HESS COMMITTEE MEETING

May 8, 1975

HB 487

Members Present:

Beirne            Ostrosky  
Davis            Sullivan  
Hackney        Swanson  
Osterback

Chairman Sullivan called the meeting to order at 3:30pm. The first order of business was HB 415 & 419.

<sup>415</sup>  
HB ~~514~~ & HB 419

Dr. Price: These measures are urgently needed. The 1972 Council considered the number one need to be School Health Education. A survey was taken in 1973, on the elementary level it was taught by individual teachers as they see fit, the administration is not aware of the curricula. In Junior High and High School there is some curricula taught by the physical education teachers but they rarely have training in Health Education specifically to teach the subject. 90% of the PE teachers have never taken first aid courses. We presently have 12 candidates for the position of School Health Educator, the money is not available after July 1, the funds will be lost. Funded through Federal D14 monies. SB66 (Congressional Bill) if passed, would be taking new monies into consideration.

Swanson Line 18, is this just seed money or would this take care of the entire program?

Price This will take care of the program for the first year. We would like to see this as a collaboration between the two departments, H&SS and Education.

Jeffers One professional employee and one clerical, there will be contractual methods to do other things.

Swanson What to you class and Health Education in grades K-12?

Jeffers The intent is to structure so that the younger kids could benefit as well as the others. The more sophisticated problems are handled at a later age. These programs will be introduced when the students are old enough to benefit from them.

Hackney Couldn't we legislate something to insure that the individual school districts will hire trained Health Educational staff on the local level?

Jeffers We would provide some sort of training program so that they would get training as well. A Health Education Curriculum would be added for use on the local level.

Hackney Any Health Ed. taught today?

HESS Meeting  
5-8-75

Commissioner Lind Further explanation of the bills. Also expressed the Dept's concern and urged passage of these bills.

There was some discussion at this time as to the word "initial" development added to the bill.

Ostrosky Motion to add "Dept. of H&SS"

Swanson Objection.

Chairman Vote on the amendment, changing the bill back to its original form. (Unanimous)

Sullivan Move bill out with Individual recommendation.

No Objection , so ordered.

---

HB 447

Richard Dowling, Ak. Educ. Broadcasting Commission

Handed out material, here to answer questions. The reason for this legislation is that KAKM will serve to the areas on the map, Kenai Pen., Turnigan Arm, Talkeetna, Palmer etc.

Parr Who would do this, the State or a privately funded operation?

Dowling The Television Station itself would contract with some individual to do the work.

Parr Question, the pay of the project coordinator?

Dowling Explained what the position was to do, prepare spec. for equipment; hire two man crew for installation; performance tests; system tests, and document the system so that it can be maintained, this has to all be completed in four months of work.

PBS, locally produced, KYUK-Bethel, KYAK-Fairbanks, Educational Programming coordinated with these stations. Most of these areas do not have commercial programming. 1/3 to 1/2 currently do not receive regular commercial television.

Sullivan Would like to hear Rep. Beirne's views on this bill before we take up a vote.

Ostrosky In favor of the program. Public television is an asset and quality of programs are quite beneficial in comparison with commercial television.

---

HB 487

Parr Motion to move bill out with 'do pass'

Chairman No objection, so ordered.

---

Adjourned at 5:00pm.
