A BILL

FOR AN ACT ENTITLED

1 "An Act concerning the exercise of authority by the state and its municipalities, and the
2 recovery of damages by the state and its municipalities and villages, in matters relating
3 to environmental conservation, and relating to the liability of villages for environmental
4 response actions and to state assistance to municipalities and villages for expenses for
5 prevention and abatement of environmental degradation; and providing for an effective
6 date."

7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF ALASKA:

8 * Section 1. INTENT. The provisions of AS 29.60.500 - 29.60.599, added by sec. 7 of this Act, are
9 not intended by the legislature to confirm long-term benefits on municipalities receiving financial
10 assistance under those provisions.

11 * Sec. 2. AS 29.35.020(b) is amended to read:

12 (b) A municipality may adopt an ordinance to exercise a power authorized by this
13 subsection [PROTECT ITS WATER SUPPLY AND WATERSHED,] and may enforce the

1 ordinance outside its boundaries. Before ~~a~~ [THIS] power authorized by this subsection may
2 be exercised inside the boundaries of another municipality, the approval of the other municipality
3 must be given by ordinance, and before a power authorized by this subsection may be
4 exercised inside a village, as that term is defined by AS 46.08.900, the approval of the
5 village must be given by resolution. A municipality intending to exercise its authority under
6 this subsection shall act by ordinance, and may adopt an ordinance under this subsection
7 to

8 (1) protect its water supply and watershed; or
9 (2) contain, clean up, or prevent the release or threatened release of oil or
10 a hazardous substance that may pose an imminent or substantial threat to persons,
11 property, or natural resources within the municipality's boundaries; however, this
12 paragraph does not authorize a municipality to enforce an ordinance outside its boundaries
13 to regulate exploration, development, production, or transportation of oil, gas, or minerals
14 in a manner inconsistent with the state's management of those resources, and enforcement
15 of the ordinance must be consistent with a regional master plan prepared by the
16 Department of Environmental Conservation under AS 46.04.210; in this paragraph,
17 "natural resources" has the meaning given in AS 46.03.826.

18 * Sec. 3. AS 29.35.020 is amended by adding a new subsection to read:

19 (e) In this section, "village"

20 (A) means the area within a five-mile radius of the village post office or,
21 if there is no post office, another site designated by the commissioner;

22 (B) does not include an area described in (A) of this paragraph that is
23 within a city or another village.

24 * Sec. 4. AS 29.35.200 is amended by adding a new subsection to read:

25 (d) A first class borough that exercises power necessary to contain, clean up, or prevent
26 a release or threatened release of oil or a hazardous substance, and exercise a power granted to
27 a municipality under AS 46.04, AS 46.08, or AS 46.09 shall exercise its authority in a manner
28 that is consistent with a regional master plan for the region in which the borough is located if
29 a plan has been prepared by the Department of Environmental Conservation under AS 46.04.210.

30 * Sec. 5. AS 29.35.210(a) is amended by adding a new paragraph to read:

31 (13) contain, clean up, or prevent a release or threatened release of oil or a

1 hazardous substance, and exercise a power granted to a municipality under AS 46.04, AS 46.08,
2 or AS 46.09; the borough shall exercise its authority under this paragraph in a manner that is
3 consistent with a regional master plan for the region in which the borough is located if a plan
4 has been prepared by the Department of Environmental Conservation under AS 46.04.210.

5 * Sec. 6. AS 29.35.220 is amended by adding a new subsection to read:

6 (e) A third class borough may by ordinance exercise power necessary to contain, clean
7 up, or prevent a release or threatened release of oil or a hazardous substance, and exercise a
8 power granted to a municipality under AS 46.04, AS 46.08, or AS 46.09, but the power
9 authorized by this subsection may be exercised only on a nonareawide basis. The borough shall
10 exercise its authority under this subsection in a manner that is consistent with a regional master
11 plan for the region in which the borough is located if a plan has been prepared by the
12 Department of Environmental Conservation under AS 46.04.210.

13 * Sec. 7. AS 29.60 is amended by adding new sections to read:

14 ARTICLE 6. OIL AND HAZARDOUS SUBSTANCE MUNICIPAL
15 IMPACT ASSISTANCE.

16 Sec. 29.60.500. PURPOSE AND POLICY. (a) The legislature finds and declares that
17 a major release of oil or hazardous substances into the environment presents a real and substantial
18 threat to the economy and public welfare of the municipalities and villages that are affected by
19 the release and the resultant activities to contain and clean up the release.

20 (b) The legislature concludes that it is in the best interest of the state and its citizens to
21 provide a readily available fund for the payment of the expenses incurred by municipalities and
22 villages to mitigate the social and economic effects that arise out of a major release of oil or
23 hazardous substances and resultant cleanup activities.

24 (c) It is the intent of the legislature and declared to be the public policy of the state that
25 money to defray the cost of social and economic effects on municipalities and villages arising
26 from a major release of oil or a hazardous substance and resultant cleanup activities and to pay
27 for efforts to abate that major release will be immediately available in the event of a disaster
28 emergency relating to the release.

29 Sec. 29.60.510. MUNICIPAL IMPACT GRANTS AUTHORIZED. (a) If a release of
30 oil or a hazardous substance constitutes a disaster emergency, the commissioner may use money
31 from the oil and hazardous substance release response fund to make grants to a municipality or

1 village that is affected by the release or by the response to the release and that demonstrates that
2 the release or response to the release involves extraordinary expenditures that are beyond the
3 reasonable capability of the municipality or village to meet from the current revenue sources of
4 the municipality or village.

5 (b) For each disaster emergency, and subject to agreement with the commissioner of
6 environmental conservation as to the amount of money in the fund that may be used by the
7 department to make grants, the commissioner may expend not more than \$10,000,000 of the
8 balance of the fund that is appropriated to the spill reserve or of the unrestricted balance of the
9 fund for grants authorized under this section. If the commissioner and the commissioner of
10 environmental conservation do not agree on the amount of money in the fund that may be used
11 by the department to make grants under AS 29.60.500 - 29.60.599, the governor shall make the
12 determination.

13 (c) Notwithstanding the limitation of AS 37.07.080(e) against the transfer of money
14 between appropriations, when the commissioner and the commissioner of environmental
15 conservation have agreed to the amount of money in the fund that may be used by the
16 department to make grants, or when that determination has been made by the governor, the
17 commissioner of environmental conservation shall promptly transfer that amount to the
18 department for use under AS 29.60.500 - 29.60.599.

19 (d) For money that has been transferred under (c) of this section, if within any one-year
20 period thereafter the commissioner does not use the money to make a grant under AS 29.60.500 -
21 29.60.599, the commissioner shall, at the direction of the governor or the request of the
22 commissioner of environmental conservation, return the unexpended amount transferred under
23 (c) of this section to the fund.

24 Sec. 29.60.520. PURPOSES OF MUNICIPAL IMPACT GRANTS. (a) A grant made
25 under AS 29.60.510 may be made only

26 (1) for a service, including all incidental administrative costs related to the
27 service, that is directly or indirectly affected by efforts associated with prevention, abatement,
28 containment, or removal of oil or a hazardous substance and that relates to

29 (A) subsistence resource protection to ensure the continued viability of
30 fish, wildlife, and other resources on which the residents of the municipality or village
31 rely for subsistence needs;

- 1 (B) alleviation or mitigation of adverse social or cultural effects;
- 2 (C) public health and welfare needs, including hospital, clinic, and
3 emergency medical services; alcohol, drug abuse, and mental health services; family
4 support services; and the operation of waste disposal systems and water quality
5 improvement systems;
- 6 (D) public safety needs, including police protection, search and rescue, and
7 fire protection;
- 8 (E) public utility needs, including the operation of electric generating
9 plants and distribution systems, water supply systems, telephone systems, and fuel
10 distribution systems;
- 11 (F) housing and office needs;
- 12 (G) transportation needs;
- 13 (H) public administration needs, including the value of the time of staff
14 and administrative personnel necessary to direct efforts to prevent, abate, contain, and
15 remove oil or a hazardous substance; and
- 16 (I) planning needs, including the value of the time of staff and
17 administrative personnel necessary to coordinate efforts with other governments to
18 prevent, abate, contain, and remove oil or a hazardous substance; and
- 19 (2) to compensate the municipality or village for
- 20 (A) the reduction of revenue attributable to the release of the oil or
21 hazardous substance; and
- 22 (B) the costs of projects or activities that are delayed or lost because of
23 the efforts of the municipality or village responding to the release or associated with the
24 containment or cleanup of oil or the hazardous substance.
- 25 (b) Money received by a municipality or village under AS 29.60.500 - 29.60.599 may
26 not be used for
- 27 (1) a capital improvement, as that term is defined by AS 46.08.900(1); or
- 28 (2) a capital expenditure, unless the capital expenditure is necessary for a spill
29 response; if money is used for a capital expenditure under this paragraph, the commissioner may
30 require the municipality or village that acquired the item as a capital expenditure to transfer it
31 to the state at the end of the period during which the item is actually used for spill response if

1 the commissioner finds that retention of the item would confer an inappropriate benefit on the
2 municipality or village.

3 Sec. 29.60.530. CRITERIA TO EVALUATE GRANT APPLICATIONS. (a) In
4 determining whether an expenditure or proposed expenditure by a municipality or village is
5 eligible for a grant under AS 29.60.510, the department shall consider

6 (1) the degree to which the effect on the municipality or village is directly caused
7 by the oil or hazardous substance release or the response to the release;

8 (2) the availability of money to the recipient from other sources that can meet the
9 costs of providing the functions or services; and

10 (3) the severity of the effect addressed in the grant application.

11 (b) The department may reject an application for a grant under AS 29.60.510 or approve
12 an application for a grant in an amount that is less than the amount requested by a municipality
13 or village if the department determines that payment of the amount requested is not warranted
14 under (a) of this section.

15 (c) The department shall adopt, by regulation, criteria by which to rank all or a portion
16 of applications for the purpose of establishing the priority order of awarding grants if money
17 requested by eligible municipalities and villages under this section exceeds the amount available.
18 The criteria must be based on the elements set out in (a) of this section. If the total amount of
19 money requested by eligible municipalities and villages under this section exceeds the amount
20 available, the department shall rank applications for the purpose of establishing the priority order
21 of awarding grants in accordance with the regulations.

22 Sec. 29.60.540. LIMITATIONS ON USES OF GRANTS BY MUNICIPALITIES. A
23 municipality may not use a grant made under AS 29.60.510 to reduce current municipal tax rates
24 or to retire its existing bonded indebtedness.

25 Sec. 29.60.550. RECORDS. The department shall maintain records showing the income
26 and expenses of grants made under AS 29.60.510, and shall develop procedures governing the
27 expenditure of, and accounting for, money expended.

28 Sec. 29.60.560. IMPACT ASSESSMENT AND REMEDIAL PLANS. (a) For each
29 disaster emergency based on a release of oil or a hazardous substance, the commissioner, after
30 consulting with and securing the written approval of the attorney general and after consulting
31 with other state agencies, shall

- 1 (1) make an assessment of the social and economic effects of the release of the
2 oil or hazardous substance;
- 3 (2) develop a plan to
- 4 (A) recover the cost of release-related expenditures; and
- 5 (B) mitigate the social and economic effects of the release of the oil or
6 hazardous substance on the municipalities, the villages, and the region in which the
7 discharge occurs;
- 8 (b) The commissioner may make the assessment and plans required by (a) of this section
9 by
- 10 (1) using staff of the department;

- 12 (3) authorizing a municipality or other entity to perform that work and supporting
13 that effort by a grant.
- 14 (c) Only one assessment and one plan may be completed under this section for each
15 disaster emergency.
- 16 (d) The commissioner may pay the costs of the assessment, the plan, and the recovery
17 of the cost of release-related expenditures from money available in the fund.
- 18 (e) Expenditures made under this section may be made only from the amount transferred
19 to the commissioner under AS 29.60.510(c), unless
- 20 (1) the commissioner and the commissioner of environmental conservation
21 mutually agree that payment may be made from money in the oil and hazardous substance release
22 response fund not transferred under AS 29.60.510(c); or
- 23 (2) the commissioner pays them from another source.
- 24 Sec. 29.60.590. REGULATIONS. The commissioner and the commissioner of
