Mr. A. G. Hiebert
P.O. Box 2200
Anchorage, Alaska 99510

Dear Mr. Hiebert:

Thank you for your letter supporting the passage of HB 197. My stand on this is in opposition to HB 197 because we are entering into an era where careful utilization of fish and game possession must be preeminent. There are hundreds of people coming into our state who can become residents in just 30 days; the native people of Alaska in rural areas have carefully managed and utilized the existing fish and game and we are presently encountering a shortage of it in certain areas; and the majority of residents in Alaska take great pride in making sure that fish and game are not wasted. Additionally, all the residents are encountering inflationary costs and I believe the trend to hunt is increasing. The residents of Alaska pay normal costs for groceries, meats, etc. at the grocery stores and the military personnel have access to lower costs for groceries, meats, milk products, etc. from their military commissaries. I believe that it is unfair to allow the military personnel to be in the same line, as far as fish and game permits are concerned, with the Alaskan residents.

Sincerely,

Brenda T. Itta

5 AAC 81.070. BIG GAME. Provides that all nonresident hunters must obtain a permit at specified locations prior to hunting any big game animal in Game Management Unit 9 and that such hunters must report back to the specified locations subsequent to hunting.

The proposed regulation reads as follows:

5 AAC 81.070. (b)(4) no nonresident may hunt for or take any big game animal in Game Management Unit 9 until he has reported to a Game Biologist or Protection Officer at a location designated in this section, permitted inspection of all licenses and tags, received a nontransferable permit and provided the following information:

- (1) the specific location or locations where each game species will be hunted
- (2) a copy of the Guide/Client contract if a guide is employed
- (3) the dates during which the hunt will be conducted
- (4) other information requested by the issuing officer

(A) no nonresident may hunt in Game Management Unit 9 unless he has a permit in his possession. He shall allow inspection of the permit on request of any Department of Fish and Game personnel

(B) a nonresident who hunts in Game Management Unit 9 shall report prior to leaving the Game Management Unit upon completion of the hunt or at least within five days after the end of the season at the same location where he received a permit prior to hunting, and he may not ship or cause to be shipped any portion of a big game animal until he has reported

(C) at the time of reporting as required in (B) of this section, the nonresident shall present most of the edible meat or receipt for the meat of all big game wild food animals taken and all hides, horns, and antlers, for inspection and shall provide the following information:

- i. name of assistant guide if one was engaged
- ii. species, sex, location of kill, and date for all animals taken
- iii. other information requested by the officer

§ 2671. Military reservations and facilities: hunting, fishing, and trapping

(a) The Secretary of Defense shall, with respect to each military installation or facility under the jurisdiction of any military department in a State or Territory—

(1) require that all hunting, fishing, and trapping at that installation or facility be in accordance with the fish and game laws of the State or Territory in which it is located;

(2) require that an appropriate license for hunting, fishing, or trapping on that installation or facility be obtained, except that with respect to members of the Armed Forces, such a license may be required only if the State or Territory authorizes the issuance of a license to a member on active duty for a period of more than thirty days at an installation or facility within that State or Territory, without regard to residence requirements, and upon terms otherwise not less favorable than the terms upon which such a license is issued to residents of that State or Territory; and

(3) develop, subject to safety requirements and military security, and in cooperation with the Governor (or his designee) of the State or Territory in which the installation or facility is located, procedures under which designated fish and game or conservation officials of that State or Territory may, at such time and under such conditions as may be agreed upon, have full access to that installation or facility to effect measures for the management, conservation, and harvesting of fish and game resources.

(b) The Secretary of Defense shall prescribe regulations to carry out this section.

(c) Whoever is guilty of an act or omission which violates a requirement prescribed under subsection (a)(1) or (2), which act or omission would be punishable if committed or omitted within the jurisdiction of the State or Territory in which the installation or facility is located by the laws thereof in effect at the time of that act or omission, is guilty of a like offense and is subject to a like punishment.

(d) This section does not modify any rights granted by treaty or otherwise to any Indian tribe or to the members thereof.

Governor, State of Alaska
Juneau, Alaska 99801

Dear Governor,

It has come to my attention that the State Legislature
are considering a change in residency requirements
for military personnel with respect to hunting
and fishing. I am emphatically against the
proposal to reduce the requirement to year time, as
I understand the change. It would be quite inequitable
to perpetuate this proposal upon existing residents
and non-military new-comers to the State who
pay various state and local taxes which the military
people are exempt from. Justice would be better served
by refusing residency for military people who
choose not to adopt Alaska as their state of
residence during their stay.

Sincerely,
Stephen Kurth
