HOUSE JOINT RESOLUTION NO. 14

3

IN THE LEGISLATURE OF THE STATE OF ALASKA

4

SIXTEENTH LEGISLATURE - FIRST SESSION

5

Relating to solid waste management in

6

remote and isolated Arctic communities.

7

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8

WHEREAS the Environmental Protection Agency has proposed new rules to

9

regulate the disposal of solid waste; and

10

WHEREAS the changes proposed by the Environmental Protection Agency

11

will have substantial effects in each community in the state; and

12

WHEREAS many communities in the state affected by the proposed rules

13

are remote and isolated; and

14

WHEREAS ideally suited sites for solid waste disposal are limited by

15

the realities of an Arctic environment; and

16

WHEREAS diverse and severe climactic conditions in Alaska, particular-

17

ly in the Arctic, can severely limit the development and operation of

18

facilities for the disposal of solid waste; and

19

WHEREAS less than three percent of the total number of landfills in

20

the state can use the Environmental Protection Agency cost analysis model

21

to estimate cost compliance with the proposed Environmental Protection

22

Agency rules; and

23

WHEREAS the proposed rules of the Environmental Protection Agency

24

contain no special provisions for small or remote facilities; and

25

WHEREAS the state is now working with unorganized communities not

26

within a borough of the state to devise regional plans for the collection

27

and transportation of solid waste to regional facilities that can comply

28

with the regulations of the Alaska Department of Environmental Conservation

29

on the management of solid waste; and

1 WHEREAS the closure of existing solid waste facilities before the
2 implementation of the plans for the regional facilities will be counterpro-
3 ductive to solutions to solid waste management; and

4 WHEREAS the closure of existing facilities would impede the progress
5 that the state is making in its efforts to assist small communities in the
6 management of their solid waste;

7 BE IT RESOLVED that the Alaska State Legislature requests the Environ-
8 mental Protection Agency to exempt the remote and isolated communities in
9 the state from the rules proposed by the Environmental Protection Agency
10 for solid waste management; and be it

11 FURTHER RESOLVED by the Alaska State Legislature that the Environ-
12 mental Protection Agency work with the Alaska Department of Environmental
13 Conservation to establish and enforce special standards for solid waste
14 management for remote and isolated communities in the state.

15 COPIES of this resolution shall be sent to the administrator of the
16 Environmental Protection Agency, and to the Honorable Ted Stevens and the
17 Honorable Frank Murkowski, U.S. Senators, and the Honorable Don Young, U.S.
18 Representative, members of the Alaska delegation in Congress.
