4 TWELFTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act providing for the management of state-owned  
7 land in the Haines area; establishing the Alaska Chilkat  
8 Bald Eagle Preserve and the Haines State Forest Resource  
9 Management Area; and providing for an effective date."

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

11 \* Section 1. AS 41.20 is amended by adding new sections to read:

12 ARTICLE 16. ALASKA CHILKAT BALD EAGLE PRESERVE.

13 Section 41.20.506. DECLARATION OF PURPOSE. (a) The purpose of  
14 AS 41.20.506 - 41.20.525 is to establish the state-owned land and water  
15 described in AS 41.20.507(k) as the Alaska Chilkat Bald Eagle Preserve  
16 as part of the state park system. The primary purpose of establishing  
17 the Alaska Chilkat Bald Eagle Preserve is to protect and perpetuate the  
18 Chilkat bald eagles and their essential habitats within the Alaska  
19 Chilkat Bald Eagle Preserve in recognition of their statewide, nation-  
20 ally, and internationally significant values in perpetuity.

21 (b) The Alaska Chilkat Bald Eagle Preserve is also established to

22 (1) protect and sustain the natural salmon spawning and  
23 rearing areas of the Chilkat River and Chilkoot River systems within the  
24 preserve in perpetuity;

25 (2) provide continued opportunities for research, study and  
26 enjoyment of bald eagles and other wildlife;

27 (3) ensure to the maximum extent practicable water quality  
28 and necessary water quantity under applicable laws;

29 (4) provide for other public uses consistent with the primary

1 purpose for which the Alaska Chilkat Bald Eagle Preserve is established;  
2 and

3 (5) provide an opportunity for the continued traditional and  
4 natural resource based lifestyle of the people living in the general  
5 areas described in AS 41.20.507(k), consistent with the other purposes  
6 of AS 41.20.506(a) and (b).

7 (c) It is the intent of the legislature in enacting AS 41.20.506 -  
8 41.20.525 to provide sufficient protection for the purposes for which  
9 the Alaska Chilkat Bald Eagle Preserve is established. Accordingly, the  
10 establishment of the Alaska Chilkat Bald Eagle Preserve and the Haines  
11 State Forest Resource Management Area (AS 41.15.500 - 41.15.520) is  
12 determined to represent a proper balance between the reservation of  
13 state public domain land and water for bald eagle preserve purposes and  
14 state public domain land and water more appropriate for multiple use.  
15 Therefore, the legislature determines that there is no need for legisla-  
16 tion expanding or contracting the boundary of the Alaska Chilkat Bald  
17 Eagle Preserve in the future; the legislature further determines that  
18 study by a state agency of the expansion or contracting of the boundary  
19 of the preserve shall be conducted under AS 41.20.507(j).

20 (d) Inasmuch as the area described in AS 41.20.507(k) exceeds 640  
21 acres, AS 41.20.506 - 41.20.525 are intended to close the area to mul-  
22 tiple use in conformity with AS 38.05.300 and the land is dedicated as a  
23 special purpose site under art. VIII, sec. 7 of the state constitution.

24 Sec. 41.20.507. ESTABLISHMENT AND MANAGEMENT. (a) Subject to  
25 valid existing rights, the land and water presently owned by the state  
26 and all land and water acquired in the future by the state lying within  
27 the boundaries described in (k) of this section are designated the  
28 Alaska Chilkat Bald Eagle Preserve and assigned to the Department of  
29 Natural Resources for control, development, and maintenance.

1 (b) Private land, approved or pending Native allotments, pending  
2 and approved land selections made by the Haines Borough under state law  
3 on the effective date of this Act, University of Alaska grant land not  
4 located within the Chilkat River Critical Habitat Area established by  
5 AS 16.20.230(8) and existing transportation and utility corridors  
6 located partially or completely within the Alaska Chilkat Bald Eagle  
7 Preserve are excluded from the Alaska Chilkat Bald Eagle Preserve. The  
8 commissioner of natural resources may not acquire private land or  
9 University of Alaska grant land located partially or completely within  
10 the Alaska Chilkat Bald Eagle Preserve by eminent domain for any purpose.

11 (c) Approved or pending Native allotments located partially or  
12 completely within the Alaska Chilkat Bald Eagle Preserve are not ad-  
13 versely affected by the establishment of the Alaska Chilkat Bald Eagle  
14 Preserve and all approved allotments and all pending allotments located  
15 partially or completely within the preserve shall be treated as private  
16 land.

17 (d) The Department of Fish and Game is responsible for the manage-  
18 ment of fish and game resources in the Alaska Chilkat Bald Eagle Pre-  
19 serve under applicable law and consistent with the purposes of AS 41.-  
20 20.506 - 41.20.525.

21 (e) The Department of Natural Resources shall consult with the  
22 Department of Fish and Game, the United States Fish and Wildlife Ser-  
23 vice, a local governing body of a municipality, any local fish and  
24 game advisory committees, and the Alaska Chilkat Bald Eagle Preserve  
25 Advisory Council established by AS 41.20.515 before adoption of reason-  
26 able regulations governing public use and protection of the Alaska  
27 Chilkat Bald Eagle Preserve. The Department of Fish and Game shall  
28 consult with the Department of Natural Resources and the Alaska Chilkat  
29 Bald Eagle Preserve Advisory Council in proposing regulations governing

1 fish and game management in the Alaska Chilkat Bald Eagle Preserve for  
2 adoption by the Board of Fisheries or the Board of Game. The Department  
3 of Fish and Game and the Department of Natural Resources shall cooperate  
4 with the United States Fish and Wildlife Service in its administration  
5 of federal law governing the conservation of bald eagles.

6 (f) The state land and water described in (k) of this section are  
7 closed to mineral entry under AS 38.05.135 - 38.05.280, to commercial  
8 harvest of timber, and to sale under state land disposal laws. The  
9 commissioner of natural resources may lease the land described in (k) of  
10 this section under AS 38.05.070 - 38.05.105 for a purpose consistent  
11 with AS 41.20.506(a); a municipality may select land within the Alaska  
12 Chilkat Bald Eagle Preserve under law.

13 (g) Continued oportunities for traditional uses of the Alaska  
14 Chilkat Bald Eagle Preserve at levels and by methods and means that are  
15 compatible with the protection of the bald eagle population are guaran-  
16 teed. These historically compatible uses include but are not limited to  
17 hunting, trapping, fishing, berry picking, other subsistence and recrea-  
18 tional uses, operation of motorized vehicles, and the harvesting of  
19 personal-use firewood. The level and method or means of traditional use  
20 may continue subject to reasonable regulation unless the director of  
21 the division of parks, Department of Natural Resources, after consulta-  
22 tion with the Alaska Chilkat Bald Eagle Preserve Advisory Council, makes  
23 a finding that the level or method and means of use is causing signifi-  
24 cant resource damage that is inconsistent with AS 41.20.506(a). The  
25 director of the division of parks shall hold a public hearing in Haines  
26 and Klukwan before restricting a traditional use permitted under this  
27 section.

28 (h) If privately owned land, University of Alaska grant land,  
29 valid mining rights, existing mineral leases, subsurface rights on

1 private land, or other valid occupancy is surrounded by state land of  
2 the Alaska Chilkat Bald Eagle Preserve or if privately owned land,  
3 University of Alaska grant land, federal land, municipal land, or state  
4 land not described in (k) of this section, valid mining claims, subsur-  
5 face rights, or other valid occupancy on land not described in (k) of  
6 this section does not have reasonable, timely, and economically feasible  
7 access and egress by means other than crossing land designated as Alaska  
8 Chilkat Bald Eagle Preserve land in (k) of this section, the director of  
9 the division of parks shall grant a private landowner, the University of  
10 Alaska, a holder of valid existing rights to land, or a state agency,  
11 municipality, or federal agency rights necessary to assure reasonable,  
12 timely, and economically feasible access and egress. The rights of  
13 access and egress granted under this subsection are subject to reasonable  
14 regulation and stipulations established by the director of the division  
15 of parks after consulting with the Alaska Chilkat Bald Eagle Preserve  
16 Advisory Council to protect the purposes and values of the Alaska Chilkat  
17 Bald Eagle Preserve and to minimize adverse environmental impacts in the  
18 preserve. The director of the division of parks shall give favorable  
19 consideration to applications for utility rights-of-way that are com-  
20 patible with AS 41.20.506(a).

21 (i) The director of the division of parks and the Alaska Chilkat  
22 Bald Eagle Advisory Council established under AS 41.20.515, in written  
23 consultation with the United States Fish and Wildlife Service, the  
24 Department of Fish and Game, the Chilkat Indian Village, the Chilkoot  
25 Indian Association, and other appropriate groups, may use information  
26 gained through cooperative resource studies in the development of the  
27 management plan for the Alaska Chilkat Bald Eagle Preserve and in deci-  
28 sions affecting the management and administration of the preserve. The  
29 director of the division of parks and the advisory council shall investi-

1 gate the need for additional research to increase knowledge and under-  
2 standing of the natural and cultural resources of the area and to enhance  
3 the effective management of the Alaska Chilkat Bald Eagle Preserve.

4 (j) An agency of the state may not participate or cooperate with a  
5 federal or private study considering additions to or deletions from the  
6 area of the Alaska Chilkat Bald Eagle Preserve without giving 90 days  
7 prior notice to the Alaska Chilkat Bald Eagle Preserve Advisory Council.  
8 The director of the division of parks may waive the notice required by  
9 this subsection on his determination in writing to the advisory council  
10 that an emergency necessitates immediate study or a shorter period of  
11 notice to the advisory council.

12 (k) Except for University of Alaska grant land, the land and water  
13 owned by the state and all land and water acquired by the state in the  
14 future lying within the following described parcels are designated as
