Senator Mike Colletta
Special Senate Committee on Alcoholism
1016 W. 6th Avenue - Suite C
Anchorage, Alaska 99510

Dear Senator Colletta:

As you requested while in Nome, I am sending you the statistics relating to our Community Schools Program.

Cold statistics, although impressive, do not adequately represent the total value of the program.

If you have any questions regarding the Community Schools Programs as they have worked in the community of Nome you might like to contact Bill Karp, Director of Community Schools.

Along with many other people in Nome, I sincerely appreciate the hearings on alcoholism and related programs being conducted in Nome.

Sincerely,

A handwritten signature in cursive script, appearing to read "Darroll".

NOME PUBLIC SCHOOL DISTRICT PRESENTS NOME'S COMMUNITY SCHOOL

SERVING

Community service groups using school facilities. This is the Womens Club recycle sale.

..... ALL THE PEOPLE

The Community School also sponsors activities. This is the beginning ballet class with over 30 participants.

OF ALL AGES

School facilities are used to increase individual skills for greater self sufficiency. This is in the Nome-Beltz automotive shop.

School facilities are used for special interest groups. This is the Sitnasuak annual meeting.

..... AT ALL TIMES

Using school facilities for community youth activities. Here is the Community Center Recreation Night in the Elementary gym.

Another Community School sponsored activity. Here are students attending the flight ground school.

YOUR COMMUNITY SCHOOL IS.....

PEOPLE.....

Community action for school and community improvement. PTA work crew building playground.

Folks of all ages find others in Nome to learn what they have to teach, to teach what they want to learn, to solve problems or to spin dreams. People tap the power they need to direct their own lives.

There are co-sponsored activities. This is the Vovinam class sponsored by the Nome Police Department thru the Community School Program.

RESOURCES.....

Nome contains the raw resources needed to build a unique learning environment using existing educational, governmental cultural, recreational, business, health and social service agencies and the talents of individuals to serve you.

Community school programs teach basic skills to children. This is the Saturday morning-basketball clinic.

..... THE SCHOOL

Your Nome School serves the people by providing a place where the community can organize, learn and grow. In turn, the community serves as a classroom for the day time students who expand their learning environment.

COMMUNITY COUNCIL.....

Your Council will be a group of people in Nome representing all ages, backgrounds and interests. Utilizing the services of the community school director they will find out what people want for themselves and community and plan ways to "get there".

Community groups and organizations assist in regular daytime classes. Here the National Guard and the school staff combine efforts in a compass and map reading field trip for Junior High students.

WHAT YOU MAKE IT.....

GET THINGS DONE THAT HAVE BEEN ON YOUR MIND. SHARE YOUR SKILLS AND KNOWLEDGE WITH OTHERS. LEARN WHAT YOU HAVE BEEN WANTING TO LEARN. BE AN INNOVATOR, A CREATOR, A VISIONARY. IT'S YOUR THING!

NOME COMMUNITY SCHOOLS

PRELIMINARY REPORT
May 3, 1977

This is a preliminary report and covers only 8 months of programs. The purpose of this report is to assist in planning for the FY 77/78 program year.

INTRODUCTION

The Board of Education of the Nome Public School District has long expressed its commitment and support of the concept, development and implementation of a Community Schools Program. The community school concept stresses improved school-community relationship, interagency cooperation and coordination, broad citizen involvement and greater utilization of local resources.

BACKGROUND

Certain important chronological events preceeded the actual implementation of the Community Schools Program in the Nome Public School District. Among the more important were:

1. In May 1973 the Board of Education first endorsed the community education concept
2. The State Legislature passed the Community School Act on June 3, 1975
3. On December 22, 1975 the Nome Public School District first approached the Nome City Council for support of a community school program and a local contribution of \$8,645.00.
4. On January 13, 1976 the Board of Education approved a Community School Proposal to be submitted to the Department of Education.
5. In January of 1976 the Nome School District initiated its first community school program.
6. The Department of Education approved a Planning & Development Grant to allow for staff training, program development and a needs assessment for FY 76/77
7. On August 15, 1976 the Board of Education hired its first full time community schools coordinator.
8. The Department of Education approved the first Nome Operational Grant of \$22,978.08 on October 6, 1976.
9. A planning grant in the amount of \$7,330.00 was received in January 1977. These funds were primarily for staff training, workshops and task force meetings relating to community education.

REPORT FORMAT

This report lists (1) the classes and activities that were held in each of the schools as well as the number of participants, fees collected, if any, (2) summary statistics for both schools, and (3) a list of groups and organizations that utilized school district facilities.

In addition, the report lists other non-class activities that took place at each school, such as concerts, recreational programs, special meetings or programs that involved either members of the community or the community school director.

CONSIDERATIONS

A number of factors should be considered in interpreting the factual data which is included in this report.

Partial Year - This report covers only the months of September 1976 thru April 1977.

Attendance Factors - Recreational activities and activities already taking place prior to the initiation of the community schools program are included because the increased availability of school facilities has, in most instances, increased use of facilities for these programs.

- Attendance figures are not cumulative, i.e., if 10 persons enroll for a class that meets 5 times, those 10 are counted only once.
- Attendance figures for recreational activities are not cumulative, however, it should be kept in mind that if 32 participants are listed for an activity that met 30 times, these 32 people may have been different each week.

Activities Not Included - Not included in this report are any school sponsored activities such as sporting events, concerts, P.T.A. meetings, public hearings, School Board meetings etc. Activities scheduled in the Beltz Dormitory are not included.

HIGHLIGHTS

- * 46 classes/activities were initiated by the Community Schools Program.
- * A total of 409 Community Schools Programs/Meetings were held.
- * 527 people participated in Community Schools Programs/Classes/Activities.
- * Fees:
 - \$1,635.00 was received for building rental.
 - \$3,044.00 was received for class fees.
 - \$ 260.00 was received for materials fees.
- * 1309 Community Activities of all types were held.

* Participants involved in Community Activities of all types:

- 277 were 12 years old or younger.
- 146 were teenagers.
- 834 were adults.
- 3,212 were mixed ages.

- 4,429 Total (this figure is actually larger as many activities i.e., Recreation, City League, were attended by different people each week)

* 44 different groups, organizations or agencies utilized school district facilities.

* Total contact hours for the 8 month period (September thru April) was 79,620.

HELP MEET THE READ NEED

The Nome Elementary--Jr. High School would like to invite community members to be volunteer reading tutors. Anyone who can read and who has an interest in helping a child improve his reading can be a reading tutor. Volunteer reading tutors come once a week for approximately one half hour or one hour to help 1 or 2 students. Some of the activities a tutor would be involved in are:

- 1) Listen to a student read.
- 2) Record a story that the student dictates and then listen to him read it.
- 3) Play a reading game with the student.
- 4) Talk with the student about his experiences.

A volunteer reading tutor can make a significant difference in a child's interest and participation in school. If you would like to help a child feel better about himself and his school work call the Nome Elementary-Jr-Hi School at 5299. We can arrange for the grade level that you prefer and the time that is most convenient for you. Help meet the read need and give a child one half hour of your time once a week.

PAINTING, DRAWING ETC.

This is not a formal class but will allow the participant the opportunity to sharpen up on or develop skills in painting, drawing, etc. Tammy Burgh will be there to supervise and offer assistance when needed or wanted. Each participant will be responsible for their own supplies. If you wish they could be ordered through the Community School Program.

INSTRUCTOR: Tammy Burgh

PLACE: Elementary School Art Room

TIME/ DATE: 7:00 to 10:00 Thursday evenings. Starting October 13. ten weeks.
