1 IN THE SENATE BY THE RULES COMMITTEE
2 CS FOR SENATE BILL NO. 422 (Rules) am
3 IN THE LEGISLATURE OF THE STATE OF ALASKA
4 SIXTEENTH LEGISLATURE - SECOND SESSION

5 A BILL

6 For an Act entitled: "An Act relating to guide-outfitter use area permits,
7 the Big Game Commercial Services Board, guide-out-
8 fitters, transporters and air carriers, and providers
9 of other big game commercial services, and commercial
10 use permits; relating to hunting for mountain goat by
11 nonresident hunters; and providing for an effective
12 date."

13 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

14 * Section 1. FINDINGS AND PURPOSE. (a) The legislature finds that

15 (1) unregulated access to game management units by guide-out-
16 fitters

17 (A) can potentially harm the state's valuable big game
18 resources by allowing overharvest of big game species or populations
19 that have a low recovery capacity or that exist in low abundance; and

20 (B) has hindered management of hunters guide-outfitted by
21 guide-outfitters, led to conflicts among guide-outfitters, and de-
22 creased the quality of the hunting experience for clients of guide-
23 outfitters and other hunters;

24 (2) an economically viable guide-outfitter industry can offer a
25 quality hunting experience to hunters from throughout the world who seek a
26 unique opportunity to pursue and take trophy big game animals in the state
27 and can contribute significantly to the state's economy by increasing
28 tourism and supporting a variety of businesses associated with the guide-
29 outfitter industry;

1 (3) the guide-outfitter industry provides an opportunity for
2 enhancing the state's economy, particularly the underdeveloped economies of
3 the rural regions of the state;

4 (4) intense competition exists for big game in many parts of the
5 state and the allocation of access to big game hunting opportunities among
6 guide-outfitters will prevent overharvest of big game in those areas and
7 will provide continued open access to the big game resource by all users;

8 (5) a resource-based management system for allocating access to
9 big game hunting opportunities among guide-outfitters will alleviate con-
10 flicts among guide-outfitters, will provide an effective basis for regulat-
11 ing guide-outfitters, and will enhance conservation and management of big
12 game;

13 (6) a long-term interest in the conservation of wildlife encour-
14 ages sound management practices among users of wildlife and fosters a
15 mutually beneficial relationship between wildlife and the users of wildlife
16 because the user understands that the user's own future well-being is
17 dependent upon wise use of the resource in the present.

18 (b) The purpose of this Act is to

19 (1) establish a resource-based system of allocating access to
20 big game hunting opportunities among guide-outfitters that is fully con-
21 sistent with common use principles of the Constitution of the State of
22 Alaska; and

23 (2) support the conservation and management of the state's
24 wildlife, provide economic and noneconomic benefits to the state and to the
25 citizens of the state, and generate revenue for the state from the wise use
26 of wildlife for commercial purposes.

27 (c) This Act does not affect the existing rights and privileges of
28 subsistence and resident sport hunters to take game in the state.

ARTICLE 5. GUIDE-OUTFITTER USE AREAS.

Sec. 08.54.610. GUIDE-OUTFITTER USE AREAS. (a) The board shall establish guide-outfitter use areas throughout the state. The board shall consider the recommendations of the Department of Fish and Game in identifying the boundaries of the use areas. The board shall adopt the recommendations of the Department of Fish and Game for each use area unless the board obtains a finding from the Department of Fish and Game that an amended use area boundary as proposed by the board will not adversely affect wildlife conservation and management.

(b) The board may amend the boundaries of use areas adopted under (a) of this section if

(1) the Department of Fish and Game finds that the proposed amendment will not adversely affect wildlife conservation and management; and

(2) the board notifies all guide-outfitters who hold use area permits for the affected use areas of the proposed amendment and provides those guide-outfitters with an opportunity to comment on the proposed amendment.

(c) AS 08.54.620 - 08.54.690 do not apply within an area or to the activities of a guide-outfitter within an area of the state that is not included within the boundary of a guide-outfitter use area adopted by the board.

Sec. 08.54.620. OFFERINGS OF GUIDE-OUTFITTER USE AREAS. (a) The board shall annually offer available use areas to qualified guide-outfitters. The board shall stagger the offering of use areas.

(b) The board may request recommendations from the public for use areas to be offered at the next offering of use areas.

(c) The board shall decide whether a use area will be offered for sole or joint use before offering the use area. In making its

1 decision, the board shall consider for each use area

2 (1) information provided by the Department of Fish and Game
3 on the status of big game populations, historical harvests of big
4 game, and uses of wildlife in the use area;

5 (2) information gathered from previous use by guide-outfit-
6 ters that would facilitate big game management and planning;

7 (3) requirements for economically viable guide-outfitter
8 operations;

9 (4) the number of economically viable guide-outfitter
10 operations that the use area could support;

11 (5) the effect of guide-outfitting activities on resident
12 hunters; and

13 (6) other relevant factors, including land ownership con-
14 cerns, land management concerns, and law enforcement concerns.

15 (d) Use areas for which use area permits have expired, been
16 relinquished by the permittee, automatically revoked under AS 08.54.-
17 660, or revoked by the board may be offered by the board at the next
18 offering of use areas.

19 (e) The notice of the offering of use areas must include for
20 each use area

21 (1) the location and a brief description of the use area;

22 (2) whether the use area is available for sole or joint
23 use.

24 **Sec. 08.54.630. GUIDE-OUTFITTER USE AREA PERMIT; REGISTRATION**
25 **PERMIT.** (a) A guide-outfitter use area permit or registration permit
26 authorizes a guide-outfitter to guide-outfit hunts in the use area for
27 those big game species specified by the permit and may limit the
28 number of clients that may be guide-outfitted in the use area each
29 year.

1 (b) A sole use area permit grants to the permittee the sole
2 privilege to guide-outfit hunts for all big game species that occur
3 within the use area. A joint use area permit grants to the permittee
4 the privilege to guide-outfit hunts in the use area for the big game
5 species specified in the permit; however, all joint use area permits
6 for a use area, when considered together, must grant privileges to
7 guide-outfit hunts for all big game species that occur within the use
8 area.

9 (c) A use area that is not awarded to a guide-outfitter under
10 AS 08.54.650 is open to use by guide-outfitters who are certified to
11 guide-outfit hunts in the game management unit in which the use area
12 is located and who obtain a registration permit for the use area. The
13 board may establish the number of registration permits that will be
14 issued for each use area. Registration permits are valid for the
15 calendar year in which they are issued. A registration permit must
16 specify the big game species for which hunts may be guide-outfitted
17 under the authority of the permit.

18 (d) A guide-outfitter may not guide-outfit a hunt for a big game
19 species in a use area, unless the guide-outfitter has a use area
20 permit or registration permit that entitles the guide-outfitter to
21 guide-outfit hunts for that species in that use area.

22 (e) A guide-outfitter shall physically participate in field
23 operations while guide-outfitted hunts are conducted under the author-
24 ity of a use area permit or registration permit held by the guide-
25 outfitter.

26 Sec. 08.54.640. APPLICATION FOR A GUIDE-OUTFITTER USE AREA
27 PERMIT. (a) A guide-outfitter who is licensed under AS 08.54.350 and
28 is certified by the board to guide-outfit hunts in the game management
29 unit in which the use area is located may apply for a guide-outfitter

1 use area permit.

2 (b) A guide-outfitter shall submit a separate application for
3 each use area permit sought. The application shall be made on a form
4 provided by the board and shall be accompanied by the application fee
5 and a proposed operations plan for the conduct of guide-outfitted
6 hunts under the use area permit, including locations of base camps,
7 the number of clients, and the big game species to be hunted.

8 (c) The department shall set the application fee for a guide-
9 outfitter use area permit under AS 08.01.065.

10 Sec. 08.54.650. PROCEDURES FOR AWARDING GUIDE-OUTFITTER USE AREA
11 PERMIT. (a) The board shall adopt procedures for evaluating the
12 qualifications of applicants for guide-outfitter use area permits.
13 The procedures must appropriately balance the criteria included under
14 (b) of this section to ensure that all applicants are afforded a fair
15 opportunity to obtain a use area permit in those game management units
16 for which the applicant is certified by the board.

17 (b) The board shall evaluate each application and determine
18 whether the applicant is qualified for a guide-outfitter use area per-
19 mit under criteria adopted by the board, including

20 (1) the applicant's ability and means to provide the type
21 and quality of guide-outfitting services proposed by the applicant, as
22 demonstrated by the applicant's proposed operations plan;

23 (2) whether the applicant has proposed a guide-outfitting
24 operation in the use area that is economically feasible given the
25 economic resources of the applicant;

26 (3) the applicant's history of safety in guide-outfitting
27 hunts or demonstrated ability to guide-outfit hunts safely;

28 (4) the applicant's history of compliance with state and
29 federal fish and game and guide-outfitting statutes and regulations;

1 (5) the applicant's experience in or knowledge of the use
2 area;

3 (6) the applicant's history of compliance with AS 08.54.-
4 520(a) in regard to prior authorization to enter or remain on state,
5 federal, or private land;

6 (7) whether the applicant has obtained those prior autho-
7 rizations to guide-outfit hunts on state, federal, or private land in
8 the use area from the significant or major landowners in the use area
9 or has demonstrated the ability to acquire those authorizations;

10 (8) whether the applicant holds all permits and licenses
11 necessary to guide-outfit hunts in the use area or has demonstrated
12 the ability to obtain the necessary permits and licenses.

13 (c) If the board determines that more applicants are qualified
14 to receive a use area permit for a use area than there are use area
15 permits available, then the board shall reevaluate the applications of
16 the qualified applicants and, with or without requesting additional
17 documentation, shall select the best qualified applicants to receive
18 the available permits. The board may request the qualified applicants
19 to appear before the board to discuss the applicant's application in
20 regard to the criteria in (b) of this section.

21 (d) The board shall award a use area permit only to a qualified
22 applicant.

23 (e) If a successful applicant does not provide, at the time the
24 board awards the use area permit, proof of the permits and licenses
25 necessary to guide-outfit hunts in the use area or the authorizations
26 to guide-outfit hunts on state, federal, or private land in the use
27 area from the significant or major landowners in the use area, the
28 board shall issue a conditional use area permit that is valid for 120
29 days. A conditional use area permit does not entitle the permittee to

1 guide-outfit hunts within the use area. If the successful applicant
2 provides proof satisfactory to the board within 120 days after issu-
3 ance of the conditional use area permit that the applicant has re-
4 ceived the necessary permits and licenses and land use authorizations,
5 the applicant shall be awarded a use area permit. If the successful
6 applicant does not provide the required proof within 120 days after
7 issuance of the conditional use area permit, the conditional use area
8 permit is void. If a conditional use area permit is voided under this
9 subsection, the board shall offer the use area permit to the next best
10 qualified applicant for the use area.

11 Sec. 08.54.660. TERM AND SUSPENSION OR REVOCATION OF GUIDE-
12 OUTFITTER USE AREA PERMIT; OPERATIONS PLAN. (a) The board shall
13 grant guide-outfitter use area permits for a term not to exceed 10
14 years, unless the board determines, after consultation with the De-
15 partment of Fish and Game, that a longer term will further promote the
16 wildlife conservation and management objectives of the use areas. The
17 term of a use area permit may not in any instance exceed 15 years.

18 (b) The board may after a hearing suspend or revoke a use area
19 permit for

- 20 (1) violation of the conditions of the use area permit;
21 (2) failure to exercise the privileges conferred by the use
22 area permit for one year;
23 (3) a significant unauthorized deviation, as defined by the
24 board, from an operations plan;
25 (4) fraud in applying for a use area permit or assignment
26 of a use area permit; or
27 (5) other good cause, as defined by the board.

28 (c) The board may suspend or revoke a use area permit upon
29 conviction of the permittee of an unlawful act under AS 08.54.520.

1 (d) A use area permit is revoked automatically upon revocation
2 of the permittee's guide-outfitter license. A use area permit is
3 suspended automatically upon suspension of the permittee's guide-
4 outfitter license.

5 (e) If the license of a guide-outfitter is summarily suspended
6 under AS 08.01.075(c), the use area permits held by the guide-out-
7 fitter are suspended automatically until after the final disposition
8 of the disciplinary proceeding by the board.

9 (f) A hearing to suspend or revoke a use area permit may be
10 combined with a disciplinary proceeding under AS 08.01.075 or AS 08.-
11 54.500 involving the use area permittee.

12 (g) A use area permit may be revoked or the terms of the use
13 area permit or an operations plan may be altered by the board for
14 wildlife conservation and management considerations.

15 (h) A use area permittee shall submit an amended operations plan
16 if the permittee intends to vary the permittee's guide-outfitting
17 operation from that stated in the plan. An amended operations plan is
18 not effective until approved by the board. A permittee may not con-
19 duct a guide-outfitting operation outside of the terms of an approved
20 operations plan.

21 Sec. 08.54.670. ASSIGNMENT OF GUIDE-OUTFITTER USE AREA PERMIT.

22 (a) Except as provided in this section, a use area permit may not be
23 sold, leased, or otherwise assigned.

24 (b) A use area permit may be assigned by the board under regu-
25 lations of the board if the assignment is

26 (1) consistent with the purposes of AS 08.54.610 - 08.-
27 54.690;

28 (2) not for consideration to the former permittee;

29 (3) to a guide-outfitter qualified to receive the use area

1 permit; and

2 (4) due to the death or disability of the former permittee
3 or for other good cause, as defined by the board.

4 (c) An assigned use area permit is valid only for the period for
5 which the use area permit was originally issued.

6 (d) If proceedings in which a guide-outfitter license may be
7 revoked or suspended under this chapter are pending against a guide-
8 outfitter, the guide-outfitter's use area permits may not be assigned
9 unless allowed for good cause by the board. During the period for
10 which a guide-outfitter's license is suspended under this chapter, use
11 area permits held by the guide-outfitter may not be assigned.

12 (e) If proceedings in which a guide-outfitter use area permit
13 may be revoked or suspended under AS 08.54.660 are pending against a
14 guide-outfitter, the use area permits that are the subject of the
15 pending proceedings may not be assigned. During the period for which
16 a use area permit is suspended under AS 08.54.660, the use area permit
17 may not be assigned.

18 Sec. 08.54.680. INFORMATION ON GUIDE-OUTFITTER USE AREAS AND
19 COMMERCIAL USE PERMITTEES. (a) The board shall maintain and publish
20 on a regular basis a comprehensive list of all unawarded guide-out-
21 fitter use areas that are open to application for use by qualified
22 guide-outfitters.

23 (b) The board shall maintain a centralized information center
24 where information on guide-outfitter use areas and all commercial use
25 permittees can be readily obtained by guide-outfitters, government
26 agencies, and the public.

27 Sec. 08.54.690. DEFINITIONS. In AS 08.54.610 - 08.54.690

28 (1) "joint use" means the utilization of a guide-outfitter
29 use area by more than one use area permittee;
