LETTER OF INTENT

HB 909 makes an appropriation of \$520,000 to the Department of Public Works for contract of a school for Anderson where the elementary school recently burned. The committee has been advised there is between \$300,000 and \$340,000 in additional funds available in the insurance on the elementary school at Anderson which should be combined with the appropriation in HB 909 for the purposes of school construction.
