

HB

928

3-12-80

Representative Charles Pace  
Chairman of House Judiciary Committee  
Dear Sir

I would like your help in  
the passage of HB 928.

Pit Bull & dog fight any thing  
connected with the cruel sport  
there is so much cruelty in the  
world to day. But if we can  
stop just some of it I would  
be very thankful I wish  
we could cover cruelty to  
horses so people if they are  
going to have a horse there should  
be law demanding that the  
horse be taken care of feed water  
etc not just let the horse & soul  
starve to death like a few weeks  
ago here in Anchorage you properly  
read & saw the pic ... so said to

see how animals have to  
take such treatment they can't  
talk or ask for better they  
have to depend on a person  
like you and Mr. Mike Miller  
and the other legislatures to  
put a stop to the cruelty of the  
dog fights

So thank you

I am Sincerely

Mrs Fay W Malone
