The few pages found between these covers comprise a statistical and factual summary of the Alaska Repertory Theatre since it emerged from a pilot program of the Alaska State Council on the Arts to a nonprofit organization in July of 1976 through the present day. The theatre company has consistently demonstrated the Alaskan desire for quality entertainment and has attempted to satisfy this desire with constant growth and improvements on all fronts. Artistic advancements in both the technical and theatrical arenas have been made. Social enhancements to home communities have been offered. Cultural expressions have been and continue to be served to locations selected for touring and other mobile programs. In general, Alaska Repertory Theatre substantiates the fact that Alaska in 1981 is a very new and unique place in the world. No longer an isolated ethnic community or a remote governmental outpost, Alaska today is in the forefront of American resource development. And yet, with all its wealth, its people remain its most valuable resource. It is to the improvement of the quality of life for those individuals who are Alaska's most powerful resource that the goals and mandates of the Alaska Repertory Theatre are dedicated.

This book is a summary only. It is meant to be read in conjunction with the complete report of the theatre of this same date. Any comments or questions about the material contained herein should be directed to the Alaska Repertory Theatre business office at 705 West Sixth Avenue, Suite 201, Anchorage, Alaska 99501. All information contained herein is the property of the theatre and may not be reproduced without permission. For full narration on the material herein, the reader is referred to the complete accompanying report.

## THE FACTS OF THE MATTER

Listed below is all the historical and current information on the Alaska Repertory Theatre. Future projections planned for later this season are indicated by an \*.

The FY '81 season is a scaled down version of the previous year. Employment and production statistics are slightly reduced or remain the same. These reductions are a direct reflection of reductions in funding by the State, and, to a smaller extent, local subsidizers of the theatre. The company did receive a good start on its capital needs in the form of a substantial capital grant for FY '81. This grant was very much appreciated by Alaska Rep, as it had long been enduring limited capital resources with which to serve an ever-growing population. The operating budget, however, reflected major funding cuts. These losses resulted in immediate curtailment of production plans. An allocation of \$600,000 to Alaska Rep for FY '81 operating expenses represented only 35% of the total amount requested for this year. More significantly, this amount demonstrates a 36% REDUCTION IN OPERATING EXPENSES OVER THE FY '80 BUDGET.

Concurrently, audience sizes and the amount of private fundraising have both been on the increase, thus increasing the demand for frequent, quality productions. There are those who would suggest that the theatre continue to offer the same

. . . . FACTS/

number of productions with less money. It is the professional assessment of the company, however, that to do more with less sacrifices qualitatively to the point of bringing unacceptable performance standards to the citizenry we serve. It was determined that during the current season qualitative considerations must return to the forefront. Hence, employment and production statistics for FY '81 are slightly reduced. Those statistics that relate to the very large impact of the DIAMOND STUDS tour on the FY '80 season have been separated out wherever possible.

PRIVATE FUNDRAISING

Private fundraising began in 1977. Between that year and 1980, the amount raised increased nearly tenfold. Current contributions will bring the list of total contributors to approximately 1720 donors. This list implies a renewal percentage over FY '80 of 148%. It is compiled of both individual and corporate benefactors. Current major underwriters are listed in the 1981 Theatre Season pages to follow.

ALASKA ARTS ALLIANCE

Testimony to  
Alaska Legislature  
House Education and Social Services Committee

April 20, 1981

RE; HB 414

I speak to you as a representative of the Alaska Arts Alliance in support of HB 414. The Alliance is a newly formed association of arts groups whose purpose is advocacy on behalf of all the arts in our state.

House Bill 414 would benefit all arts organizations in Alaska by providing an adequate amount of funds for distribution by the Alaska State Council on the Arts. This Bill is important to the continued growth of the cultural institutions and organizations in our state. It will help them to address the three primary constraints under which they must now operate:

- 1) Substantial reductions in federal support for the arts due to requested cuts in the budget of the National Endowment for the Arts and the CETA job training program (NEA reduced by \$500,000. and CETA by \$250,000.).
- 2) Increasing audience demand for programs and services ( 1980 audience of 250,000+ residents and 75,000+ visitors).
- 3) Increasing cost of goods and services necessary to provide cultural activities such as travel ( 40% anticipated increase in air fares).

The total economic impact of the arts in Alaska is significant. In this fiscal year, the 16 major organizations employ 112 full time people, and 122 part time. They employ by contract 728 individuals most of whom are artists. The same organizations anticipate expenditures in FY '82 of \$2,632,000. for goods and services; \$528,000. for advertising and promotion; and \$717,000. for rent and utilities. This total of \$3,879,000. goes directly in to the local economy.

ALASKA ARTS ALLIANCE

HB 414 page 2.

The ability to provide programs and services on a continuing basis is an important element in developing greater private sector support. The investment of public revenue in the arts has resulted in increasing sponsorship by private business and corporations. Support from private foundations, trusts, and endowments will no doubt increase as these systems have the opportunity to develop.

The funding level of HB 414 will allow an increase in the programs and services provided to residents in all parts of the state. Exhibitions, concerts, competitions, workshops, school performances, publications, and conferences are but some of the activities in the visual, performing, literary, and native arts that last year reached a total audience of over 300,000 people. The Bill will also allow the continuation and expansion of art programs for special audiences such as the hearing impaired, the handicapped, and the gifted.

It is the goal of the Alaska Arts Alliance to achieve parity for cultural concerns with other significant aspects of the development of our State. House Bill 414 would make it possible to stimulate enthusiasm and appreciation for the special contributions made by the arts to the Alaskan way of life.

I thank you for your support.

## ALASKA ARTS ALLIANCE FORMED TO SEEK SUPPORT FOR ALL THE ARTS

Representatives of arts organizations from around the state met in Juneau March 1st and formed the Alaska Arts Alliance (AAA), a non-profit organization with the purpose of furthering the development of the arts in Alaska through a wide range of activities. While the purpose of the new organization is broad, its members' most immediate goal is to convince the Alaska State Legislature to increase overall support for the arts via an increase in the budget of the Alaska State Council on the Arts.

The Alaska Arts Alliance preliminary estimates of state funding needs for operating costs of Alaska's artists, arts groups and other institutions involved in cultural programming for Fiscal Year 1982 approaches \$7 million. The Governor has asked the State Legislature to approve a budget of \$3,263,500 for the Alaska State Council on the Arts, of which \$770,000 is ear-marked to come from the National Endowment for the Arts. The NEA, however, has been slated for a 50% budget cut by the Reagan administration and may not be able to fully fund Alaska's budget requests.

Anticipating a very substantial shortfall in funding available for grant support to cultural efforts and for such State Arts Council programs as Artists-in-Schools, Program Services, Shows-to-Go, the Contemporary Art Bank and Mini-Workshops, the Alaska Arts Alliance has been instrumental in the introduction of HB414, an appropriation bill that would increase funding to the Alaska State Council on the Arts by \$3,425,000. Prime sponsor of the bill is House Speaker, Representative Jim Duncan (D-Juneau). Co-sponsors are Rep. Sally Smith (D-Fairbanks), Rep. Fred Brown (D-Fairbanks), Rep. Terry Gardiner (D-Ketchikan) and Rep. Joe Hayes (R-Anchorage).

Membership in the Alaska Arts Alliance is open to all Alaskan artists, arts groups and other arts interested groups and individuals. For more information on the Alaska Arts Alliance, its activities and membership, contact its president, Carol Derfner, in care of the Anchorage Arts Council, 402 West 3rd Avenue, #7, Anchorage, Alaska 99501, 272-8161.

## UPDATE ON NEA BUDGET

During the first week of April, the United States Senate approved the Reagan Administration's proposed budget leaving the figure for the National Endowment for the Arts at the reduced rate of \$88 million (\$175 million had been recommended by the Carter administration). This action followed Senate hearings concerning the NEA budget on March 24, 25 and 26. According to a spokesman for the Congressional Arts Caucus a "great series of individuals came to Washington representing various arts disciplines." These representatives, including Jean Stapleton, James Earl Jones, Isaac Stern and Elliot Feld, expressed the need for continued support to the arts by the Federal government.

More hearings are scheduled, this time before the U.S. House of Representatives on May 4. Following these hearings the budget will go to the House for action. If the House agrees with the Senate on the \$88 million figure for the NEA it will then go to the President for final action. However, if the House does not agree with that figure then the budget must go into a joint House-Senate Conference Committee. It is expected that the latter will be the case, and that an increase of the proposed budget for the NEA would be recommended.

The final outcome of federal funding for the National Endowment for the Arts is uncertain at this time. Barry Nicheisberg, staff director for the Congressional Arts Caucus, an arts support group consisting of 134 members of the House, has stated "it is premature for the Caucus to endorse any amount at this time" and that it will wait until after the "mark-up" committee meetings in June.

This is a crucial time to let your representatives in Washington, D.C. know how you feel about the government policy on the arts and budget. Contact your Alaskan Congressmen: Senator Ted Stevens, U.S. Senate, Washington, D.C. 20510; Senator Frank Murkowski, Russell Senate Office Building, Room 15B, Washington, D.C. 20510; and Representative Don Young, 2331 Rayburn Building, Washington, D.C. 20515 to express your opinions.

## PROGRAM SERVICE TOURS

### SUNG-JU LEE, VIOLINIST CLOSES OUT 1980-81 PROGRAM SERVICE TOURS

Violinist SUNG-JU LEE, who has been hailed by "Musical America" magazine as one of America's most outstanding young artists, will close out this season's performing arts tours through the Alaska State Council on the Arts Program Service. In the States, she continued her studies at the Juilliard School of Music and became a U.S. citizen.

Ms. Lee has toured throughout the world and won numerous awards including first prize at the Wieniawski Competition in New York; first prize in the Friday Morning Music Competition in Washington, D.C.; and first prize in the Mozart Concert Competition in New York. She is also the recipient of the 1978 Fritz Kreisler Scholarship, and was a finalist in the 1978 Tchaikovsky Competition in Moscow.

### NOTES FROM DANCE SYMPOSIUM

On March 23, thirty-four dancers and representatives of dance organization from Juneau, Wasilla, Kenai, Ketchikan, Kodiak, Anchorage, Fairbanks, Eagle River and Nome attended a statewide symposium on dance in Alaska sponsored by the Alaska State Council on the Arts. Rhoda Grauer, director of the NEA's Dance Program and Terry Melton, Regional Representative from the NEA were present for the day-long discussion, planning and technical assistance workshop. The symposium served to bring together dance groups from around the state to consider the needs and priorities of dance companies in Alaska.

Following an introduction by Council chair, Anna Riggs, and a presentation by Ms. Grauer, participants broke into groups to consider the possibilities for the future of dance in the state, concerning both immediate and long-range goals. Discussion topics of concern for many of the groups were performance and employment possibilities for Alaskan dancers, dance training and education, presenting outside dancers, television and radio support of dance and general support needs for development of dance in Alaska.

Ira Perman of Arts Alaska, Inc. and Daryl Schaeff of the Anchorage Arts Council volunteered to help coordinate dance information in the state until July, when hopefully, an information and service clearinghouse for dance can be organized. Eric Wallace of KAKM Public Television in Anchorage volunteered to be a media consultant. David Bonwei, of the Ketchikan Theatre Ballet School volunteered to assist in communication between dance teachers. More complete records of the meeting are available from the Alaska State Council on the Arts, 619 Warehouse Avenue, Suite 220, Anchorage, Alaska 99501.

One of the great surprises to all attending the symposium was the number of services already available in Alaska for dance groups. Among the resources available to dance organizations for publication of their information are SPONSOR, the monthly publication of Arts Alaska, Inc. and BULLETIN, the monthly publication of the Alaska State Council on the Arts. As part of Arts Alaska's effort to assist the development of dance in Alaska, SPONSOR will feature a story in next month's issue on useful dance services available from Arts Alaska, Inc. and other organizations both inside the state and outside.

### DANCE TO THE GLENN MILLER ORCHESTRA

The GLENN MILLER ORCHESTRA, under the direction of Jimmy Henderson, will bring memories, dancing and romance to Anchorage and Fairbanks on Easter weekend, thanks in large part to the financial help of the Sohio Alaska Petroleum Company.

Each performance of the band will be an evening of dancing to the unforgettable melodies of the "Big Band Era" of the early '40s. Glenn Miller was one of the giants of that era, producing such classics as "String of Pearls" and "Chattanooga Choo-Choo." This band, led by Henderson, with vocals by the Moonlight Serenaders, is the only authentic Glenn Miller band that may carry the name of the famous bandleader. The GLENN MILLER ORCHESTRA first appeared in Alaska on Thanksgiving weekend of 1979, and was immediately so popular that a return engagement of three performances was scheduled for this year.

The GLENN MILLER ORCHESTRA will appear in Fairbanks on Friday, April 17 in the Gold Room of the Travelers Inn from 9 p.m. to 1 a.m. Tickets for this benefit performance are \$30 per person or \$200 for a table of eight. For information or reservations call the Alaska Association for the Arts at 456-6456.

The two Anchorage performances of the GLENN MILLER ORCHESTRA, a benefit for Art Alaska, Inc., will be Saturday, April 18 and Sunday, April 19 in the Discovery Room of the Captain Cook Hotel from 8 p.m. to midnight. Tickets are \$30 per person or \$275 for a table of ten. For reservations call Tickets, Inc. at 279-9435.

The judges may, at their option, recommend these grants to contestants (winners or not) felt to be most deserving. In addition, there may be tuition waivers at private studios available for the judges to recommend.

There will also be a Composers Recognition Award to be presented to the contestant (winner or not) who the composer of the commissioned works feels to have best performed a commissioned work.

As an added prize, the first place winners in each division will be presented in a joint public recital.

**Arts Alaska, Inc.**

**What is Arts Alaska, Inc.?**

Art is very much a part of all us. It grows from creative capacities we all possess. Arts Alaska wants to make it possible for people of all ages in every corner of Alaska to share in a variety of creative experiences, as participants as well as spectators.

Arts Alaska is a nonprofit corporation founded in 1975 and now the largest comprehensive private arts organization in the state. The purposes of Arts Alaska are to undertake arts programming in areas where demonstrated needs are not being met by other organizations; and to raise money from individuals, businesses and local sources to supplement state and federal government funds which are periodically available to support its programs.

**Who does Arts Alaska serve?**

Arts Alaska serves the residents of a growing number of communities in Alaska. Through its programs, Arts Alaska is directly involved with the state's community arts councils, local concert associations, arts and crafts guilds, drama groups, and schools from Barrow to Ketchikan. Like Arts Alaska, they are all dedicated to the idea that the arts are vital and integral to our state and national culture, and that they should be encouraged and enjoyed.

### What does Arts Alaska do?

#### Educational Programs: Artists-in-Schools

Participation in creative experiences is basic to the human spirit and essential to the education of every child. It is often through some artistic experience that a child comes to a better understanding of himself and the world he lives in. To provide our children with these experiences, the Artists-in-Schools program was created.

The Artists-in-Schools program is designed to foster the mutual creative development of students and professional artists. By providing direct, intensive educational interaction between students and artists for periods of up to four months, the Artists-in-Schools program enhances the student's powers of perception, encourages their talents and skills for expressing them selves creatively, and increases their appreciation of the arts. The students receive instruction in techniques and tools which would otherwise be unavailable to them. They learn that the arts are professions which are integral parts of society. The program reaches children across the state from urban Anchorage schools to one-room schools in logging camps like Thorne Bay and bush communities like McGrath and Kaktovik.

Each school participating in the program may choose from among many art forms: the visual arts including painting, drawing, sculpture, printmaking and photography; crafts such as ceramics, weaving, carving and jewelry making; creative writing; theatre, mime, puppetry, folk arts, and traditional Alaskan native arts.

Program Service: Alaska Repertory Theatre production of "The Fourposter" travels to Kenai.

#### Statewide Performing Arts Programs: Program Service

Program Service was created in response to the needs of Alaskan audiences, the "consumers" of the performing arts. Several years ago many of Alaska's smaller communities began to express the desire to have high quality musicians, dancers and actors come to their communities. But small populations combined with the costs of travel and fees, plus the difficulty of making arrangements with the artists, made such performances seem impossible.

To meet these needs, Program Service was created. Each year, it provides the services of a limited number of the highest caliber of professional performing artists to a large number of Alaskan communities at a cost which is affordable to even the smallest and most remote villages. The cost to each community is based upon its size and ability to pay, so none is excluded from participation.

Each year, more than 80,000 Alaskans attend Program Service events. The range of art forms presented extends from baroque to bluegrass music, classical ballet to modern dance, the simplest mime to the grandest opera. Past Program Service touring artists have included the nationally recognized 5 by 2 Plus and First Chamber Dance Companies, the Distant Rhythms Kungu, classical violinist Paul Rosenthal, popular bluegrass players the McCain Family Band, the resplendent Western Opera Theatre, and our state's own Alaska Repertory Theatre.

#### Lending a Helping Hand and Exploring New Possibilities

Many local arts agencies around Alaska are staffed by dedicated volunteers who need guidance with the increasingly complex business of promoting, financing and managing their events and programs. For assistance with everything from audience development to board member training, these organizations can, and do, turn to Arts Alaska for help. The Arts Alaska staff is constantly on the move throughout the state, assisting these agencies and keeping them informed of current developments in the arts which are of interest to their communities.

Additionally, many of Alaska's artists, seasoned professionals as well as those whose careers are just beginning, call upon Arts Alaska for assistance and guidance in the pursuit of their careers.

The flower of art is blooming more brilliantly in Alaska each year. Arts ALASKA is dedicated to the constant search for new ways to encourage and foster the growth of this important element of our lives.

### Who pays for Arts Alaska?

Needless to say, all of this costs money. As a matter of fact, it costs a substantial amount of money.

Why? The arts are labor intensive. Unlike most industries arts cannot be mechanized or mass produced, but are produced by hand, one at a time. It still takes four musicians to perform a string quartet and 70 or more to perform a symphony. A single performance of a two-hour play takes up to six weeks to rehearse and countless hours to build scenery, sew costumes and sell tickets. A sculpture which may inspire us while we glance at it for a few moments may take months to create. And as with most industries, time is money.

Even though artists are paid relatively small fees for their work, these inevitable facts of life, plus the uniquely Alaskan facts of expensive travel and high costs of materials, put the economics of the arts beyond the means of self-support.

Who pays the bills? Arts Alaska is supported by program receipts, community matching funds, private donations, business contributions, and grants received from the Alaska State Council on the Arts and the National Endowment for the Arts, a federal agency in Washington, D.C. Arts Alaska's efforts have been recognized by many generous donors. This support has made it possible for Arts Alaska to expand and improve its programs and services at an unprecedented rate.

Still, each year Arts Alaska receives requests for more than twice the services and programs than it has funds to provide, and the demand for these services is growing yearly. Arts Alaska needs continued and increased support to continue reaching those to whom the arts are so important. You can help Arts Alaska and share in its goals by sending a tax-deductible contribution to:

Arts Alaska, Inc.  
618 Warehouse Avenue, Suite 218  
Anchorage, Alaska 99501

A rapidly changing society needs the humanizing rewards that art experiences can give. The support of the arts and those who create them is essential to the survival and development of our culture. Arts Alaska is devoted to these principles.

*Speaking of the future of the visual arts in Alaska, I realize that I did not see the works of many of the artists that reside in the state, but based on what I did see and select the future looks extremely favorable. Through a careful blending of artists, the institutions and their support I'm sure that the visual arts will become as valuable a resource to the state as is the oil.*

# This Season is a Milestone!

**Elvera Voth**  
Artistic Director  
Anchorage Civic Opera

Dear Friends:

This coming season will be a milestone for us.

For the first time the Anchorage Civic Opera is offering three mainstage productions in a single year. This means that we can offer a season subscription for the first time. These are important developments.

But our greatest source of pride will be an even higher artistic quality in our productions.

We will feature more guest artists from major companies than in previous years. Their talents, combined with our outstanding Anchorage musicians, will create ever more exciting performances for our opera enthusiasts.

In addition to our mainstage productions, we have initiated an extensive education and touring program. Sixty appearances in local schools, a tour to Bethel, a residency in Juneau, and many performances at civic functions are all part of this expanding service.

Here at home, we promise to continue to provide the finest quality opera. We are eagerly looking forward to a new Opera House to provide a home for our future seasons. The new Opera House will give our gifted company a stage that its talent and dedication deserves.

Welcome you to our family of season subscribers. Together let us stake a bold claim and make the Anchorage Civic Opera a source of community pride worthy of national recognition.

Sincerely,

*Elvera Voth*

# Be A Friend Of The Opera!

The Anchorage Civic Opera relies on financial support from many sources to cover the costs of its extensive, statewide projects. Ticket sales provide only about one-third of the Opera's income. Much of the rest comes from the generous support of many businesses and individuals. Their gifts are acknowledged in our printed programs under the following categories:

Sponsor .....	\$ 50	Angel .....	500
Patron .....	150	Benefactor.....	1000
Friend .....	250	Guarantor .....	5000

The Opera also gratefully acknowledges grants support from the Municipality of Anchorage, the Alaska State Council on the Arts, and the National Endowment for the Arts, a federal agency.

## GIVE A GIFT OF OPERA!

There is no better gift than a season subscription to the Anchorage Civic Opera. This year plan three evenings with your friends and magnificent music. Your thoughtfulness and generosity will be remembered throughout the year.

### GENERAL INFORMATION

The SARAC Fine Arts Camp is a co-educational summer arts program with separate sessions for junior and senior high school students. It is sponsored annually by the Southeast Alaska Regional Arts Council, Inc., on the Sheldon Jackson College Campus in Sitka during July. Approximately 40 classes are taught by over 20 professional artists and musicians in Creative Writing, Dance, Drama, Music and Visual Arts. The faculty and 10 support staff provide performances, special assemblies, exhibits, and recreational activities. The Alaska State Department of Education has endorsed 1/2 unit of Carnegie credit for students successfully completing the curriculum.

### ELIGIBILITY

This year the Camp will consist of separate senior and junior high school sessions. The Senior High Camp, for students entering 9th grade through 12th grade, will be held July 6-14. The Junior High Camp, for students entering 7th and 8th grades, will be held July 18-25.

The Camp is open to Alaskan students with a demonstrated talent or interest in one or more of the art areas offered at the Camp. A Camp Recommendation Form is required from a teacher or other professional familiar with the student's art background and interest.

The Southeast Alaska Regional Arts Council, Inc., is a not-for-profit private corporation dedicated to the support and enhancement of the arts in Southeast Alaska. The Fine Arts Camp is SARAC's largest ongoing program. Tax-deductible contributions to the Fine Arts Camp are needed to fund the expansion of the Camp and are welcome at the SARAC office.

SARAC is grateful for grant support from the Alaska State Department of Education, Alaska State Council on the Arts, Alaska Humanities Forum, and other generous municipal and school district support. Special thanks also goes to Alaska Airlines, Foss Lunch and Tug, MC Machinery, SOHIO Alaska for their contributions. Appreciation is also extended to Southeastern arts councils for organizing scholarship drives and to many businesses, individuals, schools, and others donating directly to students through scholarship. The Fine Arts Camp couldn't exist without this statewide support basis.

# Sitka Summer Music Festival

Join us in Sitka, a beautiful community with an outstanding music festival. Please consider this your invitation to enjoy our splendid concert series presented every June. We gather from all over the world to be part of this Festival, and we're proud to say that our audiences do too. We've designed this brochure to give you an overview of the Festival. Each year we publish specific information about the Festival's plans for the coming summer, including the concert dates and the musicians who will perform. We hope this whets your curiosity and that you will plan to enjoy one or more of our concerts next June.

Sincerely,  
The Sitka

## Great chamber music in a glorious setting

**M**ore than 1,000 miles from any other musical center, some of the world's finest musicians return year after year to perform great music in the midst of natural wonders. Each June in Sitka's spectacular and historic setting, musicians gather to renew themselves and refresh themselves with the masterworks of chamber music. The result is a concert series as magical as its surroundings.

The long Alaskan summer days mean that it will light during the evening concerts. Eagles and seagulls can often be seen gliding past the snow-capped mountain peaks as small fishing vessels go about their business in the harbor.

Sitka was once the capital of Russian America and its Russian heritage is still quite evident. Historic buildings are in daily use and the site of a decisive battle for control of Southeast Alaska is just a short walk from downtown.

The days in Sitka offer historic tours, salmon bake, wilderness hikes, traditional Russian dances, museums, fine Native Alaskan and contemporary art and some of Alaska's most exciting sporting events.

And the nights are filled with the world's most beautiful music.

### How to get there:

**S**itka offers handy, and infrequent, bus service with a fleet of five buses based at the terminal. Most of the Alaska Airlines, Alaska Pacific, and Alaska North West flights, which are both less than two hours flying time and a convenient connection from other major U.S. airports, are available.

Sitka is also served by the ships of the Alaska Marine Highway System, which make the famed Inside Passage. These vessels offer service for vehicles and sail on passengers from Seattle, Prince Rupert, B.C., and the major cities in Southeast Alaska.

Travel agents anywhere in the U.S. can make the necessary, year-around arrangements. When getting your itinerary, be sure to request Tapes, and Friday evenings in Sitka, except those on the nights that the Sitka Festival presents concerts.

Separate tickets are required. Air fares to Sitka are also subject to major time-of-year variations and may require an advance booking.

**Sitka Summer Music Festival**  
at Box 907, Sitka, Alaska 99833

At the request of \_\_\_\_\_, a Habitat underwriter we are not affiliated to Sitka Festival performers.

### The finances:

**T**he Sitka Festival enjoys a variety of broad financial support. Ticket sales are a major source of revenue. Just they do not cover the entire cost of operation. Hundreds of donors of businesses, individuals, and foundations provide important contributions to the Festival's budget. Donations come from all over Alaska, more than half the total of the sales in the U.S., and even from as far away as Cuba, Italy, and Copenhagen.

The Sitka Festival also enjoys the support of a government agency, receiving the Alaska State of Sitka, the Alaska State Department of Tourism, and the Alaska State Department of Arts and Cultural Heritage.

The Festival must raise more money to reach its obligations and keep the festival operating on a very tight budget and contributions of any size make a difference. Contributions are tax deductible and are welcome at any time of the year.

### The musicians and the music:

**T**he Sitka Summer Music Festival is set around the year-around musical events of Southeast Alaska, but it is best known for its concert series of chamber music.

It began as an informal reunion for some of the partners of the Alaska Music and Concert Partnership. Today, the Festival has grown into a shining jewel of music, art, tradition and a solid season of inspiration for its splendid performers.

The Festival attracts outstanding musicians because of the warm, knowledgeable and supportive atmosphere, the hospitality of Sitka's law-abiding citizens, the hard work and support of Sitka volunteers, and the large and enthusiastic audiences that attend the glitzy concerts on Tuesday and Friday evenings. The concert programs are of the highest quality, and the artists who perform are among the best in the world.

Each year, the artists who perform are selected by a committee of musicians and performers, and the artists who have performed at the Sitka Summer Music Festival are:

The Sitka Festival is dedicated to presenting great music by outstanding artists. While no formal music school or academy is associated with the Festival, it is fortunate to have a number of excellent arrangements for lessons with some of the artists. After our performers are announced each year, we will be happy to put you in touch with the musicians who play your instrument. Students at Jackson College and Sitka Community College often classes in a wide variety of subjects during June. Details about their summer schools are available by writing to the colleges.

### Bring a taste of Sitka to your city:

**I**f you can't come to Sitka in June, it may be possible to bring the Sitka Festival to you.

Festival artists tour throughout the world as soloists and are always eager to arrange chamber music concerts with some of their Sitka Festival colleagues. Because of the tight touring schedule, requests for chamber music are usually answered on a first-come, first-served basis. If you are interested in having a chamber music concert in your city, please contact the Sitka Festival office as early as possible. If you want to present a concert featuring Sitka Festival artists, the Festival will be happy to work with you.

## 7 Reasons Why You Should Be A Season Subscriber

The Concert Association lights up the stage seven times from September to April. A Concert Association season ticket is an investment that pays dividends seven times in eight months. That's value!

The Concert Association upholds a 31 year tradition of excellence by bringing great performers to our audiences. The list of artists who have performed for the Concert Association is a "Who's Who of the Performing Arts." Again this year, the Concert Association hand picked its artists from among the finest in the world.

The Concert Association conceives each season with the greatest care. Variety is the hallmark of the Concert Association. Each performance is a different treat. From Mexican folk dancers to a great stop of the Metropolitan Opera, no two nights are the same and each a top notch!

The Concert Association offers larger savings than the average of most other season tickets in Anchorage. Compare these savings:  
50% discount for General Admission  
45% discount for Reserved Section

The Concert Association holds the line on certain ticket prices when the cost of single tickets necessarily increases. 1980 season tickets are the same price as 1978 and 1979 season tickets. Compare the cost of Anchorage Concert Association season tickets to similar tickets elsewhere in the country. We think you will agree that the Concert Association season ticket is a superb value!

Concert Association subscribers don't lose their tickets. To cancel a season ticket is registered, it will be replaced free of charge. To register a season ticket, fill out the stub attached to the season ticket and drop the stub in the mail. If your tickets are lost or stolen, a phone call will replace them.

Last season, regrettably, hundreds of people were unable to purchase tickets for some of the most popular Concert Association performances. But not one cherished season subscriber was ever turned away. Don't miss out. **Subscribe now!**

Season tickets are the perfect gift for your friends and business associates. Seven times during the coming year they will share the joy of great performances with you. The gift of season tickets is a subtle commitment and a guarantee of enjoying great evenings with friends. Your thoughtfulness will be remembered all year long.

## MEMORANDUM

TO: Members of the Governmental Affairs Committee, Alaska Arts Alliance

FROM: Michael More *mm*

RE: A.A.A. Group Funding Request FY 82 to the Legislature **HB 414**

The attachments outline by organization the specific amounts to be requested from the Alaska State Council on the Arts General Grants Category for FY 82, collected by the Governmental Affairs Committee. The Alaska State Council on the Arts has stated that 75% of the funds in General Grants will go to major organizations. The existing Governor's Budget allows for 1,800,000 in General Grants. For the major organizations represented here to receive funding at this level, the General Grants Category must be increased from 1,800,000 to 5,225,133. Seventy-five percent of 5,225,133 would total 3,918,850 and thus meet the funding needs of these major organizations. Based on the percentage formula policy stated by the Alaska State Council on the Arts, the Alaska Arts Alliance is seeking an increase in the ASCA General Grants Category in the amount of 3,425,133. This amount will cover the stated needs of the member organizations, within the distribution policy of the ASCA.
