HB 602 ✓  
HB 603 X

June 3, 1981

The Honorable Jim Duncan  
Speaker of the House  
Alaska State Legislature  
Pouch V  
Juneau, AK 99811

Dear Mr. Speaker:

Under the authority of art. III, sec. 18, of the Alaska Constitution, I am transmitting two bills on capital relocation. The bills are options. Either will suffice. One or the other should be enacted.

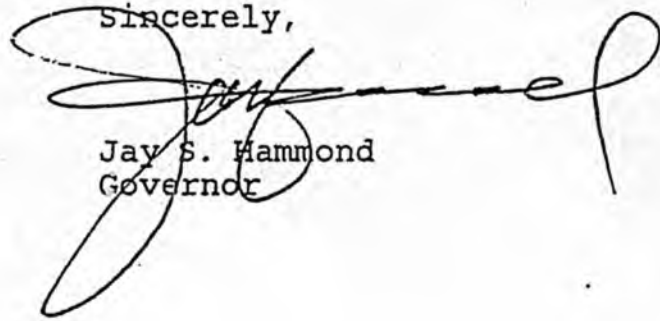

The first bill does not amend the FRANK Initiative. It provides rather for an impartial, nonpartisan update of the cost data developed by the New Capital Site Planning Commission by a panel of certified public accountants. The panel is required to correct any assumptions in the plan or in the statutes which substantial evidence shows are erroneous. It also requires the panel not to overstate or understate costs, but rather to make the most realistic estimates possible with the evidence available. The panel is to report its results in August 1982, and the director of elections will place the costs on the ballot for voter approval or disapproval at the November 1982 general election.

The second bill amends the FRANK Initiative rather than merely updating it. It provides for a revitalized New Capital Site Planning Commission to revise its previous work and to go forward with its planning in much the same manner as provided by the latest version of Senate Bill 86. As with the panel of certified public accountants, the commission is under a duty to correct the false assumptions, if any, which are shown to exist in its previous plan or in the statutes, and it is also under a duty not to overstate or understate costs.

Because this option amends the FRANK Initiative, the ballot question will include additional information on the cost of the relocation. But the basic question on costs remains the same under either option: all of the costs. That is what the voters want to vote on.

I urge prompt passage of one of these measures.

Sincerely,
