FOR AN ACT ENTITLED

1 "An Act establishing the Alaska Mental Health Trust Authority and defining its powers

4 service program for the beneficiaries of the trust; abolishing the Interim Mental Health
5 Trust Commission; relating to the Older Alaskans Commission and the Governor's Council

2 the serious and significant legal questions attending the status of that trust

3 (1) in accordance with the holding in the decision *State v. Weiss*, 706 P.2d 681 (Alaska
4 1985), and the principles that guided the development and enactment of ch. 48, SLA 1987;

5 (2) in a manner that

6 (A) provides fair compensation to the trust as agreed upon by the parties to the
7 litigation, subject to approval by the court as fair and equitable to the beneficiaries of the trust;

8 (B) provides adequate assurances that the trust will be administered properly and
9 in a way that determines and meets the necessary expenses of a comprehensive service program
10 for the beneficiaries of the trust;

11 (C) assures appropriate expenditures from the trust;

12 (D) establishes an independent trust authority; and

13 (E) is enforceable.

9 P.L. 84-830, 70 Stat. 709; and

10 (2) the mental health trust income account established under AS 37.14.021.

11 (b) In its capacity as the trustee of the trust established by the enabling Act, the authority
12 has full powers over the corpus and income of the trust.

13 Sec. 37.14.006. TRUST MANAGEMENT. (a) The Alaska Mental Health Trust
14 Authority

15 (1) shall manage the assets of the trust according to the prudent-person rule; the
16 prudent-person rule as applied to investments of the authority means that in making investments
17 the board shall exercise the judgment and care under the circumstances then prevailing that an
18 institutional investor of ordinary prudence, discretion, and intelligence exercises in the
19 management of large investments entrusted to it not for speculation but for the permanent
20 disposition of funds, considering probable safety of capital as well as probable income; an
21 evaluation to determine whether the board has exercised the requisite judgment and care in its
22 management of the investments of the trust must be

23 (A) based on the facts and circumstances prevailing at the time the asset
24 was incorporated into the trust; and

25 (B) made on an asset-by-asset basis taking into account the entire
26 investment portfolio of the trust;

27 (2) may, notwithstanding (1) of this subsection, retain assets of the trust that have
28 been incorporated into the trust with the trust's establishment until the board determines that it
29 is in the best interests of the trust to exchange or otherwise dispose of those assets;

30 (3) may, notwithstanding (1) of this subsection, use land that is an asset of the
31 trust directly for a comprehensive service program for the trust beneficiaries; and

1 (4) shall delegate management of trust land described in AS 37.14.013(a)(3) to
2 the Department of Natural Resources unless the enforcement provisions of AS 37.14.019 require
3 direct active management by the authority.

4 (b) At the end of each fiscal year, the authority shall transfer from the trust income
5 account established in AS 37.14.021 to the mental health trust corpus an amount sufficient to
6 offset the effect of inflation on the value of the money in the trust corpus during that year, as
7 measured by the change in the calendar year average United States Consumer Price Index for all
8 urban consumers or, if that index no longer exists, an equivalent index.

9 (c) At least annually, the authority shall prepare, publish, and distribute to the legislature
10 and make available to the public a financial report indicating trust revenue and expenditures, and
11 including a statement of its method of allocating the assets of the trust among appropriate
12 investment vehicles. The asset allocation policy shall be designed to provide for prudent
13 diversification and to meet the investment objectives and needs of the authority.

26 as legislatively-designated land;

27 (4) money appropriated by the legislature on or before the effective date of this
28 Act and paid by the state to the trust in partial satisfaction of the value of land granted under the
29 enabling Act and not retained by the trust; and

30 (5) money owed by the state to pay for the value of land granted under the
31 enabling Act and not retained by the trust.

1 (b) The value of land granted to the state under the enabling Act and reconstituted as part
2 of the mental health trust corpus by (a) of this section is the amount determined under the
3 procedures approved by the Interim Mental Health Trust Commission established by sec. 1, ch.
4 132, SLA 1986, as set out in the commission's November 7, 1989, resolution.

5 Sec. 37.14.015. PAYMENT BY STATE FOR LAND NOT RETAINED IN THE TRUST.

6 (a) On July 1 of each year, for the land granted under the enabling Act that is not retained by

12 AS 37.14.013(a)(5).

13 (c) When a principal payment in addition to the required annual payment under (a) of
14 this section is made by the state or when land is conveyed by the state to the trust under (b) of
15 this section,

16 (1) the amount due the trust under AS 37.14.013(a)(5) shall be reduced by the
17 amount of the payment or the value of the land conveyed; and

18 (2) the state and the authority shall recalculate the annual payment, the
19 recalculated payment to be effective as of the next annual payment date under (a) of this section.

20 (d) The value of land granted to the state under the enabling Act and not retained by the
21 trust for which payment is due the trust under AS 37.14.013(a)(5) is the amount determined
22 under the procedures approved by the Interim Mental Health Trust Commission established by
23 sec. 1, ch. 132, SLA 1986, as set out in the commission's November 7, 1989, resolution.

24 Sec. 37.14.017. RENT PAYABLE FOR LEGISLATIVELY-DESIGNATED LAND. (a)
25 On July 1 of each year, for trust land identified in AS 37.14.013(a)(3) the state shall pay rent for
26 that fiscal year to the authority.

27 (b) The annual rent payable for the land identified in (a) of this section is equal to eight
28 percent of the value of the land. At least every five years the value of the land shall be
29 redetermined as follows:

30 (1) the state assessor in the Department of Community and Regional Affairs shall
31 assign the land identified in (a) of this section to geographic areas; in making the assignment,

1 the assessor shall assign trust land outside a municipality to the nearest municipality;

2 (2) the number of acres of land identified in (a) of this section in each geographic
3 area to which the land is assigned by the state assessor shall be divided by the total number of
4 acres identified in AS 37.14.013(a)(3) to determine the weighting factor;

5 (3) the weighting factor for each area shall be multiplied by the average
6 percentage change in land values in the geographic area since the last valuation, as determined
7 by the Department of Community and Regional Affairs under the full value determination
8 procedure specified in AS 14.17.140, to determine the weighted value change for that area;

9 (4) all of the weighted value changes shall be added together to determine the
10 revaluation factor, expressed as a decimal; and

11 (5) one plus the revaluation factor shall be multiplied by the previous total value
12 of the land identified in AS 37.14.013(a)(3) to arrive at the redetermined value of the land
13 identified in AS 37.14.013(a)(3).

14 Sec. 37.14.019. ENFORCEMENT OF PAYMENTS DUE THE TRUST. (a) If the state
15 fails to make a payment required under AS 37.14.015 or 37.14.017, the chief executive officer

22 to the authority to secure enforcement of its claim for payment.

24 the chair of the board shall convene the board to determine whether the authority shall exercise
25 its rights under this section to collect the payment.

26 (d) If authorized by the board, the authority may apply to the superior court to require
27 payment. If the court determines that a payment due has not been made, the court shall issue
28 a judgment and order to the state, determining the amount of the payment that is due and
29 directing that payment be made. In a proceeding under this subsection, the court is limited to
30 a determination of whether a payment due the authority is due and unpaid and the amount that
31 is due and unpaid. The court shall include in the judgment the authority's full attorney fees. The

1 judgment bears interest at the rate of 10.5 percent per year. The clerk of the court shall provide
2 copies of a judgment and order entered under this subsection to the officials named in (a) of this
3 section.

4 (e) If a judgment and order is issued under (d) of this section while the legislature is in
5 session, the state shall make the payment required by the order within 30 days of the date of the
6 order. If the judgment and order is issued while the legislature is not in session, the state shall
7 make the payment required by the order within 60 days of the date of the order.

8 (f) If, at the end of the period allowed under (e) of this section, the state has failed to
9 satisfy a judgment and order issued under (d) of this section, and if the action is authorized by
10 the board, the authority may apply for and obtain from the court a writ of attachment or writ of
11 execution against the state in the amount due under the judgment and order. The authority

12 (1) shall first attempt to satisfy a writ of execution or attachment out of the bank
13 or other financial accounts of the state;

14 (2) shall, if the judgment and order is not fully satisfied on return of a writ under
15 (1) of this subsection, execute against unencumbered real property of the state;

16 (3) shall, if the judgment and order is not fully satisfied on return of writs under
17 (1) and (2) of this subsection, petition the court to issue an order providing that the authority
18 shall manage the land identified in AS 37.14.013(a)(3) to fulfill the purposes of the trust without
19 regard to its legislatively-designated purpose and receive the income from that land;

20 (4) may, if the judgment and order is not fully satisfied after exhausting the
21 remedies under (1) - (3) of this subsection, foreclose on any security that the authority may have
22 or use another remedy that may be available to the authority.

11 requirements of law, the authority shall negotiate with the conveyee to establish

12 (1) the value of the land to be conveyed and the value of replacement land, if any,
13 to be incorporated into the trust; if the conveyee proposes to exchange trust land for other land,
14 the conveyee shall make available to the trust replacement land that is of at least equal value and
15 with at least equal income production potential at the time of its transfer or conveyance to the
