WE URGE THE PASSING OF THE BILL FOR A NEW PIONEER HOME AT  
KETCHIKAN. WE ARE FOUR GENERATIONS LIVING IN KETCHIKAN.  
ALSO THERE ARE APPROXIMATELY 800 LONGIVITY PIONEERS HERE.  
A HOME WOULD BE A BLESSING FOR MANY OLD TIMERS WHO HAVE  
FRIENDS AND RELATIVES HERE, ESPECIALLY IN THEIR LATER YEARS  
WHEN THEY NEED THE LOVE OF THOSE CLOSE, RESPECTFULLY.

WILLIAM J FULLAN, CERTIFIED PUBLIC ACCOUNTANT

February 17, 1975

Representative Susan Sullivan  
Pouch "V"  
State Capitol  
Juneau, Alaska 99801

Dear Mrs. Sullivan,

I'm Writing to you to ask for your support of House Bill No. 129, which was introduced by Representative Mike Miller of Juneau.

As a non-smoker, I am very much in favor of this bill as it would insure my right to clean, fresh air indoors as well as outdoors. We have many laws governing the outside air, but none to govern the inside air. I have a great deal of trouble when I go out, especially to meetings and other public places.

I will appreciate your efforts on behalf of this bill.

Thank you.

Very truly yours,

Joyce Fuhr (Miss)  
1720 Muldoon Circle, #3  
Anchorage, Alaska 99504

JUNEAU ALASKA

Alaska State Legislature  
House

January 31, 1975

David Freer, Admin. Officer  
Dept. of Health & Social Services  
Pouch H  
Juneau, Alaska 99801

Dear Mr. Freer:

We have, in the Health Education and Social Services Committee, HB 104 This bill concerns the Ketchikan Pioneers Home proposition and we hope to have it on our agenda in the next few weeks.

We would appreciate any background information that you feel would be relevant in our meetings.

Thank you for your attention to these matters.

Sincerely,

*Susan Sullivan*

Susan Sullivan, Chairperson

MEMO            February 12, 1975  
FROM            SENATOR   ZIEGLER  
TO              REPRESENTATIVE SULLIVAN  
RE              KETCHIKAN PIONEERS HOME

It is my understanding you are going to be holding public hearings in the near future on the House bill which is the counterpart of Senate Bill 25, pertaining to the construction of a Pioneers Home in Ketchikan. That's good.

I am enclosing many petitions which are indicative of the fact that a great many people who reside in Ketchikan think the idea is an excellent one and that the need exists.

RHZ/pkz

ALASKA STATE LEGISLATURE

7530 MARGE COURT  
ANCHORAGE, ALASKA 99504  
333 6412

POUCH V  
JUNEAU, ALASKA 99801  
465-3797  
RESIDENCE 586-8159

HOUSE OF REPRESENTATIVES

May 20, 1975

Robin Taylor; President  
Greater Ketchikan Chamber of  
Commerce  
P.O. Box 2637  
Ketchikan, Alaska 99811

Dear Mr. Taylor:

Thank you for your letter of March 6 in which you address three issues currently before the Legislature.

The first of these relates to House Bill 104, "Bond of \$5,000,000 for Ketchikan Pioneer's Home". Our committee showed strong support for this bill, passing it on to the Finance Committee with a unanimous "do pass" recommendation. As it has yet to go to the Senate, it is very unlikely that HB 104 will be enacted this session. I will, however, follow its progress closely, and do whatever I can to expedite its passage.

Senate Bill 8 which pertains to the second issue you discussed, appropriation for a bridge to the Ketchikan Airport, is still in Senate Committee. It will, therefore, probably not be taken up by the House until next year. As this bill does not relate closely to Health, Education, and Social Services, I doubt that it will be sent to our committee, but will take your letter into consideration when it comes to the House.

As you have no doubt heard, the bill to increase workmen's compensation benefits, Senate Bill 146, was passed into law despite the Governor's veto.

Again, thank you for your letter as it has been most helpful to me in assessing public opinion in the Ketchikan area.

Yours truly,

*Susan Sullivan*

March 6, 1975

WILLIAM L. BAKER  
General Manager

Honorable Susan Sullivan  
State House of Representatives  
State Capitol Building Pouch V  
Juneau, Alaska 99811

Dear Representative Sullivan:

Our Chamber is planning its annual visitation to Juneau in a short time and hopes to discuss some matters of mutual interest with you. In the meantime, we hope you will consider some items of immediate interest and their possible effect on Greater Ketchikan.

Some of our civic leaders testified before the House Committee on Health, Education and Social Affairs requesting a Pioneers' Home for this area. This project has been under study for several years and there are 800 or more persons over 60 who might qualify, so we do need the Pioneer Home Legislation and the unanimous "do pass" vote from the House Committee. It is hoped you will support this Legislation on its way through the session.

Senators Robert Ziegler and Pete Meland have offered a measure to start planning the designing of a bridge to connect the new international airport on Gravina Island with the city of Ketchikan, which is located across Tongass Narrows. Its construction would lead to development of Pennock Island, which lies between Gravina and Ketchikan as well as Gravina itself near the airport. The bridge would eliminate a costly and expensive airport ferry service operated by the Gateway Borough and speed up the flow of traffic to and from the airport. The State Highway Department has prepared studies on four proposed routes.

A pending measure on Workmen's Compensation, which would average the payroll income from all Alaskans, would work a hardship on existing industry in Southeastern Alaska. Existing operators and those coming onto the scene from native corporations have a high-cost, high freight rate barrier that excludes them from most stateside markets in some fields, including lumber. The chief

KETCHIKAN RAINBIRD

Page 2 March 6, 1975 Susan Sullivan

buyer of lumber products in recent years, Japan, is suffering from galloping inflation, high fuel costs and high interest rates. Some 3,000 people depend on the timber industry in our area for jobs and the past few months have seen unemployment increasing rapidly due to the depressed market. Anything that can sustain employment in these industries will reduce unemployment costs, keep many Alaskans in a self-supporting situation and maintain schools, utilities and other public services needed in the area. By increasing the cost of doing business in Alaska, we make our basic industry less able to compete for the markets of similar industry down south.

Most coastal towns in Alaska depend on seafoods for major income and with consumers unable to afford king or tanner crab or even canned salmon, any artificial increase in costs of producing these products deals Alaskans a costly blow. The crab fleet has taken a real beating this year due to the falling demand. Prices paid to fishermen in our area must go down as a result of this depressed market. It can hardly be called a wise move to hitch costs of timber and seafood production to a booming demand for oil and natural gas. As a matter of record, Alaskans last fall voted to use part of the petroleum royalty income to help restore waning salmon stocks and even improve timber stands, to assure a varied economy throughout Alaska and a stable continuity for our renewable resource industry.

Since you Legislators are working for a better state-wide economy, I know you will consider these factors before reaching decisions on the matters discussed herein. It is better to sustain the industry we have than to contribute to its demise. By averaging in the huge inflated wages of pipeline workers with those of the depressed areas, the depressed industries will suffer. We hope you will vote against this further burden on our renewable resource industries.

Sincerely yours,

*Robin Taylor*
