

HB

530

Alphe, please obtain a fiscal note on HB 530 Youth Multi-purpose facilities, using the enclosed list of districts or communities that I'd like to see with this type of a center. Also, the fiscal note should relate to the building according to youth population at present + projections. Other centers would be larger than some

-2-

because there would be more or fewer kids in the area.

In any case, obtain an estimate per community (23 on my list) + list them as such -

ex. Community - bldg cost
Spended - ?

Thanks.

Thelma
