2

SENATE JOINT RESOLUTION NO. 33

3

IN THE LEGISLATURE OF THE STATE OF ALASKA

4

SIXTEENTH LEGISLATURE - FIRST SESSION

5

Relating to reauthorization of the

6

Magnuson Fishery Conservation and Man-

7

agement Act by Congress.

8

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF ALASKA:

9

WHEREAS the Magnuson Fishery Conservation and Management Act of 1976

10 is due for reauthorization by the Congress by September 30, 1989; and

11

WHEREAS the Magnuson Fishery Conservation and Management Act is the

12

most significant federal fisheries legislation in the history of our coun-

13

try; and

14

WHEREAS with the enactment of the Magnuson Fishery Conservation and

15

Management Act the United States became the world leader in firmly estab-

16

lishing a sound foundation for rational marine fisheries management; and

17

WHEREAS while the Magnuson Fishery Conservation and Management Act

18

states that the United States has jurisdiction over American anadromous

19

species, such as salmon and steelhead, on the high seas beyond the United

20

States Exclusive Economic Zone, the federal government claims some ambigu-

21

ity exists on asserting that jurisdiction for the purpose of stopping

22

illegal harvests of salmon and steelhead on the high seas; and

23

WHEREAS Alaska, Washington, and Oregon are losing hundreds of millions

24

of dollars annually due to the illegal harvest of North American salmon and

25

steelhead on the high seas, which substantially affects the American econo-

26

my and the United States' balance of trade;

27

BE IT RESOLVED that the Alaska State Legislature respectfully requests

28

the Congress to reauthorize the Magnuson Fishery Conservation and Manage-

29

ment Act this year and to add the following amendments as a minimum:

1           (1) a reemphasis that the Governing International Fisheries  
2 Agreements with foreign fishing nations require boarding of all foreign  
3 vessels on the high seas as part of the United States' extended jurisdic-  
4 tion over anadromous species and mandate that the boarding and the seizure  
5 of evidence of violations of the agreements be nondiscretionary;

6           (2) establishment of salmon protection zones beyond the United  
7 States and Soviet Exclusive Economic Zones and creation of a rebuttable  
8 presumption that salmon discovered on board vessels within the salmon  
9 protection zones are salmon of North American or Soviet origin;

10          (3) a prohibition on the sale, purchase, transport, or further  
11 marketing of anadromous fish not harvested within fisheries authorized  
12 under international treaty or within the Exclusive Economic Zone of the  
13 nation of origin of the anadromous fish;

14          (4) a Congressional declaration calling for ending high seas  
15 gillnet fishing beyond the Exclusive Economic Zones of all nations by 1992  
16 and directing the U.S. Secretary of State to develop by 1992 a new interna-  
17 tional fisheries organization consisting of all the salmon-producing  
18 nations in the world;

19          (5) extension of state jurisdiction from 3 miles to 12 miles for  
20 the purpose of managing living marine resources and in order to make the  
21 seaward boundaries of all states' waters consistent;

22          (6) expand the sanctions under the Pelly amendment to include  
23 any product imported into the United States from any violating nation;

24          (7) a requirement that transponders, transmitters, or other type  
25 of satellite communications device appropriate to provide instantaneous  
26 locational information be required on board all foreign vessels fishing  
27 within identified salmon zones;

28          (8) a requirement that federal intelligence agencies provide  
29 available information to the U.S. Coast Guard on the location of foreign

1 fishing vessels without jeopardizing national security interests;

2           (9) a clarification that regional fishery management councils do  
3 have the authority to establish mandatory, 100 percent coverage, observer  
4 programs for domestic groundfish fishing vessels, and that these are to be  
5 paid for by industry user fees;

6           (10) a declaration that the current geographic balance of the  
7 membership of the North Pacific Fishery Management Council is appropriate;

8           (11) a mechanism for a community development quota of groundfish  
9 to be used for fisheries development in small rural communities of Alaska.

10         COPIES of this resolution shall be sent to the Honorable George Bush,  
11 President of the United States; the Honorable Dan Quayle, Vice-President of  
12 the United States and President of the U.S. Senate; the Honorable James A.
