5 A BILL

6 For an Act entitled: "An Act relating to grants for water supply, sewerage  
7 and solid waste facilities; and providing for an effective  
8 date."

9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

10 \* Section 1. AS 46.03.030(b) is amended to read:

11 (b) The department may grant to a municipality, as funds are  
12 available, up to 70 [50] percent of eligible costs not financed by the  
13 federal government, for public water supply, treatment and distribution  
14 systems and public sewage collection, treatment and discharge facilities  
15 for which construction has not commenced on or before July 1, 1982.  
16 If a project is partially financed by the federal government, a grant  
17 under this subsection may not exceed the difference between the amount  
18 of the federal financing for the project and 87.5 percent of the eligible  
19 costs of the project [JUNE 21, 1976]. The eligible cost of a project or  
20 portions of a project will be as determined by the federal agency grant-  
21 ing the most monetary assistance. On projects or portions of projects,  
22 for which federal participation is not available, eligible costs will be  
23 determined by the department in accordance with (d) of this section.  
24 Projects shall be constructed in accordance with plans and specifica-  
25 tions approved by the department.

26 \* Sec. 2. AS 46.03.030(d) is amended to read:

27 (d) The department shall, by regulation, identify those costs  
28 which are eligible costs for the purposes of this section. Eligible  
29 costs include the costs established in a construction contract which

1 are necessary for construction of a project including the costs of re-  
2 placing obsolete facilities, but do not include the cost of interest and  
3 financing and right-of-way acquisition, or costs related to operation,  
4 maintenance, and normal repairs [REPAIR OR REPLACEMENT OF A PROJECT].

5 \* Sec. 3. AS 46.03.030(e) is amended to read:

6 (e) The department may grant to a municipality not more than 70  
7 [50] percent of the eligible costs, including costs of obtaining federal  
8 waivers from the requirement for secondary treatment plants, which are  
9 not paid for by the federal government for solid waste processing or  
10 disposal facilities constructed after July 1, 1982 [JULY 1, 1980].  
11 However, the department may grant a municipality up to 85 [60] percent  
12 of the eligible costs not paid for by the federal government for a solid  
13 waste processing or disposal facility constructed after July 1, 1982  
14 [JULY 1, 1980], if the facility is used for resource recovery. The  
15 eligible costs of a solid waste processing or disposal facility are  
16 determined by the federal agency granting the most monetary assistance  
17 for construction of the facility. For a solid waste processing or  
18 disposal facility for which federal money is not available, the depart-  
19 ment shall determine the eligible costs in accordance with (d) of this  
20 section. A municipality shall construct solid waste processing or  
21 disposal facilities financed by grants under this section according to  
22 plans and specifications approved by the department.

23 \* Sec. 4. This Act takes effect immediately in accordance with AS 01.10.-  
24 070(c).
