SUBJECT: Senate Bill 18:  
An Act Relating to Special Education

## MEMORANDUM OF SUPPORT

NEA/Alaska supports and urges passage of Senate Bill 18.

Continuity of an educational program is an essential component of a successful school experience for children with learning disabilities. Reinforcement and repetition are basic techniques used with exceptional learners. Access to a continuing program would add significantly to the cumulative success of Alaska's handicapped children. Senate Bill 18 would provide such an opportunity.

This bill is significant in its implementation in that it is designed to make the opportunity of access to a continuing program available to all children in the state who are classified as mentally retarded, physically and mentally handicapped and multi-handicapped. NEA/Alaska eagerly supports this effort.

Finally, NEA/Alaska supports the concept that a child who would qualify for summer school instruction under this bill may have access to the services of another district or REAA in the event their home school district does not operate a summer school, as stated in AS 14.30.348 (b).

Respectfully Submitted,
