Palmer McCarter, Dept. C&RA

Reviews legislative history of the revenue sharing program and funding for the program. The Free Conference Committee in 1979 Session approved funding to the 83% level. 85% was paid out to municipalities. HB 905 is the governor's supplemental bill which would bring the funding level back up to 83%. The figure being suggested in this bill would fund revenue sharing 100%. The Governor has said that he has no objection to this full funding. SB437 redefines "total project costs". McCarter encourages the committee's support. Mentions that in Rep. Gardiner's HB192, the new revenue sharing method would separate hospital and road monies in different funds.

Parr - In Anchorage, Ak. Hospital might be taken over by the Indian Public Health service. Questions what will happen to the construction money paid for that hospital by the state if this happens?

McCarter - There would be no reimbursement to the state for these monies. Hospital must be municipally owned, privately owned or non-profit to get the revenue sharing funds.

Chitwood - Governor vetoes 100% funding in 1979 although the legislature made an attempt to fund it totally.

John Carlson, Mayor, Fairbanks
Supports.

COMMITTEE ACTION: Bill passed out of committee.

19 AAC 30.020. STANDARDS FOR PAYMENTS OF ENTITLEMENTS UNDER AS 43.18 AND THIS CHAPTER. Applicants for payments under AS 43.18.010 - 43.18.045 will demonstrate to the department that they are qualified for payments in the following categories of service for which they have power and exercise the power with a minimum level of financial support:

(1) POLICE PROTECTION: An applicant is eligible for payment if the following minimum standards are met:

(A) the applicant must provide police protection with one or more police officers on duty or on call at all times;

(B) a police officer must be at least 19 years of age and must not have been convicted by a court of a crime which is classified as a felony in this state within the past 10 years;

(C) an applicant will not be eligible to receive revenue sharing funds unless a police officer within 12 months after his appointment has satisfactorily completed a basic course in police training approved by the Department of Public Safety. The commissioner may grant an extension of time for the completion of the basic program by a police officer upon presentation of evidence by the municipality that a police officer is unable to complete the basic program within 12 months of his appointment due to illness, injury, family emergency, military service or special duty assignment. An extension may also be made when the commissioner determines that it would be in the public interest.

(D) notwithstanding the provisions of (A) and (B) of this section, the commissioner may waive the requirements set forth in paragraph (C) on presentation of evidence by the municipality and acceptance of the evidence by the Police Standards Council that a police officer is otherwise qualified based on work experience, education, or training.

(E) recognition of the applicant by the Police Standards Council as a "participating police department" is evidence of eligibility under this section.

(2) FIRE PROTECTION:

(A) a municipal applicant is eligible for payment if it provides fire protection. Fire protection includes, but is not limited to, fire protection provided by a volunteer fire department which is currently registered with the State Fire Marshal and which has official recognition and financial support from the municipality in which it is located;

(B) a volunteer fire department located

outside a municipality is eligible if it meets the following criteria:

(i) it is currently registered with the State Fire Marshal; and

(ii) minimum financial support as defined in 19 AAC 30.020(10) is provided; and

(iii) unexpended funds are dedicated irrevocably for the operation and maintenance of fire protection services;

(C) organizational grants shall be made on the same basis to facilitate the organization of a volunteer fire department in an area not in a municipality upon application of the proposed fire protection group to the State Fire Marshal and approval of an application according to standards of organization and service prescribed by regulations promulgated by the State Fire Marshal, and upon submitting an application for state aid to the department.

(3) AIR OR WATER POLLUTION CONTROL An applicant is eligible for payment under this category if it meets either of the following minimum standards:

(A) the municipality is engaged in a comprehensive study of an air pollution control program or implementing an air pollution control program; or

(B) the municipality has a sanitary sewage treatment facility and sewage disposal system which is in compliance with state law or the sewage treatment facility is under construction and will meet state requirements.

(4) LAND USE PLANNING: An applicant is eligible for payment if the following minimum standards are met:

(A) the municipality shall be in the process of preparing or updating a comprehensive land use plan or be implementing a comprehensive land use plan through exercise of platting or zoning powers; and

(B) if a municipality has a population over 12,000 persons, the municipality, to qualify for aid under this paragraph, shall employ a staff planner charged with the primary responsibility for land use planning and plan implementation; or

(C) if the municipality has a population fewer than 12,000 persons, the municipality shall qualify for aid under this paragraph by availing itself of planning assistance through one of the following:

(i) a staff planner charged with the primary responsibility of land use planning and plan implementation or a planning commission engaged in the preparation or implementation of a comprehensive land use plan; or

(ii) an annual contract with a recognized planning firm to provide land use planning and plan implementation on a consulting basis with a work program outline approved by the Department of Community and Regional Affairs; or

(iii) participation in the state's continuing planning advisory service program of the Department of Community and Regional Affairs through assistance in the preparation or implementation of a comprehensive planning program.

(5) PARKS AND RECREATION: An applicant is eligible for payment if one or more of the following minimum standards are met:

(A) a municipality must provide a park or recreational facility available to the public; or

(B) the municipality provides a recreational program on a regular and continuing basis available to the public.

(6) TRANSPORTATION FACILITIES: An applicant is eligible for payment under this category if it operates one or more of the following facilities:

(A) a small boat harbor which provides deep water shelter, either natural or artificial, on the coast of a sea, lake, river or other body of water; or

(B) a port or dock which has the capability of receiving cargo from and discharging cargo to commercial vessels; or

(C) an airport for the convenience of private and commercial aircraft. Excluded are airports exclusively operated and maintained by a federal or state agency or by a private party, airports maintained on a seasonal basis, and natural landing strips; or

(D) a transit system for the transportation of people in accordance with established tariffs by rail and monorail, or buses specifically designed and constructed to accommodate the general public.

(7) ROAD MAINTENANCE: An applicant is eligible for payment under these categories if one or both of the following minimum standards are met:

(A) a public road, street or highway maintained by an applicant must be dedicated to public use by licensed automotive equipment; specifically excluded are roads, streets or highways maintained by a federal or state agency or maintained by the applicant pursuant to an agreement with a federal or state agency;

(B) an ice road maintained by an applicant must connect two or more inhabited areas and be used by licensed automotive equipment.

(8) HEALTH FACILITIES AND HOSPITALS: An applicant is eligible for payment under these categories if one or more of the following minimum standards are met:

(A) Municipal Health Services: an applicant shall have and exercise the health power and have within its boundaries a qualifying hospital under (B) or (C) of this section;

(B) Municipal Hospitals: an applicant must have and exercise the power to provide hospital facilities and services. Payment shall be based on the number of beds actually set up for patient care limited to the number of beds licensed as of July 1 of the entitlement year by the Department of Health and Social

Services and provided for in the current construction design of the hospital. Funds received under this subparagraph may be used only for hospitals and shall be apportioned among qualifying hospitals as the applicant determines;

(C) Nonprofit Hospitals: an applicant shall certify to the Department before June 30 of the entitlement year that the hospital is in compliance with all standards for hospitals which have been adopted by the applicant. Payments to the applicant shall be transferred immediately to the hospital in accord with the basis by which the entitlement was generated by the hospital and shall be applied to the annual cost of operation and maintenance of the hospital or for the provision of health care service at the hospital as the directors of the hospital determine;

(D) to be eligible under (B) or (C) of this section, the hospital must be licensed as a general hospital by the Department of Health and Social Services; hospitals wholly operated or wholly supported by a federal or state agency are ineligible under (B) and (C) of this section;

(E) Health Facilities: an applicant must have and exercise the power of health service. Payment shall be based on the number of beds set up for patient care, or payment shall be made per health facility as the applicant determines;

(F) to be eligible under (E) of this section, a health facility shall be a public health center, maternity home, community mental health center, facility for the mentally or physically handicapped, nursing home, or convalescent center which is licensed, when required, by the state under AS 18.20.010 -- 18.20.130 or if licensing is not required, approved by the department, and is owned or operated by an applicant or by a nonprofit corporation or other nonprofit sponsor. Facilities wholly operated or wholly supported by a federal or state agency are ineligible;

(G) financial eligibility for hospitals and health facilities and health services shall be based on the financial support provided by

the applicant and excludes those services that are actually provided or wholly funded by a federal or state agency. Any unexpended entitlement received shall be dedicated irrevocably for the service, operation, or maintenance of the health facility or health service;

(H) funds received by a municipality under (A) or (E) of this section shall be used for expenses of health services or operation and maintenance of facilities as the applicant determines.

(9) CONSTRUCTION AID: an applicant is eligible for payment if the following minimum standards are met:

(A) if construction of a hospital or health facility began after January 1, 1968, and state matching aid for construction approved for payment to the municipality or other facility sponsor constitutes less than 25 percent of the total project cost, the state shall pay to the municipality or other facility sponsor each fiscal year a sum equal to \$2,500 per bed for the maximum number of beds provided for in the construction design of the hospital or health facility. State aid provided for in this section shall continue until the municipality or other facility sponsor has received an amount which, combined with state matching money for construction of the hospital or health facility, equals 25 percent of the total project cost. No funds received for construction shall be used for any other purpose;

(B) state matching aid for construction means any construction aid program administered by the Department of Health and Social Services;

(C) project or construction costs shall be those contracted costs that are eligible for financial participation under the Hill-Burton Construction Program for construction of new buildings, including, but not limited to, the expansion, replacement and modernization of existing buildings and initial equipment of any such buildings; including architect and consultant fees, but not including the cost of land acquisition and offsite improvements;

✓ (D) other facility sponsor shall refer to a public or nonprofit corporation which owns or operates, or both, a hospital or health facility which is located outside the corporate limits of a municipality.

(10) FINANCIAL BASIS FOR ELIGIBILITY: (a) A determination that a service was provided or a power was exercised shall be based on the financial support provided during an applicant's fiscal year containing July 1, 1976. Subsequently, the financial support shall be determined from the applicant's previous fiscal year containing July 1 of the previous entitlement period.

(b) Financial support is defined as a minimum cash disbursement of not less than 20 percent of the amount received for a category of service funded during the previous fiscal year or, in the case of a newly acquired power, a budget appropriation not less than 20 percent of the amount to be received for the eligible category of service. 19 AAC 30.030. DATE OF ELIGIBILITY. Eligibility for receipt of state aid provided by AS 43.18.010 - 43.18.045 is predicated upon the possession and exercise of a power or provision of a service by an applicant as of July 1 of the entitlement period. (Eff. 9/5/76, Reg. 59)

Authority: AS 43.18.040
AS 44.47.050(14)
AS 44.47.160

19 AAC 30.040. APPLICATION. (a) Application for state aid to local governments under AS 43.18.010 - 43.18.045 shall be made on forms prescribed by the commissioner.

(b) Not later than August 15 of the entitlement period, the department will forward application forms to each municipality incorporated before July 1 of the entitlement period and to every other potential applicant incorporated before July 1 of the entitlement period which the department is aware of and which it believes may be eligible for state aid.

(c) As a condition to participation in the program, application for state aid under AS

43.18.010 – 43.18.045 shall be returned to the department mailed no later than November 1 of the entitlement period. Based on information certified by the municipal officials and contained in the application submitted, the commissioner will prepare an initial determination of entitlement no later than December 15 and will mail notice of the amount of entitlement to each applicant determined eligible. However, if the commissioner determines that an applicant has failed to comply substantially with AS 43.18.010 – 43.18.045 and the regulations of this chapter or failed to provide the category of service or failed to exercise the power funded during a previous entitlement year, the commissioner will reduce the current entitlement of the applicant by the difference between the sum of the prior year payments and the proper entitlements, or demand the sum of payment and prepayment amount be repaid to the department if the current entitlement is insufficient. 19 AAC 30.050. APPEAL. (a) Within 10 days after receipt of the notice of entitlement from the department, an applicant may appeal the determination of initial entitlement to the commissioner. The appeal shall be in writing and shall identify the particular category or categories to which the applicant takes exception, the determination of entitlement to which the applicant takes exception, and the reasons for its exception. The appeal shall include all relevant supporting evidence.

(b) The commissioner shall review the record of appeal and enter the final determination of entitlement. The commissioner may affirm or modify the determination of entitlement previously entered, and shall notify the applicant of the decision.

(c) If the applicant fails to appeal an initial determination within the time set forth in subsection (a) of this section, the determination of entitlement entered pursuant to sec. 40(c) of this chapter constitutes the final determination of the department.

(d) The manner of computation of population

may not be made the subject of an appeal. (Eff. 9/5/76, Reg. 59.)

19 AAC 30.060. POPULATION DATA. (a) The date for determination of population of an applicant is July 1 of the entitlement year.

(b) The population data used in determination of allocations of state aid and adjustments to those allocations will be the official report of the United States Bureau of the Census. However, an applicant may substitute for the official report of the United States Bureau of the Census

(1) an enumeration, certified as true and correct by the governing body of the municipality or chief administrative officer of a volunteer fire department located outside a municipality, specifying the names of residents of the municipality, service area, or area served by a fire department, prepared according to the criteria established by the department; or

(2) an estimate of population based upon other reliable data such as public school enrollment figures, public utility connections, registered voters, and certified employment payrolls; or

(3) the latest military population supplied by the adjutant general for the military population residing on a military reserve; or

(4) the latest available population estimate prepared by the Division of Employment Security, Alaska Department of Labor.

(c) The commissioner may require each applicant which offers an estimate of its population to submit such evidence as may be necessary to verify computation of the population estimate. The commissioner may require the applicant to provide further information within 10 days of the date of receipt of notification, or the estimate will be rejected and allocations made on the basis of the best data available to the department. 19 AAC 30.070. FINANCIAL REPORTS. (a) Each unified municipality, organized borough, home rule city, city of the first class, hospital, nonmunicipal health facility, or other facility sponsor shall submit one copy of its annual audit for the fiscal year preceding the entitlement period. Preparation of the audit shall be by a licensed accountant.

(b) Each city of the second class and each volunteer fire department located outside a municipality shall submit an audit or certified statement of income and expenditures of the accounts and financial transactions for the fiscal year preceding the entitlement period in a form approved by the commissioner.

(c) No payment of a final entitlement for the applicant will be made until an audit or statement of income and expenditures is filed by the applicant with the department. (Eff. 9/5/76, Reg. 59)

19 AAC 30.090. OVERPAYMENT AND ADJUSTMENT. (a) After mailing of prepayments, if the commissioner determines that the prepayment mailed to an applicant exceeds the entitlement payable to an applicant during the entitlement period, the commissioner shall

(1) request that the difference between the amount of prepayment and the proper entitlement be repaid to the department; or

(2) reduce, in the next entitlement period, the entitlement to an applicant by the difference between the sum of the payments and the proper entitlement.

(b) After mailing of the balance of the entitlement due to an applicant, if the commissioner determines that the sum of the prepayment and final payment exceeds the entitlement payable to the applicant during an entitlement period, the commissioner shall

(1) request that the difference between the sum of the payments and the proper entitlement be repaid to the department; or

(2) reduce, in the next entitlement period, the entitlement to an applicant by the difference between the sum of the payments and the proper entitlement. (Eff. 9/5/76, Reg. 59)

Chapter 18. State Aid to Local Governments.

Article

2. Aid for School Construction (§§ 43.18.100 — 43.18.135)

Article 1. Aid for Miscellaneous Municipal Purposes.

Section

- 10. State aid to local governments
- 30. Local tax levy reduction

Sec. 43.18.010. State aid to local governments.

(j) If construction of a facility began after January 1, 1968 and state matching aid for construction approved for payment to the local government or other facility sponsor constitutes less than 25 per cent of the total project cost, the state shall pay to the local government or other facility sponsor each fiscal year a sum equal to \$2,500 a bed for the maximum number of beds provided for in the construction design of the facility or five per cent of the total project cost, whichever is greater. State aid provided for in this subsection shall continue until the local government or other facility sponsor has received an amount which, combined with state matching money for construction of the facility, equals 25 per cent of the total project cost. No funds received for construction shall be used for any other purpose.

(k) A city or borough may not receive state shared revenue based on the population residing on that portion of a military reservation annexed to a city or borough after January 1, 1973, except as provided in this subsection. If a military reservation is located within a city or borough, the city or borough is limited in its entitlement to state shared revenue, based on the population residing on the reservation, as follows: 50 per cent of the amount paid per capita for police protection under (a)(1) of this section; 25 per cent of the amount paid per capita for parks and recreation under (a)(5) of this section; and 50 per cent of the amount paid per capita for transportation facilities or services under (a)(6) of this section.

(l) For the purposes of (j) of this section, "total project cost" includes, in addition to costs directly related to the project, the sum total of all costs of financing and carrying out the project. These include, but are not limited to, the costs of all necessary studies, surveys, plans and specifications, architectural, engineering or other special services, acquisition of real property, site preparation and development, purchase, construction, reconstruction and improvement of real property and the acquisition of machinery and equipment as may be necessary in connection with the project; an allocable portion of the administrative

(am § 24 ch 168 SLA 1978; am § 3 ch 173 SLA 1978)

Effect of amendments.

The first 1978 amendment added subsection (l).

The second 1978 amendment, effective July 1, 1978, added "or five per cent of the total project cost, whichever is greater" to the end of the first sentence of subsection (l).

As the rest of the section was not affected by the amendment, it is not set out.

Editor's note. — Subsection (k) is set out above to correct a typographical error in the main pamphlet.

Sec. 43.18.030. Local tax levy reduction. (a) The intent of §§ 10—100 of this chapter in authorizing state aid for educational purposes and municipal services is that municipalities which levy taxes reduce those levies in reasonable proportion to the amount of state aid received by the municipality for a given fiscal year.

(b) If the municipality levies and collects real or personal property taxes, the governing body shall furnish the following notice with tax statements mailed for the fiscal year for which aid is received under AS 14.17 and §§ 10—100 of this chapter:

"NOTICE TO TAXPAYER

For the current fiscal year the (city) (borough) has been allocated the following amount of state aid for school and municipal purposes under the public school foundation program (Alaska Statutes 14.17), the municipal services revenue sharing program of Alaska Statutes 43.18.010 — 43.18.050, and the program of state aid for retirement of school construction debt (Alaska Statute 43.18.100):

Sec. 43.18.010. STATE AID TO LOCAL GOVERNMENTS. (a) During each fiscal year the state shall pay to a city or organized borough of any class which has power to provide the following services and exercises that power

(1) \$12 per capita to cities and boroughs providing police protection, subject to the conditions of this paragraph and (g) of this section;

(A) municipal police protection shall be available 24 hours a day;

(B) municipal police officers shall be U. S. citizens who are at least 19 years of age and who have not been convicted of a crime involving moral turpitude within the past 10 years;

(2) \$7.50 per capita to cities and boroughs providing fire protection;

(A) fire protection includes, but is not limited to, fire protection provided by a volunteer fire department registered with the state fire marshal which has official recognition and financial support from the city or borough in which it is located;

(B) in addition to the grants authorized under this section, the state shall pay to a volunteer fire department registered with the state fire marshal and serving an area not in an organized borough or a city a sum for protection purposes equal to \$7.50 per capita for the population served by the department, as determined by the state fire marshal using the latest figures of the United States Bureau of the Census or other reliable data; grants shall be made on the same basis to facilitate the organization of volunteer fire departments in an area not in an organized borough or a city, upon application of the proposed fire protection group to the state fire marshal and approval of applications according to standards of organization and service prescribed by regulations promulgated by the state fire marshal;

(3) \$2 per capita to cities and boroughs providing air or water pollution control or both;

(A) in order to qualify for air pollution control aid the municipalities shall be either engaged in comprehensive study of an air pollution control program or implementation of an air pollution control program;

(B) in order to qualify for water pollution control aid the municipalities shall either have primary or secondary sewage treatment facilities under construction or be providing primary or secondary sewage treatment;

(4) \$2 per capita to cities and boroughs providing land use planning, subject to the conditions of this paragraph;

(A) the municipalities shall be in the process of preparing or updating a comprehensive land use plan or be implementing a comprehensive land use plan through exercise of zoning powers; and

(B) if the municipality has a population of fewer than 12,000 persons, the municipality shall qualify for aid under this paragraph by availing itself of planning assistance through either:

(i) a staff planner charged with the primary responsibility of land use planning and plan implementation; or

(ii) an annual contract with a recognized planning firm to provide land use planning and plan implementation on a consulting basis with a work program outline approved by the Department of Community and Regional Affairs; or

(iii) the State's continuing planning advisory service program through the Department of Community and Regional Affairs;

(C) if a municipality has a population over 12,000 persons, the municipality, to qualify for aid under this paragraph, shall employ a staff planner charged with the primary responsibility for land use planning and plan implementation;

(5) \$5 per capita to cities and boroughs providing for parks and recreation;

(6) \$5 per capita to cities and boroughs providing transportation facilities or services limited to municipally-operated small boat harbors, ports, airports, or transit systems.

(b) During each fiscal year the state shall pay to a city or organized borough of any class which has power to provide for road maintenance and exercises the power a sum equal to \$1,500 a mile for each mile of road, street or highway maintained by the local government, excluding the official state highway system; roads, streets or highways not dedicated to public use, any roads, streets or highways maintained under the local service road program (AS 19.30.111 - 19.30.251), and alleyways, in accordance with regulations adopted by the Department of Highways. No payments may be made for maintenance of roads not used by automotive equipment. Frozen waterways and connections from inhabited areas to the waterways which may be safely used for public transportation by automotive equipment and are so used during a portion of a year are eligible for payments of \$900 per mile if the waterways and connections are maintained during the period of use by a municipality or combination of municipalities. The Department of Community and Regional Affairs after consultation with the Department of Highways, shall determine which waterways and connections qualify and, where the waterways or connections lie outside the corporate limits of a municipality, which municipality is eligible for the shared revenue unless the municipalities involved have agreed in writing to a particular distribution.

(c) For purposes of this section, population shall be determined by the latest figures of the United States Bureau of the Census or other reliable population data, including but not limited to public school enrollment figures, public utility connection, registered voters or certified employment payrolls.

(d) If a borough exercises the powers in (a) of this section in the borough area outside cities only, or in a service area only, the grants authorized under this section shall be based on the population of the borough area outside cities or the service area respectively.

(e) If the services in (a) and (b) of this section are provided by a service area, the borough shall give to the service area an amount equal to the funds provided by the state for the services provided by the service area.

(f) Funds received by a city, borough, or service area under this section may be expended for any public purpose for which it has power to expend public funds, except as provided in (h) of this section.

(g) If a city within an organized borough provides police protection services, the borough may not qualify for aid under (a) (1) of this section unless

(1) police protection services are provided in the borough area outside cities, or if limited to a service area, in the service area, through borough contract with a city or the state; or

(2) the borough assumes and exercises power to provide police protection services on an areawide basis in the manner provided by law.

(h) During each fiscal year the state shall make payments as follows

(1) \$2 per capita to a municipality which has the power to provide health facilities and services and in which a hospital is located;

(2) in addition to the payment made under (1) of this subsection

(A) the state shall make payments to a municipality which has the power to provide hospital facilities and services and which exercises the power on the basis of \$1,000 per bed for each bed actually used for patient care limited to the number of beds provided for in the construction design of the hospital, or \$75,000 a hospital for those hospitals with 10 or more beds, or \$25,000 a hospital for those hospitals with less than 10 beds, as the municipality may elect; funds received under this subparagraph may be used only for hospitals and shall be apportioned among qualifying hospitals as the municipality determines;

(B) the state shall make payments on the basis set out in (A) of this paragraph to a municipality for nonprofit hospitals not operated by a municipality if the municipality first certifies to the department that the hospital is in compliance with all standards for hospitals which have been adopted by the municipality; in the absence of this certification the funds which would have gone to the hospital lapse into the state general fund; payments to the municipality shall be transferred to the hospital in accord with the basis by which the entitlement was generated by the hospital and shall be applied to the annual cost of operation and maintenance of the hospital or for the provision of health care service at the hospital as the directors of the hospital determine;

(C) a hospital may not receive payment under both (A) and (B) of this paragraph;

(3) \$1,000 per bed to an organized borough or city outside an organized borough in which a health facility is operated for each bed actually used for patient care, limited to the number of beds provided for in the construction design of the health facility, or \$4,000 per health facility as the local government may determine;

(4) funds received by a municipality under (1) or (3) of this subsection shall be used for expenses of health services or operation and maintenance of facilities as the municipality determines;

(5) before funds may be distributed under this subsection, the commissioner of health and social services shall certify to the distributing agency that any accumulation of assets by non-profit corporations or other recipients under this subsection are dedicated irrevocably to a public purpose.

(i) In (h) and (j) of this section

(1) "hospital" means a licensed hospital determined by the Department of Health and Social Services to be a general hospital; the term excludes facilities operated or wholly supported by the state or the federal government;

(2) "health facility" means public health centers, maternity homes and community mental health centers, facilities for the mentally or physically handicapped, nursing homes and convalescent centers which are licensed, when required, by the state under AS 18.20.010 - 18.20.130 and are owned or operated or both by a local government or by a non-profit corporation or other non-profit sponsor; the term excludes facilities operated or wholly supported by the state or the federal government.

(j) If construction of a facility began after January 1, 1968 and state matching aid for construction approved for payment to the local government or other facility sponsor constitutes less than 25 percent of the total project cost, the state shall pay to the local government or other facility sponsor each fiscal year a sum equal to \$2,500 a bed for the maximum number of beds provided for in the construction design of the facility. State aid provided for in this subsection shall continue until the local government or other facility sponsor has received an amount which, combined with state matching money for construction of the facility, equals 25 percent of the total project cost. No funds received for construction shall be used for any other purpose.

(k) A city or borough may not receive state shared revenue based on the population residing on that portion of a military reservation annexed to a city or borough after January 1, 1973, except as provided in this subsection. If a military reservation is located within a city or borough, the city or borough is limited in its entitlement to state shared revenue, based on the population residing on the reservation, as follows: 50 percent of the amount paid per capita for police protection under (a) (1) of this section; 25 percent of the amount paid per capita for parks and recreation under (a) (5) of this section; and 50 percent of the amount paid per capita for transportation facilities or services under (a) (6) of this section.

Sec. 43.18.012. AREA COST-OF-LIVING DIFFERENTIAL. (a) State payments to a city or an organized borough or to an unorganized borough volunteer fire department under sec. 10 of this chapter shall reflect area cost-of-living differentials. Amounts distributed shall be based upon the sum of per capita, per mile and per bed or facility grants due each city or organized borough or volunteer fire department multiplied by the appropriate area cost-of-living differential. The area cost-of-living differential for each city and organized borough or volunteer fire department shall be determined annually by election district under the provisions of AS 39.27.030; however, the area cost-of-living differential to be applied shall not result in an amount to be distributed less than the base allocation.

(b) The election districts used in (a) of this section are those designated by the proclamation of reapportionment and redistricting of December 7, 1961, and retained for the house of representatives by proclamation of the governor, September 3, 1965.

Sec. 43.18.020. CONSTRUCTION AND IMPLEMENTATION OF CHAPTER. (a) This chapter may not be construed so as to create a debt of the state.

(b) The special municipal services account is established. Funds to carry out the provisions of sec. 10 of this chapter may be appropriated annually by the legislature to the account. If amounts in the account are insufficient for the purpose of each local government's or other recipient's share authorized under sec. 10 of this chapter, such funds as are available shall be distributed pro rata among eligible local governments and other recipients.

(c) Money in the special municipal services account which, at the end of the fiscal year for which the money is appropriated, exceeds the amount required for the allocations authorized in this chapter reverts to the general fund.

Sec. 43.18.030. LOCAL TAX LEVY REDUCTION. (a) The intent of this chapter in authorizing state aid for municipal purposes is that local governments which levy property taxes reduce those levies in reasonable proportion to the amount of state aid received by a local government for a given fiscal year.

(b) The governing body shall furnish the following notice with tax statements mailed for the fiscal year for which aid is received under this chapter:

"NOTICE TO TAXPAYER

For the current fiscal year the (city) (borough) has been allocated the following amount of state aid for school and municipal purposes under the Public School Foundation Program (Alaska Statutes 14.17) and the revenue-sharing provisions of Alaska Statutes 43.18:

SCHOOL AID	\$
AID BASED ON MUNICIPAL SERVICES FURNISHED (fire protection, police protection, air or water pollution control, land use planning, road main- tenance, parks and recreation, transportation facilities and services, hospital operation)	\$
TOTAL AID	\$

The millage equivalent of this state aid, based on the present dollar value of a mill in the municipality, is _____ mills."

Sec. 43.18.040. REGULATIONS. The Department of Community and Regional Affairs shall adopt regulations necessary to carry out the purposes of secs. 10 - 99 of this chapter. The regulations shall include minimum standards required to qualify a municipality for grants for each service and provisions for a performance report adequate to demonstrate to the department that each service for which credit

was allowed was actually performed by the municipality, at least at the prescribed minimum level.

Sec. 43.18.045. UNIFICATION, MERGER OR CONSOLIDATION OF MUNICIPALITIES. If a borough and the cities within the borough merge, consolidate or unify in accordance with AS 29.68, the amount of revenue sharing to which the successor municipality is entitled shall be computed for the first year and each year thereafter as if the merger, consolidation or unification had not occurred, and the successor municipality shall receive not less than the amount so computed.

NOTES

As the total entitlements exceeded the amount appropriated to the revenue sharing account, each recipient's share was prorated at 88.712%.

All FY 1979 grant funds were allocated when entitlements were prorated; however three cities failed to submit FY 1978 financial statements by June 30, 1979, a prerequisite to receipt of State shared revenues. This accounts for the balance.
