III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

This bill would allow payments for state aid to school construction to be made to a "school district" as well as to a borough or city. This would allow REAA's to receive payments, who are not presently covered under existing language.

This bill makes no change in the present payment formula therefore no additional fiscal impact is indicated.

This is not a zero fiscal note. It is just not possible to estimate the prospective capital expenditures of REAA school districts.
