4 THIRTEENTH LEGISLATURE - SECOND SESSION

6 reject the proposed plan from the Alaska
7 Department of Fish and Game to reassume
8 management of certain marine mammal
9 species.

10 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

11 WHEREAS the Alaska Department of Fish and Game has unilaterally
12 decided and announced that it will apply to the United States Department of
13 the Interior to reassume the management responsibility of the polar bear,
14 walrus, sea lion, beluga whale, sea otters, harbor seals, spotted seals,
15 ringed seals, bearded seals and ribbon seals; and

16 WHEREAS, the Alaska Department of Fish and Game failed to hold any
17 public hearings to determine if there was public support for the State of
18 Alaska to reassume management responsibilities pursuant to 16 U.S.C. 1379;
19 and

20 WHEREAS, the Alaska Department of Fish & Game has failed to document
21 or seek through the public hearing process the need for the state to
22 reassume the management of the marine mammal species being considered; and

23 WHEREAS, the Alaska Department of Fish and Game admits that they may
24 not be able to explain the proposed regulations to the various regional
25 fish and game councils before the official state Board of Fish and Game
26 takes action; and

27 WHEREAS, the initial primary pressure for resumption of marine mammal
28 management by the state came from a limited few within the Alaska
29 Department of Fish and Game rather than the public at large; and

1 WHEREAS, the federal government places a heavy emphasis on local
2 responsibility and enforcement of marine mammal protection; and

3 WHEREAS, the Fiscal Year 1985 state operating budget submitted by the
4 Governor's Office of Management and Budget includes \$1,200,000 to implement
5 and enforce a marine mammal management plan;

6 BE IT RESOLVED that the Alaska State Legislature respectfully request
7 the federal government to reject the Alaska Department of Fish and Game's
8 petition to reassume management of certain marine mammals until there is
9 adequate public notice and comment concerning whether or not the state
10 should take marine mammal management back from the federal government.
