, be payable at such place or places whether within
15 or without the state, be payable in such installments and at such time
16 or times, bear interest at such rate or rates payable at such time or
17 times and at such place or places and evidenced in such manner, and
18 may contain any other provisions not inconsistent herewith, all as may
19 be determined by the corporation in its sole discretion and provided
20 by resolution.

21 (c) Any bonds or notes of the corporation may be sold at the
22 price or prices, at public or private sale, in the manner and from
23 time to time as may be determined by the corporation, and the corpora-
24 tion may pay all expenses, premiums and commissions, and give any
25 discounts which it deems necessary or advantageous in connection with
26 the issuance and sale thereof.

27 (d) Issuance by the corporation of one or more series of bonds
28 or notes for one or more purposes does not preclude it from issuing
29 other bonds or notes in connection with the same development program

1 or any other development program, but the proceedings whereunder any
2 subsequent bonds or notes are issued shall recognize and protect any
3 prior pledge or mortgage made for any prior issue of bonds or notes
4 unless in the proceedings authorizing the prior issue the right is
5 reserved to issue subsequent bonds or notes on a parity with or superior
6 to the prior issue.

7 (e) The corporation may issue its bonds or notes for the purpose
8 of refunding any bonds or notes of the corporation then outstanding,
9 including the payment of any redemption premium thereon and any interest
10 accrued or to accrue to the earliest or subsequent date of redemption,
11 purchase or maturity of such bonds or notes, and, if the corporation
12 deems advisable for the additional purpose of paying all or any part
13 of the cost of undertaking, acquiring, constructing, reconstructing,
14 or improving any development program, or the making of any mortgage
15 loan on any development program. The corporation, in its discretion,
16 may apply the proceeds of any bonds or notes issued for the purpose of
17 refunding outstanding bonds or notes to the purchase or retirement at
18 maturity or redemption of the outstanding bonds or notes either on
19 their earliest or any subsequent redemption date, and pending such
20 application, may place the proceeds in escrow to be applied to such
21 purchase or retirement at maturity or redemption at the date the
22 corporation determines. Any escrowed proceeds, pending their use, may
23 be invested and reinvested in obligations, securities and other
24 investments as provided in the resolution or resolutions authorizing
25 the refunding bonds or notes. The interest, income and profits, if
26 any, realized on any such investment may also be applied to the payment
27 of the outstanding bonds or notes to be refunded. After the terms of
28 the escrow have been fully satisfied, any balance of the proceeds, and
29 interest, income and profits, if any, earned or realized on the invest-

1 ments thereof, may be returned to the corporation for its use in any
2 lawful manner. All such bonds or notes shall be issued and secured
3 and shall be subject to the provisions of this chapter in the same
4 manner and to the same extent as any other bonds or notes issued
5 pursuant to this chapter.

6 (f) All bonds or notes of the corporation shall be authorized by
7 resolution of the board of directors, which resolution of the board of
8 directors may contain provisions with respect to any of the matters
9 referred to in subsection (a) - (f) of Sec. 80 of this chapter, as
10 well as any other matters which in any way affect the security or
11 protection of the bonds or notes. Any such resolution may be made a
12 part of the contract with the holders thereof.

13 Sec. 44.63.085. SECURITY FOR BONDS OR NOTES. (a) The principal
14 of and interest on any bonds or notes issued by the corporation may be
15 secured by a pledge of any revenues and receipts of the corporation
16 and may be secured by a mortgage or other instrument covering all or
17 any part of any real or personal property or all or any part of a
18 development program, including any additions, improvements, extensions
19 to or enlargements of any development program or part thereof.

20 (b) Bonds or notes issued for the acquisition, construction,
21 reconstruction, or improvement of a development program or any part
22 thereof may also be secured by an assignment of any lease of, or sales
23 contract or mortgage on, such development program or part thereof and
24 by an assignment of the revenues and receipts derived by the corpora-
25 tion from any such lease, sales contract, or mortgage.

26 (c) The resolution under which the bonds or notes are authorized
27 to be issued and any such mortgage, lease, sales contract, or other
28 instrument may contain agreements and provisions respecting the main-
29 tenance of the development program or programs covered thereby,

1 the fixing and collection of rents or other revenues therefrom, includ-
2 ing monies received in repayment of mortgage loans, and interest
3 thereon, the creation and maintenance of special funds from such rents
4 or other revenues and the rights and remedies available in the event
5 of default, all as the corporation deems advisable.

6 (d) In connection with the issuance of bonds or notes, and in
7 order to further secure the payment of such obligations, the corpora-
8 tion, in addition to its other powers, may:

9 (1) Covenant against pledging all or a part of its rents,
10 receipts and other revenues, or against mortgaging all or a part of
11 its real or personal property, to which its right or title exists or
12 may come into existence or against permitting or suffering any lien on
13 the revenues or property or as to the use and disposition of such
14 revenues;

15 (2) Covenant with respect to limitations on its right to
16 sell, lease or otherwise dispose of personal or real property, improved
17 or unimproved, or any part thereof;

18 (3) Covenant as to what other or additional debts or obliga-
19 tions may be incurred by it;

20 (4) Covenant as to the bonds or notes to be issued and as
21 to the issuance of the bonds or notes in escrow or otherwise, and as
22 to the use and disposition of the proceeds of bonds or notes;

23 (5) Provide for the replacement of lost, destroyed or
24 mutilated bonds or notes;

25 (6) Covenant against extending the time for the payment of
26 its bonds or interest on the bonds or notes;

27 (7) Prescribe the procedure by which the terms of a contract
28 with bondholders or noteholders may be amended or abrogated, the
29 amount of bonds or notes the holders of which must consent thereto and

1 the manner in which the consent may be given;

2 (8) Covenant as to the rights, liabilities, powers and
3 duties arising upon the breach by it of a covenant, condition, or
4 obligation, and covenant and prescribe as to events of default and
5 terms and conditions upon which any or all of its bonds or notes shall
6 become or may be declared due before maturity, and covenant as to the
7 terms and conditions upon which this declaration and its consequences
8 may be waived;

9 (9) Vest in a trustee or trustees or the holders of bonds
10 or notes or a specified proportion of them, the right to enforce the
11 payment of the bonds or notes or covenants securing or relating to the
12 bonds or notes;

13 (10) Vest in one or more trustees the right, in the event
14 of a default by the corporation, to take possession of any real property
15 or improvements constituting a development program or any part thereof,
16 and so long as the corporation continues in default to retain posses-
17 sion and to use, operate and manage said real property and improve-
18 ments, and to collect the rents and revenues therefrom, and to dispose
19 of the money according to an agreement between the corporation and the
20 trustees;

21 (11) Provide for the powers and duties of the trustees, and
22 limit the liability of the trustees;

23 (12) Provide the terms and conditions upon which the trustee
24 or trustees or the holders of bonds or notes, or portions of bonds or
25 notes, may enforce a covenant or right securing or relating to the
26 bonds or notes; and

27 (13) Make covenants other than and in addition to the
28 covenants expressly authorized in this subsection, of like or different
29 character, and to make covenants to do or refrain from doing acts and

1 things as may be necessary, or convenient and desirable, in order to
2 better secure bonds or notes or which, in the absolute discretion of
3 the corporation, will tend to make bonds or notes more marketable,
4 notwithstanding that the covenants, acts or things may not be enumerated
5 in this subsection.

6 (e) Each pledge, agreement, mortgage or other instrument made
7 for the benefit or security of any of the bonds or notes of the corpora-
8 tion shall continue effective until the principal of and interest on
9 the bonds or notes for the benefit of which the same were made shall
10 have been fully paid, or until provision shall have been made for
11 payment in the manner provided in the resolution or resolutions under
12 which the same may be authorized. The pledge of assets or revenues of
13 the corporation to the payment of the principal or interest on any
14 bonds or notes is valid and binding from the time the pledge is made
15 and any such assets or revenues are immediately subject to the lien of
16 the pledge without physical delivery or further act. The lien of any
17 pledge is valid and binding against all parties having claims of any
18 kind in tort, contract or otherwise against the corporation, irrespec-
19 tive of whether those parties have notice of the lien of the pledge.

20 (f) The corporation may provide in any proceedings under which
21 bonds or notes may be authorized that any development program or part
22 thereof may be constructed, reconstructed or improved by the corpora-
23 tion, or any lessee or any purchaser from or any designee of the
24 corporation, and may also provide in such proceedings for the time and
25 manner of and requisites for disbursements to be made for the cost of
26 such construction, and for all such certificates and approvals of
27 construction and disbursement as the corporation deems necessary and
28 provides for in such proceedings.

29 (g) If the corporation deems it advisable, the corporation may

1 retain, in the proceedings under which any of its bonds or notes are
2 authorized to be issued, an option to redeem all or any part thereof
3 as specified in such proceedings, at the price or prices, after any
4 notice or notices, and on the terms and conditions as are set forth in
5 such proceedings and as are stated on the face of the bonds or notes,
6 but nothing herein contained shall be construed to give the corporation
7 any right or option to redeem any bonds or notes except as is provided
8 in the proceedings under which they are issued.

9 Sec. 44.63.090. RESERVE FUNDS. (a) The corporation may establish
10 one or more reserve funds to be known as debt service reserve funds
11 and may pay into such reserve funds (1) any proceeds of sale of bonds
12 and notes to the extent provided in the resolution of the corporation
13 authorizing the issuance thereof, and (2) any other monies which are
14 available to the corporation, for the purposes of such funds, from the
15 state or from any other source or sources. The monies held in or
16 credited to any debt service reserve fund established under this
17 section, except as hereinafter provided, shall be used solely for the
18 payment of the principal of bonds of the corporation secured by such
19 reserve fund, as the same mature, the purchase of such bonds of the
20 corporation, the payment of interest on such bonds of the corporation
21 or the payment of any redemption premium required to be paid when such
22 bonds are redeemed prior to maturity; provided, however, that monies
23 in any such fund may not be withdrawn therefrom at any time in such
24 amount as would reduce the amount of the fund to less than the required
25 debt service reserve, except for the purpose of paying principal and
26 interest on the bonds of the corporation secured by such reserve fund
27 maturing and becoming due and for the payment of which other monies of
28 the corporation are not available. Any income or interest earned by,
29 or increment to, any such debt service reserve fund due to the invest-

1 ment thereof may be transferred to any other fund or account of the
2 corporation to the extent it does not reduce the amount of such debt
3 service reserve fund below the required debt service reserve. As used
4 in this section, "required debt service reserve" means, as of the date
5 of computation, the amount required to be on deposit in the reserve
6 fund as provided by resolution of the corporation.

7 (b) The corporation may not issue bonds at any time unless there
8 is in the reserve fund the required debt service reserve for all bonds
9 then issued and outstanding and for the bonds to be issued unless the
10 corporation, at the time of issuance of such bonds, deposits in the
11 reserve fund from the proceeds of the bonds to be issued, or otherwise,
12 an amount which together with the amount then in the reserve fund,
13 will be not less than required debt service reserve.

14 (c) To assure the continued operation and solvency of the cor-
15 poration for the carrying out of the public purposes of this chapter,
16 provision is made in subsection (a) of this section for accumulation
17 in each debt service reserve fund of the required debt service reserve.
18 In order further to assure the maintenance of such required debt
19 service reserve, there may be annually paid by the state to the corpora-
20 tion for deposit in each debt service reserve fund such sum, if any,
21 as shall be certified by the chairman of the corporation to the governor
22 as necessary to restore such reserve fund to the required debt service
23 reserve fund. The chairman of the corporation shall annually, on or
24 before January 1 of any year, make and deliver to the governor and to
25 the chairpersons of the House and Senate Finance Committees, his
26 certificate stating the sum, if any, required to restore each such
27 debt service reserve fund to the amount aforesaid, and the sum or sums
28 so certified, if any, may be appropriated by the legislature and paid
29 to the corporation during the then current state fiscal year. Nothing

1 in this subsection creates a debt or liability of the state.

2 (d) In computing any debt service reserve fund for the purposes
3 of this section, securities in which all or a portion of the reserve
4 fund shall be invested shall be valued at par, or if purchased at less
5 than par, at their cost to the corporation.

6 (e) Whenever the corporation has established a debt service
7 reserve fund, the commissioner of revenue may lend surplus money in
8 the general fund to the corporation for deposit in a debt service
9 reserve fund in an amount equal to the required debt service reserve.
10 The loans shall be made on such terms and conditions as may be agreed
11 upon by the commissioner of revenue and the corporation, including
12 without limitation, terms and conditions providing that the loans need
13 not be repaid until the obligations of the corporation secured and to
14 be secured by the debt service reserve fund are no longer outstanding.

15 (f) The corporation may establish additional reserves or other
16 funds or accounts as may be, in its discretion, necessary, desirable,
17 or convenient to further the accomplishment of its purposes or to
18 comply with the provisions of any of its agreements or resolutions.

19 Sec. 44.63.095. AGREEMENTS OF THE STATE WITH RESPECT TO BONDS.
20 The state hereby pledges to and agrees with the holders of any bonds
21 or notes issued under this chapter, that the state will not limit or
22 alter the rights hereby vested in the corporation to fulfill the terms
23 of any agreements made with the holders thereof, or in any way impair
24 the rights and remedies of such holders until such bonds or notes,
25 together with the interest hereon, with interest on any unpaid install-
26 ments of interest, and all costs and expenses in connection with any
27 action or proceeding by or on behalf of such holders, are fully met
28 and discharged. The corporation may include this pledge and agreement
29 of the state in any agreement with the holders of such bonds or notes.

1 Sec. 44.63.100. CREDIT OF STATE NOT PLEDGED. The bonds or notes
2 of the corporation do not constitute a debt, liability or obligation
3 of the state or any political subdivision of the state, and each bond
4 or note shall so state on its face. The obligations of the corporation
5 are payable solely from the funds and properties of the corporation
6 pledged therefor, and the corporation may not pledge the faith and
7 credit or the taxing power of the state or of any political subdivi-
8 sion of the state to the payment of any principal of or interest on
9 any obligation of the corporation. Bonds and notes of the corporation
10 do not constitute a debt, indebtedness or the borrowing of money
11 within the meaning of any limitation or restriction on the issuance of
12 bonds contained in the constitution or laws of the state.

13 Sec. 44.63.105. BONDS AND NOTES AS LEGAL INVESTMENTS. The bonds
14 and notes of the corporation are securities in which all public
15 officers and bodies of this state and all municipalities thereof, all
16 insurance companies and associations and other persons carrying on an
17 insurance business, all banks, trust companies, savings banks and
18 savings associations, investment companies and other persons carrying
19 on a banking business, all administrators, guardians, executors,
20 trustees and other fiduciaries and all other persons whomsoever are
21 now or may hereafter be authorized to invest in bonds or other obliga-
22 tions of the state may properly and legally invest funds including
23 capital in their control or belonging to them.

14 made by the committee established pursuant to Sec. 50 of this chapter,

21 Capital City Incorporation Act.

22 Sec. 29.18.510. LEGISLATIVE FINDINGS. The legislature finds
23 that:

24 (1) the relocation of the capital site of the State of
25 Alaska to the capital city area, as mandated by the people of the
26 state, and incorporation of a municipality encompassing the capital
27 city area in order to implement that relocation are subjects of
28 special concern;

29 (2) there is a need for a municipality encompassing the

1 capital city area, prior to the arrival of any resident population, in
2 order to assist in the planning and development of the capital city
3 area, apply for grants, loans, technical assistance or other available
4 forms of aid, negotiate and enter into cooperative agreements with
5 other governmental entities and prepare to provide services to the
6 anticipated population;

7 (3) the present absence of a resident population and the
8 projected arrival of a large resident population at the capital city
9 area create unique circumstances requiring the creation of a special
10 governmental framework to prepare for the initial governance of the
11 capital city area, and to assist the Alaska Capital City Development
12 Corporation in the implementation of the general development plan and
13 specific development plans for the capital city;

14 (4) it is in the best interest of the citizens of the state
15 to incorporate a capital city in the capital city area at this time
16 and to invest it with the powers and duties specified by law in order
17 to assure a well-planned and well-governed community; and

18 (5) there is no generally applicable statute which would
19 adequately carry out the purposes of this chapter.

20 Sec. 29.18.520. DEFINITIONS. In this article, unless the context
21 requires otherwise:

22 (1) "capital city area" is the area described in AS 29.18.540.

8 is a municipal corporation and political subdivision of the state, and
9 which is a city of the second class within the Matanuska-Susitna
10 Borough. The name of the city shall be determined according to a
11 procedure established by law. No action of the Local Boundary Commission
12 is required in connection with the incorporation of the capital city
13 pursuant to this chapter. The residents of the capital city may
14 petition to change the classification of the capital city as a munici-
15 pality in the manner provided by law, provided, however, that the
16 capital city may not dissolve without the approval of the governor and
17 the legislature.

18 Sec. 29.18.540. BOUNDARIES. The boundaries of the capital city
19 shall include all of that area of land designated by the voters of
20 Alaska as the new capital site of the state, which is more particularly
21 described in Sec. 680 of this chapter. No change in boundaries is
22 effective without the approval of the legislature and the governor.

23 Sec. 29.18.550. CITY COUNCIL. (a) Until council members elected
24 by the residents of the capital city take office as provided in Sec.
25 590 of this chapter, the council of the capital city shall have five
26 members, four of whom shall be appointed by the governor and shall
27 serve at the pleasure of the governor. The development corporation
28 shall designate a person who shall serve as a member of the council.
29 The council members appointed by the governor or designated by the

1 development corporation shall serve an initial term which expires on
2 the Monday following the first Tuesday in October of the calendar year

6 assume or exercise an area-wide power within the capital city area for
7 a period of five years from the date of the election described in Sec.
8 590(b) of this chapter except pursuant to an agreement with the capital
9 city and the development corporation entered into under Sec. 660 of
10 this chapter, and except for those powers being exercised on an area-
11 wide basis on January 1, 1978.

12 Sec. 29.18.620. PUBLIC SCHOOLS. The capital city and the
13 Matanuska-Susitna Borough shall enter into a cooperative agreement, to
14 which the development corporation and the state may be a party, respect-
15 ing the timely provision of public schools in the capital city area in
16 accordance with the general development plan. Payments to fund the

8 consider the need and desirability for coordination among the develop-
9 ment corporation, the capital city and the borough, and shall provide
10 for a sharing of planning, zoning, building and housing code, powers
11 and functions between the capital city and the borough which ensures
12 an orderly development of the general development plan and specific

15 with the general regional concerns of the borough. The development
16 corporation may be a party to this agreement. The general development
17 plan and specific development plans, as amended from time to time,

15 administration of any functions or powers. Any such agreement, when-
16 ever entered into, shall be binding and enforceable upon the parties
17 in accordance with its terms. This section shall continue to apply to
18 the capital city and the Matanuska-Susitna Borough, even if either or
19 both adopt a home rule charter.
