POSITION PAPER
ON
HOUSE BILL NO. 833

"An Act relating to the crime of driving while intoxicated."

The Office of Alcoholism and Drug Abuse is supportive of House Bill 833. Drinking drivers presently are the largest contributor to Alaska's high rate of accidental death and injury and increased strategies to curb this serious problem are needed. Data from existing Alaska OMVI diversion programs indicate that in excess of 50% of the people presently being convicted of OMVI in fact have serious drinking problems which require treatment. The passage of House Bill 833 would tend to increase the number of convictions and the subsequent referral of these people to diversion programs for alcohol problem screening and diagnosis.
