2 SENATE CS FOR CS FOR HOUSE BILL NO. 93 (Finance)

3 IN THE LEGISLATURE OF THE STATE OF ALASKA

4 FIFTEENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act establishing six recreation rivers; and pro-  
7 viding for an effective date."

8 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9 \* Section 1. FINDINGS AND INTENT. The legislature finds that the  
10 special values and uses of six rivers in Southcentral Alaska justify the  
11 retention of the rivers and their adjacent corridors for public use. The  
12 six rivers should be managed for public recreation and the six river corri-  
13 dors can support many public uses, including some that will enhance the  
14 local economy as well as improve access to public and private land outside  
15 the river corridors. The designation of the six rivers and their corridors  
16 recognizes the value of the rivers and their corridors for public use and  
17 is not intended to become an undue impediment to multiple use land and  
18 water management or the enjoyment of adjacent public and private land, or  
19 to the development of access within, across, and around the rivers and  
20 their corridors. The legislature is particularly concerned that an owner  
21 of land or a legal interest in land within or adjacent to the river corri-  
22 dors be allowed reasonable access to and the full use of the rights.

23 \* Sec. 2. AS 41.23 is amended by adding new sections to read:

24 ARTICLE 3. RECREATION RIVERS.

25 Sec. 41.23.200. PURPOSES. (a) The purpose of AS 41.23.200 -  
26 41.23.310 is to establish as recreation rivers the land and water now  
27 owned by the state and the land and water acquired in the future by  
28 the state that lies within the recreation rivers and the river corri-  
29 dors described in AS 41.23.300.

1           (b) The primary purpose for the establishment of the six recre-  
2           ation rivers is the maintenance and enhancement of the land and water  
3           described in AS 41.23.300 for recreation.

4           (c) The primary purposes for the management of the six recre-  
5           ation rivers are

6                   (1) the management, protection, and maintenance of the fish  
7           and wildlife populations and habitat on a sustained-yield basis;

8                   (2) continued recreation and economic use, including the  
9           uses described in (3) and (4) of this subsection, and enjoyment by the  
10          public and individuals of recreational activities that include hunt-  
11          ing, fishing, trapping, camping, boating, hiking, snowmachining, ski-  
12          ing, dog mushing, and wildlife viewing, while ensuring the scenic and  
13          natural integrity of the recreation river;

14                  (3) multiple use management of upland activities within the  
15          recreation river corridor to ensure that mitigation measures to alle-  
16          viate potential adverse effects on water quality and stream flow will  
17          take place; and

18                  (4) accommodation of access for resource uses, including  
19          recreation and tourism, within or adjacent to the river corridor.

20           Sec. 41.23.210. COMPATIBLE ACTIVITIES. The commissioner shall  
21          allow the following activities on a recreation river or within a  
22          recreation river corridor when they are compatible with AS 41.23.200  
23          and consistent with a management plan adopted under AS 41.23.240:

24                   (1) the use of aircraft, powerboats, snowmachines, all-  
25          terrain vehicles, motorized transportation, and transportation by  
26          animal;

27                   (2) the sale and harvest of wood products under AS 41.23.-  
28          270(b);

29                   (3) sand and gravel extraction under AS 41.23.270(b);

1 (4) the construction and operation of recreation facilities;  
2 ties; and

3 (5) other uses permitted in the management plan required by  
4 AS 41.23.240, including mining and mineral development.

5 Sec. 41.23.220. GENERAL MANAGEMENT OF RECREATION RIVERS AND  
6 CORRIDORS. (a) The state-owned land and water within the area estab-  
7 lished as a recreation river under AS 41.23.300, including the recre-  
8 ation river corridor, is assigned to the commissioner for management  
9 consistent with the purposes of AS 41.23.200.

10 (b) The commissioner shall reserve to the state under AS 46.15.-  
11 145 an instream flow or level for the water in the rivers described in  
12 AS 41.23.300 that is adequate to achieve the purposes of AS 41.23.200.

13 (c) The commissioner may regulate boating, if necessary, under  
14 the management plan adopted under AS 41.23.240.

15 (d) The provisions of AS 41.23.200 - 41.23.310 do not affect the  
16 authority of

17 (1) the Department of Fish and Game, the Board of Fisher-  
18 ies, the Board of Game, or the Guide Licensing and Control Board under  
19 AS 08.54, AS 16, or AS 41.99.010;

20 (2) the Department of Environmental Conservation under  
21 AS 46.03; or

22 (3) state agencies and municipalities under AS 44.19.145-  
23 (a)(11) and AS 46.40.100.

24 (e) The commissioner may not restrict the use of weapons, in-  
25 cluding firearms, within a recreation river and a recreation river  
26 corridor except in sites of high public use such as picnic areas, boat  
27 ramps, camping grounds, and parking areas when the commissioner deter-  
28 mines that the use of weapons constitutes a threat to public safety.  
29 Except as provided in this subsection, the commissioner may not

1 restrict fishing, hunting, or trapping within a recreation river and  
2 its recreation river corridor.

3 (f) The authority of the commissioner under AS 41.23.200 - 41.-  
4 23.310 ceases where the land and water established as a recreation  
5 river under AS 41.23.200 - 41.23.310 meets land and water that is not  
6 established as a recreation river.

7 Sec. 41.23.230. ADVISORY BOARD. (a) An eleven-member Recre-  
8 ation Rivers Advisory Board is established and shall be appointed by  
9 the governor. Board members serve without compensation and are not  
10 entitled to per diem and travel expenses authorized by law for boards  
11 and commissions under AS 39.20.180. The governor shall appoint mem-  
12 bers representing the following user groups:

- 13 (1) commercial fishing;
- 14 (2) sport fishing;
- 15 (3) sport hunting;
- 16 (4) conservation;
- 17 (5) subsistence;
- 18 (6) forest products;
- 19 (7) mining;
- 20 (8) powerboat users;
- 21 (9) recreationally-oriented commercial users;
- 22 (10) other recreational users; and
- 23 (11) private property owners within the recreation river  
24 corridor.

25 (b) The commissioner shall consult with the advisory board in  
26 preparing, adopting, and revising the recreation river management plan  
27 and regulations affecting use and management of the recreation rivers.

28 Sec. 41.23.240. MANAGEMENT PLAN. (a) The commissioner, in con-  
29 sultation with representatives of affected municipalities, shall pre-

1       pare and adopt and may revise a management plan for each of the six  
2       recreation rivers and their recreation river corridors. In preparing  
3       or revising the plan, the commissioner and each affected municipality  
4       shall consult with the public and state agencies, including the com-  
5       missioner of fish and game and the advisory board established under  
6       AS 41.23.230. In preparation or revision of the plan, the commis-  
7       sioner shall comply with the notice requirements of AS 38.05.945 and  
8       provide written notice by first-class mail to private property owners  
9       in the recreation river corridors and shall hold at least two public  
10      hearings in municipalities and communities near the recreation river  
11      and the recreation river corridor. The management plan shall estab-  
12      lish long-range guidelines and management practices consistent with  
13      AS 41.23.200 to

14               (1) establish guidelines and restrictions, if necessary,  
15      for an activity occurring under AS 41.23.210 to implement the purposes  
16      of AS 41.23.200;

17               (2) protect, maintain, or enhance the fish and wildlife  
18      habitat and the free-flowing nature of the river;

19               (3) identify special recreation values and manage the level  
20      of intensity and types of recreation uses;

21               (4) designate management guidelines for development activ-  
22      ities;

23               (5) designate management guidelines for commercial recre-  
24      ation activities or development, including recreation services;

25               (6) provide for necessary public services, such as trans-  
26      portation and utility corridors, crossing or fording corridors, public  
27      safety, and law enforcement;

28               (7) allow reasonable access to public land and private  
29      inholdings, including municipal land that is offered for sale or

1 lease, and to land beyond or adjacent to the recreation river and the  
2 recreation river corridor;

3 (8) establish criteria and expedient timelines to review  
4 future proposed uses for compatibility with AS 41.23.200.

5 (b) The commissioner shall adopt regulations necessary to imple-  
6 ment the management plan. The commissioner may not adopt regulations  
7 before a management plan takes effect. The commissioner may designate  
8 employees of the department as peace officers to enforce the pro-  
9 visions of AS 41.23.200 - 41.23.310.

10 (c) A management plan proposed by the commissioner under (a) of  
11 this section shall be submitted to the legislature for review within  
12 the first 10 days of the first regular session of the legislature to  
13 convene after completion of the plan by the commissioner. The plan  
14 takes effect 100 days after submission of the plan to the legislature  
15 unless rejected by an act of the legislature.

16 Sec. 41.23.250. MANAGEMENT OF MUNICIPAL LAND. If a municipality  
17 commits land for inclusion in a recreation river corridor described in  
18 AS 41.23.300, the commissioner shall obtain the concurrence of the  
19 municipality to the management plan proposed under AS 41.23.240 as it  
20 applies to municipal land. The commissioner shall cooperate, at the  
21 request of a municipality, in planning for municipal land adjacent to  
22 a recreation river corridor. Municipal land not committed by a munic-  
23 ipality for inclusion in a recreation river corridor is excluded from  
24 the operation of the management plan.

25 Sec. 41.23.260. ACQUISITION OF ADDITIONAL LAND. (a) The com-  
26 missioner may acquire in the name of the state land that is adjacent  
27 to or located within the land described in AS 41.23.300 by purchase,  
28 lease, gift, or exchange for inclusion within a recreation river  
29 corridor.

1 (b) The commissioner may not acquire land for inclusion in a  
2 recreation river corridor by eminent domain.

3 Sec. 41.23.270. APPLICATION OF PUBLIC LAND LAWS. (a) The pro-  
4 visions of AS 38.04, AS 38.05, AS 38.35, and AS 38.95 apply to land  
5 described in AS 41.23.300 except to the extent that a provision of  
6 AS 41.23.200 - 41.23.310 is inconsistent.

7 (b) The commissioner may conduct only a negotiated timber or  
8 material sale under AS 38.05.115 to provide for personal use,  
9 including house logs and firewood, or for a use incidental to the  
10 construction of access, or for habitat enhancement.

11 (c) The commissioner may permit mining leasing under AS 38.05.-  
12 205 on upland within a recreation river corridor if leasing is allowed  
13 under a management plan that has been adopted by the commissioner.  
14 The commissioner shall establish appropriate conditions for permits,  
15 operating plans, and leases to mitigate the effects of mineral devel-  
16 opment activities on the environment and to prevent to the extent  
17 practicable degradation of the recreation uses of the river.

18 (d) To enhance public use and enjoyment of a recreation river  
19 corridor under a management plan adopted under AS 41.23.240, the  
20 commissioner may provide for the construction and operation of commer-  
21 cial facilities such as lodges, campgrounds, and boat launches by

22 (1) leasing land under AS 38.05.070, including competitive  
23 leasing to a prequalified bidder; and

24 (2) contracting for the construction and operation of a  
25 facility under AS 36.30 so long as the facility is not in competition  
26 with a private facility or enterprise.

27 (e) The commissioner of administration shall separately account  
28 for funds collected under this section and deposited in the general  
29 fund. The annual estimated balance in the account may be appropriated

1 by the legislature to the department to carry out the purposes of  
2 AS 41.23.200 - 41.23.310.

3 Sec. 41.23.280. COOPERATIVE MANAGEMENT AGREEMENTS. (a) The  
4 commissioner may enter into a cooperative management agreement for the  
5 management of land and water described in AS 41.23.300 or of other  
6 adjacent land and water with a federal agency, a municipality, another  
7 agency of the state, or a private landowner.

8 (b) The commissioner may transfer the management of a specific  
9 site within a recreation river corridor described in AS 41.23.300 to a  
10 state agency, a municipality, or a private entity to carry out a  
11 program authorized by law or to enhance the objectives of the manage-  
12 ment plan adopted under AS 41.23.240.

13 (c) The commissioner may not manage a recreation river corridor  
14 described in AS 41.23.300 as a unit of the state park system or as a  
15 game refuge, game sanctuary, or a critical habitat. The commissioner  
16 may assign management of a recreation facility or site such as a  
17 campground or a boat launch to the division of parks.

18 Sec. 41.23.290. LIMITATION ON ESTABLISHMENT. State-owned land  
19 and water may be established as a recreation river corridor only by  
20 the legislature.

21 Sec. 41.23.300. ESTABLISHMENT OF RECREATION RIVERS AND RECRE-  
22 ATION RIVER CORRIDORS. Subject to valid existing rights, the state-  
23 owned land and water and all land and water acquired by the state in  
24 the future, including shore and submerged land that lies within the  
25 following described parcels, is established as a recreation river and  
26 reserved as a special purpose area under art. VIII, sec. 7, Constitu-  
27 tion of the State of Alaska and shall be retained by the state and be  
28 managed under AS 41.23.200 - 41.23.310:
