HESS COMMITTEE MEETING

April 24, 1975

Members Present:

All Present

Chairman Sullivan called the meeting to order at 3:00-. The first order of business was HB 435 by McKinnon.

HB 435 McKinnon gave briefing of the bill.
The actual fiscal note is \$49,200, this will actually cost considerably less in consideration of the revenue for the State of Alaska.

Hackney I am not in favor of just sending this directly on to Finance Committee.

McKinnon Since HB 111 will most likely be held up in Finance Committee because of a inaccurate fiscal note, that is the purposed of this bill. \$420,000 a year in Anchorage spent on animal control, this will be reduced in future years.

Hackney Still opposed to the concept, 'The State cant' afford this at the present time.

Ose Seems like it would be cheaper for the Anchorage Borough to carry this program on itself.

Ostrosky In support of the bill. In contact with the Anchorage Animal Shelter and it is true that the problem is getting out of hand.

Davis Motion to Table the bill.

Hackney Seconded

Motion failed 4 to 4.

Ostrosky Motion to move out with 'individual recommendation'.

Parr Seconded

Chairman Motion passes the Committee.

CSHB 229

Overstreet The present system is subject to inequitable funding. A careful study needs to be undertaken. Our primary thrust in the past three years has been exactly what this bill would take care of.

Swanson Who will be doing the hiring for this study, someone from the outside?

Page Two

Overstreet I will not be doing the hiring, You should direct your question to Commissioner Lind.

Lind Outside assistance would only happen if we could not do it ourselves. It is not our intent to get outside help for the build of the work. This is a necessary report. BIA funds will be for 18 months of personal services = \$62,000 (confirmed figure). Spencer Foundation for \$20,000 requested (unlikely), and Ford Foundation a requested \$25,000 (verbal approval). \$15,000 from other State sources, \$5,000 from the Dept. of Educ. and \$10,000 from the Legislative Interim Comm. Grant approved 10-25-74.

Dean Coons Dept. of H&SS
Will be studying means of adding BIA schools into regional attendance areas.

Hackney How much is your dept. spending on studies of the various kinds?

Lind I can't answer that, I would have to take a closer look. Smaller studies with teachers of reading etc.

Parr I don't have a problem with this need of the study itself. One change, no way of accessing quality. What is intended by quality as far as that is concerned?

Lind My perception is that our frustration with determining quality in education, in order for a workable situation is means that it is a degree to which the instruction is individualized.

Swanson- Where will your attentions be focused?

Lind Enable us to study busing, construction, hardship areas etc.

Davis Would like to see the fiscal note.

Swanson We've got enough studies in this state.

Belme See this as being an extremely invaluable study for the State in future education of our young people.

Hackney We never actually adopted the CS. Would like to move for the adoption of the Committee Substitute for HB 229.

Parr Seconded

Chairman Hearing no objection, so ordered.

Hackney Would like to move of the adoption of an amendment in Line 11 changing \$143,000 to 43,000.

Parr Objection.

Chairman (Took Vote) Motion failed

Parr Motion to move this bill out of Committee with a 'do pass'

Ostrosky Seconded

Chairman (Took Vote) Yea 5 Nay 4

CSHB 229 passes the Committee.

SSHB 256 Rep. Wallis gave briefing of the bill.

Beirne Why do you want them not to have to take the exam?

Wallis This will only be until the exam comes up, then they will have to take the exam. So he can practise up until that time, he is able to take the exam which is only offered once a year.

Davis In Nome, there are not enough Dentists in the area, they have to cover 22 villages

Hackney Would that mean that a Peace Corp Dentist could work for a non-profit organization for one years time, would he be able to do this?

Wallace Yes, as long as he had a license from some other State.

Pratt Representing the State Board of Dentistry.

Dr. Riddell Local Dentist and also on Board.

Spoke against the bill. Board's function to maintain quality in the State. Under the present law it is possible for a temporary permit to be issued anywhere in the bush area. Under this bill the Board would not be able to do anything about an unqualified dentist practising for a year. It does not address the problem of dentistry in the bush at all. 386 licensed dentists since statehood. 250 are practising now. Concerned with the loss of control of practising dentists.

Dr. Horschover Local Dentist

Representing the Dental Association. Has no legal authority as does the Board. As I see it there is no problem under the present law. Against the bill.

Beirne By putting shall in you are taking away the Boards power of criteria.

Wa-lis Perhaps it can be amended in Judiciary, language that 'if a corporation had more than 3 or 5 temporary permittees that there would have to be a licensed dentist working with them.'

Parr Move for the adoption of an amendment, changing shall to may.

Ostrosky Seconded

Chairman Hearing no objection, so ordered.

Parr Move for the adoption of SSHB 256 as amended
No Ojbection, so ordered.

Meeting adjourned until 8:00 pm to take up HB 387.
