February 26, 1979

LETTER OF INTENT ON HB 704:

The intent of this bill, as explained by the sponsor and accepted by the Committee, is to endorse a standardized plan. The Brown's Court School would be built using a standard plan for small (one or two-room) rural schools, to demonstrate that substantial cost savings can be achieved through the reduction in design costs and shortening of time lag between appropriation and construction.

If the pilot project is successful the plan may be used with a number of other small rural schools scheduled for construction in the near future. The Department of Education favors this proposal.

A handwritten signature in cursive, appearing to read "Charles H. ...".

"An Act making a special appropriation to the Department of Public Works, school facility at Brown's Traylor Court; effective date."
