SENATE CONCURRENT RESOLUTION NO. 2

IN THE LEGISLATURE OF THE STATE OF ALASKA

4

FOURTEENTH LEGISLATURE - FIRST SESSION

5

Relating to small business development

6

in the state.

7

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8

WHEREAS it is in the best interests of the state to maintain and

9

strengthen the overall economy of the state and to mobilize its full pro-

10

ductive capacity; and

11

WHEREAS declining oil revenues make it imperative that the state

12

develop a widespread economic base to decrease our dependence on a single

13

revenue source; and

14

WHEREAS small business development is an excellent and proven source

15

of new employment, industry, and entrepreneurship; and

16

WHEREAS many small Alaska-owned businesses are controlled by residents

17

with a strong financial, cultural, and social commitment to the state; and

18

WHEREAS additional costs associated with labor, transportation,

19

weather extremes, lack of infrastructure, high energy costs, and vast

20

distances place a special burden on small, Alaska-owned businesses; and

21

WHEREAS this burden places small, Alaska-owned businesses at a disad-

22

vantage when competing for construction and procurement contracts with

23

larger, nonresident businesses; and

24

WHEREAS many small Alaska-owned businesses are faced with bankruptcy,

25

particularly those businesses owned and operated by women, minorities, and

26

other economically disadvantaged groups; and

27

WHEREAS small Alaska-owned businesses face significant obstacles to

28

obtaining adequate credit, bonding, and loans; and

29

WHEREAS the state is currently engaged in state-funded public works

1 projects of unprecedented proportions; and

2 WHEREAS the scope and size of state-funded construction projects are
3 beyond the capacity of most small, Alaska-owned businesses to successfully
4 bid on; and

5 WHEREAS it is in the best interest of the state to assure that a
6 reasonable portion of state-funded construction projects be performed by
7 small, Alaska-owned businesses in order that the state and its residents
8 benefit from business generated by state funded construction projects; and

9 WHEREAS it is the declared policy of the state that government should
10 aid, counsel, assist, and protect, in so far as is possible, the interests
11 of small-business concerns in order to preserve free competitive enter-
12 prise; and

13 WHEREAS the security and well-being of the state cannot be realized
14 unless the actual and potential capacity of small business is encouraged
15 and developed;

16 BE IT RESOLVED by the Alaska State Legislature that the governor is
17 respectfully requested to appoint a task force to assess state policy in
18 contracting, local hire, and small business advocacy and to recommend
19 measures that will:

20 (1) emphasize and promote small business development and mainte-
21 nance in Alaska;

22 (2) assist in securing adequate sources of bonding, credit, and
23 loans for small, Alaska-owned businesses;

24 (3) assure, wherever possible, that state-funded construction
25 projects are specified, modified, and contracted in a manner to assure a
26 reasonable proportion of state-funded construction projects are performed
27 by small, Alaska-owned businesses; and be it

28 FURTHER RESOLVED that the governor is respectfully requested to direct
29 the attorney general to investigate and recommend measures available to the

1 state to assure that a reasonable portion of state-funded construction and
2 procurement dollars be contracted through small Alaska-owned businesses,
3 consistent with provisions of the constitutions of the United States and
4 the state of Alaska.
