The Honorable Members of the Senate
Alaska State Legislature
Juneau, Alaska

Dear Senators:

We, the undersigned voters and taxpayers of Alaska, oppose the state spending the millions of tax dollars proposed by the Administration to buy back the oil and gas leases in Kachemak Bay.

The Kachemak Bay leases are valid and should be honored by the State of Alaska. This is the opinion issued by the Supreme Court and should not be violated by the Administration nor the Legislature.

These millions of dollars are needed in many more areas to provide funding for projects for the ALASKAN PEOPLE in the entire state. We do not want our taxes spent to satisfy a few who are mostly "johnny come lately" and transient residents.

We strongly urge the repeal of the moratorium and condemnation bill that was passed in poor judgement by the legislators in 1976.

Dear Senator Paland:

Thank you for your letter of March 24 regarding repurchase of Kachemak Bay leases.

You are aware we ^{are} strongly opposed to repurchase and have been from the beginning.

We appreciate your scheduling a hearing on April 1. Barbara Franley will head a delegation, which we support, at that time to make an opposition report.

Thank you for your efforts.

Dear Senator Poland and Resource Committee Members:

As a resident and taxpayer of Alaska I am not in favor of Governor Hammond's program to buy back all of the oil leases in Kachemak Bay.

This bill now to pay off Standard Oil and the next one to pay off Texaco is almost all of the 25 million dollars that everybody keeps saying is just a "refund" to the oil companies for what they paid. What about those other companies? Where will the millions of dollars come from to pay them? Out of the taxpayers pocket, that's where.

All of this money could maintain the haul road they say will cost so much to let people use. It could build a lot of other roads we need in Alaska and make some we already have a lot better and a lot safer. It could build some of the schools, jails, court houses and docks they keep putting on bond issues asking the voters to approve.

I ask all of you to do what you can to defeat HB 192. And I think you ought to do everything possible to help pass the bill, SB 199, to repeal the first law that allowed the Governor to buy back these leases in the first place. Let the courts decide what is right on them. That's where it started and that's where the decision should be made, not laws from the Governor and the Legislature.

Again I don't want my tax dollars spent to pay off the oil companies. Let them find out what they bought. Some people think there is more natural gas than oil in Kachemak Bay anyway. They need gas on the Kenai Peninsula. Let the people have a chance to work and let them have the energy they need for a little progress.

Sincerely,

John E. Anderson

Dear Kay Polond.

I am writing to you in
Hopes that you will support
John Hubers Senate House Bill #99
"An Act repealing the Authorization
to require oil & Gas leaseholds
interests in Kachemak Bay."

We want the oil Company
here and we think oil & fishermen
can get along.

Homer needs the oil for
economic reasons there is
nothing to support this town
as it is.

Thank you,

Let the courts decide what is right on them. That's where it started and that's where the decision should be made, not laws from the Governor and the Legislature.

Again I don't want my tax dollars spent to pay off the oil companies. Let them find out what they bought. Some people think there is more natural gas than oil in Kachemak Bay anyway. They need gas on the Kenai Peninsula. Let the people have a chance to work and let them have the energy they need for a little progress.

Sincerely,

Dear Senator Poland and Resource Committee Members:

As a resident and taxpayer of Alaska I am not in favor of Governor Hammond's program to buy back all of the oil leases in Kachemak Bay.

This bill now to pay off Standard Oil and the next one to pay off Texaco is almost all of the 25 million dollars that everybody keeps saying is just a "refund" to the oil companies for what they paid. What about those other companies? Where will the millions of dollars come from to pay them? Out of the taxpayers pocket, that's where.

All of this money could maintain the haul road they say will cost so much to let people use. It could build a lot of other roads we need in Alaska and make some we already have a lot better and a lot safer. It could build some of the schools, jails, court houses and docks they keep putting on bond issues asking the voters to approve.

I ask all of you to do what you can to defeat HB 192. And I think you ought to do everything possible to help pass the bill, SB 199, to repeal the first law that allowed the Governor to buy back these leases in the first place. Let the courts decide what is right on them. That's where it started and that's where the decision should be made, not laws from the Governor and the Legislature.

Again I don't want my tax dollars spent to pay off the oil companies. Let them find out what they bought. Some people think there is more natural gas than oil in Kachemak Bay anyway.
