III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

The Department of Commerce & Economic Development will reach a written agreement with the authors of the bill and legislative committees as to the intent of the study. The study would be contracted out to a private firm or university group on a competitive bid basis. The Division of Economic Enterprise would negotiate the contract and terms, monitor and co-direct the study effort and give approval on final study report when acceptable as meeting the terms of the contract. The Division of Economic Enterprise will absorb the necessary costs internally for accomplishing the above. Contractual agreement will contain provisions for preparing and publishing the final study report.
