## SENATE HEALTH, EDUCATION AND SOCIAL SERVICES COMMITTEE LETTER OF INTENT FOR SB 80

The Senate Health, Education and Social Services Committee feels the University of Alaska has made good faith efforts to comply with legislative requests to get its financial affairs in order. It is the intent of the Health, Education and Social Services Committee in passing out SB 80 that the University should be allowed a fund for flexibility of operations. However, the Committee feels that the Finance Committee should look carefully at the appropriateness of the figure called for in SB 80.

TO: The Honorable John Sackett  
Chairman, Senate Finance Committee  
  
The Honorable Russ Meekins  
Chairman, House Finance Committee

Gentlemen:

At its meeting on February 1, 1979, the University Assembly passed the following resolutions in support of the University of Alaska administration.

1. The University Assembly supports the University of Alaska administration in requesting that the \$4.87 million lapsed by the University of Alaska during FY78 be reappropriated to the University in addition to the regular FY79 appropriation.
2. The University Assembly supports the University of Alaska administration in requesting that the state government appropriate only the General Fund monies and not university generated income and grant monies.

As you are aware, the University Assembly is "the all University body including both four-year and community college units made up of students, classified staff, faculty and administration charged by the Board of Regents with the task of recommending policy".
