1 IN THE SENATE BY THE RESOURCES COMMITTEE
2 HOUSE CS FOR CS FOR SENATE JOINT RESOLUTION NO. 7 (Resources) am H
3 IN THE LEGISLATURE OF THE STATE OF ALASKA
4 FIFTEENTH LEGISLATURE - SECOND SESSION
5 Relating to oil and gas exploration,
6 development, and production within the
7 Arctic National Wildlife Refuge, Alaska,
8 and declaring state policy.
9 BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:
10 WHEREAS in 1980 the United States Congress suspended the operation of
11 the Mineral Leasing Act of 1920 (30 U.S.C. 191) on the coastal plain of the
12 Arctic National Wildlife Refuge to allow for the study of management alter-
13 natives for the coastal plain; and
14 WHEREAS the coastal plain has been found to have the best potential
15 for onshore oil and gas discoveries in the United States; and
16 WHEREAS Congress recognized the environmental importance of the
17 coastal plain by placing it in the national wildlife refuge system in 1980,
18 and the wildlife and habitat deserve a high standard of protection if oil
19 exploration and development proceed; and
20 WHEREAS exploration and development of oil and gas on the coastal
21 plain could reduce the nation's trade deficit, increase energy security,
22 prevent erosion of the oil and gas industry, improve the national and state
23 economies, and occur with full environmental protection and safeguards; and
24 WHEREAS even when the strictest standards of environmental protection
25 are applied there still can be some risk to land, water, and wildlife from
26 development activity, and Alaskans dependent on subsistence resources of
27 the Arctic National Wildlife Refuge should be protected in the event that
28 there is any damage to subsistence resources; and
29 WHEREAS the people of Alaska, based on the provisions of the statehood

1 compact, are to be treated equally and fairly in the decisions of the
2 United States government regarding revenue sharing, leasing, and develop-
3 ment of public lands, including the coastal plain; and

4 WHEREAS the state's economy is in bad condition, with high unemploy-
5 ment, property foreclosures, and shrinking investment; and

6 WHEREAS the United States Department of the Interior is exploring a
7 number of legislative proposals for the early oil and gas development of
8 the coastal plain;

9 BE IT RESOLVED that the Alaska State Legislature adopts the following
10 consensus points on management of the coastal plain, and strongly urges
11 Congress to act on them:

12 (1) the United States Congress should open the coastal plain to
13 environmentally responsible oil and gas exploration, development, and
14 production under the authority of the Mineral Leasing Act of 1920 (30
15 U.S.C. 191);

16 (2) the United States Congress should provide for maximum par-
17 ticipation and job opportunity for Alaska residents in coastal plain explo-
18 ration and development;

19 (3) the United States Congress should treat Alaska equally and
20 fairly on revenue issues and not depart from the spirit of the statehood
21 compact; and

22 (4) the United States Congress should include language in any
23 coastal plain legislation that addresses indemnification for subsistence
24 users in Alaska, as it did in the Trans-Alaska Pipeline Authorization Act
25 (43 U.S.C. 1653); and be it

26 FURTHER RESOLVED that the Alaska State Legislature urges the state
27 administration to be involved in all aspects of the Arctic National Wild-
28 life Refuge oil and gas development process to ensure that the best inter-
29 ests of the state are protected.

1 COPIES of this resolution shall be sent to the Honorable Ronald
2 Reagan, President of the United States; the Honorable George Bush, Vice-
3 President of the United States and President of the U.S. Senate; the Honor-
