HOUSE JOURNAL

HB 706  
Letter of Intent

HB 706 is a companion bill to HB 705, and provides funding for the Department of Law to protect the interests of the State in proceedings before Federal agencies involving a pipeline carrier. The bill provides funding for FY 76.

It is the intent of the committee that the Department of Law utilize these funds to vigorously pursue the State's interests in rate proceedings before the Interstate Commerce Commission involving the Trans-Alaska Pipeline. The committee believes that time is of the essence and that a full-time expert in ICC matters should be retained immediately to take steps to see that the pipeline tariff is set at a level which will fairly reflect its reasonable costs and a reasonable rate of return, so that the State's future revenues will not be unnecessarily reduced.

FROM: Hugh Malone

SUBJECT: CSHB 706

On review of the Committee Substitute for HB 706 we discovered that the funding was made to the Pipeline Commission for FY 76 as an allocation. Therefore, lapsing these funds by law will not reach the purpose of the bill. I have decided to send out the original bill in place of the committee substitute. If you have no objections, would you please sign the amended Committee Report at my office, Room 413.

Thank you.
