1 IN THE SENATE

BY THE RULES COMMITTEE

2 HOUSE CS FOR CS FOR SENATE BILL NO. 108 (Rules) am H

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 THIRTEENTH LEGISLATURE - FIRST SESSION

5 A BILL

6 For an Act entitled: "An Act establishing the Tanana Valley State Forest
7 and a program for the management of state forests and
8 forest land of the state; and providing for an effective
9 date."

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

11 * Section 1. AS 41.17 is amended by adding new sections to read:

12 ARTICLE 2. STATE FOREST SYSTEM.

13 Sec. 41.17.200. STATE FOREST PURPOSES. The purpose of AS 41.-
14 17.200 - 41.17.230 is to permit the establishment of designated state-
15 owned or acquired land and water areas as state forests. The primary
16 purpose in the establishment of state forests is the perpetuation of
17 personal, commercial, and other beneficial uses of resources through
18 multiple-use management.

19 Sec. 41.17.210. STATE FORESTS. (a) The governor may propose to
20 the legislature the establishment of state forests consisting primar-
21 ily of commercially valuable forest land determined by the governor to
22 be necessary for retention in state ownership for management under the
23 principles of multiple use and sustained yield and consistent with
24 AS 38.04.005. The proposal of the governor shall include a report and
25 recommendations of the commissioner including

26 (1) a preliminary forest inventory;
27 (2) a summary of the testimony offered at public hearings
28 held on the management of the proposed state forest in communities
29 proximately located to a proposed state forest;

1 (3) the findings of the commissioner on anticipated incom-
2 patibilities of uses described in AS 41.17.230(e) under AS 41.17.-
3 230(f);

4 (4) written comments from appropriate state agencies on the
5 compatibility of the uses described in AS 41.17.230(e) within the
6 proposed state forest;

7 (5) an estimate of the cost of a full implementation of an
8 operational level forest inventory and the management plan.

9 (b) A state forest established by the legislature shall be
10 retained in state ownership.

11 Sec. 41.17.220. MANAGEMENT OF STATE FORESTS. Land within a
12 state forest or within a unit of a state forest shall be managed under

13 (1) the principles of multiple-use and sustained yield;

14 (2) this chapter; and

15 (3) a management plan prepared by the department.

16 Sec. 41.17.230. MANAGEMENT PLANS. (a) The commissioner shall
17 prepare a management plan consistent with AS 38.04.005 and this chap-
18 ter for each state forest and for each unit of a state forest to
19 assist in meeting the requirements of this chapter. An operational
20 level forest inventory shall be completed before a management plan for
21 the state forest or the unit of a state forest is adopted. The man-
22 agement plan shall be adopted, implemented and maintained within three
23 years of the establishment of a state forest by the legislature.

24 (b) The commissioner shall review a management plan at least
25 once every five years and may revise the plan when necessary.

26 (c) A management plan may not be adopted or revised after the
27 establishment of the state forest without prior review by the Board of
28 Forestry and by other appropriate state agencies or without prior
29 public hearings held in a community proximately located to the state

1 forest or to a unit of a state forest.

2 (d) A copy of a management plan or a revision to a management
3 plan adopted or prepared by the commissioner shall be provided to the
4 legislature within 30 days of its adoption or revision or within the
5 first 10 days of the first regular session of the legislature to
6 convene after its adoption or revision.

7 (e) The commissioner shall consider and permit the following
8 uses under a management plan prepared under (a) or (b) of this section
9 subject to a determination under (f) of this section:

- 10 (1) commercial timber harvest and related activities;
- 11 (2) harvest of forest products for personal use;
- 12 (3) mining, mining claim, and mineral leasehold location;
- 13 (4) mineral leasing;
- 14 (5) material extraction;
- 15 (6) recreation;
- 16 (7) wildlife and fisheries habitat management including
17 critical habitat management;
- 18 (8) greenbelts;
- 19 (9) trapping and sport and subsistence fishing and hunting;
- 20 (10) grazing;
- 21 (11) watershed management;
- 22 (12) research;
- 23 (13) uses consistent with the policies of AS 38.04.015; and
- 24 (14) other traditional, compatible uses.

25 (f) A management plan prepared by the commissioner shall con-
26 sider and permit the uses described in (e) of this section. If the
27 commissioner finds that a permitted use is incompatible with one or
28 more other uses in a portion of a state forest, the commissioner shall
29 affirmatively state in the management plan that finding of

1 incompatibility for the specific area where the incompatibility is
2 anticipated to exist and the time period when the incompatibility is
3 anticipated to exist together with the reasons for each finding.

4 * Sec. 2. AS 41.17 is amended by adding new sections to read:

5 ARTICLE 3. STATE LAND REFORESTATION.

6 Sec. 41.17.300. STATE LAND REFORESTATION FUND. A state land
7 reforestation fund is established in the department. The money in the
8 state land reforestation fund may be used only for the reforestation
9 of state land, including site preparation, seed and seedling acquisi-
10 tion and cultivation, planting, and other reforestation measures,
11 timber stand improvement, and the development of materials and tech-
12 niques for the reforestation of state land.

13 Sec. 41.17.310. APPROPRIATIONS TO STATE LAND REFORESTATION FUND.

14 (a) The state land reforestation fund consists of money appropriated
15 by the legislature and contributions from private donors. It is the
16 intent of the legislature that the appropriations made to the fund
17 equal no less than 25 percent of the revenues from the sale of timber
18 and other forest products from state land as well as the total reve-
19 nues from

20 (1) compensation for loss or damage to land within a state
21 forest; and

22 (2) the federal government and other governmental units for
23 reforestation.

24 (b) Money appropriated to or paid into the state land reforesta-
25 tion fund does not lapse.

26 Sec. 41.17.320. REPORT TO THE LEGISLATURE. The commissioner
27 shall make an annual report to the legislature within the first 10
28 days of each session of the legislature on the uses of the money in
29 the state land reforestation fund, the proposed uses of the fund in

1 the following fiscal year, and the balance in the fund.

2 * Sec. 3. AS 41.17 is amended by adding a new section to read:

3 ARTICLE 4. TANANA VALLEY STATE FOREST.

4 Sec. 41.17.400. TANANA VALLEY STATE FOREST. (a) Subject to
5 valid existing rights and except for land owned by or transferred to
6 the University of Alaska under a settlement agreement between the
7 state and the university, the state-owned or acquired land and water
8 lying within the parcels described in (d) of this section is designat-
9 ed as the Tanana Valley State Forest.

10 (b) The commissioner shall prepare a management plan for the
11 Tanana Valley State Forest under AS 41.17.230. The commissioner shall
12 submit the management plan to the legislature for its approval within
13 the first 10 days of the Second Session of the Fourteenth State Legis-
14 lature. The management plan for the Tanana Valley State Forest is
15 approved unless the legislature adopts legislation disapproving the
16 management plan.

17 (c) The commissioner shall consider and permit the uses de-
18 scribed in AS 41.17.230(e) within the Tanana Valley State Forest,
19 subject to the procedures established in AS 41.17.230(f). The commis-
20 sioner may establish transportation corridors within the Tanana Valley
21 State Forest.

22 (d) The Tanana Valley State Forest includes the state-owned or
23 acquired land and water lying within the following described parcels.
