Rec'd 12-7-81

Shishmaref, Alaska 99772  
November 20, 1981

Representative John "Jack" Fuller  
Box 689  
Nome, Alaska 99762

Dear Representative Fuller;

Knowing that getting funds to attend college is one hard task, I am continually asking for help to find funds for those who are willing and able.

This year, Northwest Community College is reaching out to locate students in the Region but \$75 per credit is too much for most students who are unemployed due to lack of employment and training. We have lots of people in Shishmaref who are interested in taking courses but are turn off by dollar signs. I am sure this is true for the whole Region.

In order to be eligible to receive grants, a student must be enrolled as full time student, meaning 12 credits per semester. To most students, this is too much at the beginning. We need to start some students at slower rates so they will not be turn off by the work load. Once the students get use to taking courses (long distance learning) then we can push them to take full credit load.

The time is really flying by. We need people who are teachers, electronic experts, etc., right now. We need people who are educated to represent us in meetings and hearings.

It used to be that high school education was enough to get by but now high school education is not enough today due to new technology coming in into the villages. We now have TV in the villages and many other devices that people could have.

Representative Fuller

Page two

We now have many high School graduates since there are high schools in the villages. The problem is, many of the graduates are staying in the villages due to lack of funds to continue their education. Long distance learning provided by the Community College is one way of providing education beyond high school. We need to find funds for these people to take courses while they are in the villages. We can do it now with the TV programing available. But they need money to pay for books. There should be a way to determine which students are serious about taking courses so that the money will not go to those students who will give up before completing the courses.

We could ask the State to provide the funds if you think it is the way to go. It may be the only way to go.

Thank you for your time.

Sincerely,

*George Olanna, Sr.*

George Olanna, Sr.

P.S.  
This year, I am  
Vice-Chairperson  
for Northwest  
Community College  
so for this year  
my concern will be  
"fundings".

## Alaska House of Representatives

January 19, 1982

George Olanna, Sr.  
 Shishmaref, Alaska 99772

Dear George:

How are you? Things are rolling once again as we enter into the third week of the session.

First, let me say congratulations on your appointment as Vice-Chairperson for Northwest Community College.

I read your letter with much interest and as you know I am very concerned about the continued education of our students. I am in the process of checking with various groups to find out which funding source would be best suited for our needs in the villages.

I will do all I can to see that funds are appropriated for such a program as you have outlined in your letter. In the meantime, perhaps you could provide me with an official cost estimate of the program and a more defined outline of how the program will be implemented.

When I receive the information regarding the funding sources I will forward the information on to you.

It is always nice to know that the people in our villages care about the continued education of our young.

Thank you for contacting me.

Sincerely,

Rep. John G. (Jack) Fuller

### MEMORANDUM

TO: Rep. Jack Fuller

THRU: Linda Wild

FROM: Gordon Jackson

RE: Amendment Change to the Student Loan Program  
to Include a Section for Rural Alaskans

DATE: January 22, 1982

The amendment would take care of students who want to pursue a degree part-time while working on-the-job, be targeted towards village situations described in the letter from George Olanna, housewives who want to continue their education, etc.

The amendment would also provide much more of the student loan money out there in rural Alaska and increase the higher education that is needed.

The amendment is attached for your review.

An amendment to the Student Loan Program to Section 14.40.765.  
Eligibility of Students may take care of the part-time student  
problem. I suggest placing it under (2) and add:

- (c) enrolled as a part-time student in rural Alaska  
with a commitment to pursue a career education  
or associate or baccalaureate or graduate degree  
program in an accredited college or university;  
classes could include correspondence courses.

§ 14.40.765

Each shall be regarded as a grant shall be the following percentages of the total loan received plus accrued interest:

- (1) two — three years residency 10 per cent
- (2) three — four years residency 20 per cent
- (3) four — five years residency 30 per cent
- (4) over five years residency 40 per cent

§ 4 ch 98 SLA 1971; am § 4 ch 156 SLA 1972; am § 6 ch 78 SLA 1974; am § 4 ch 136 SLA 1974)

amendment substituted "806" for "713" in subsection (f).  
 The first 1974 amendment substituted "commission" for "Department of Education" in subsection (i).  
 The second 1974 amendment added "a year" to the end of subsection (f).

Sec. 14.40.765. Eligibility of students. A student may apply for a scholarship loan if

- (1) he is a resident of Alaska, and if
- (2) he is either
  - (a) enrolled as a full-time student in a career education or associate or baccalaureate or graduate degree program; or
  - (b) a graduate of a high school, or scheduled for graduation from a high school within six months, with sufficient credits to be admitted to a career education program or to an accredited college or university. (§ 1 ch 98 SLA 1971)

(c) *insert amendment*  
Sec. 14.40.767. Selection criteria. In selecting from among the eligible students those students who will be awarded loans the selection committee shall take into consideration the following items:

- (1) the student's financial needs;
- (2) entering freshmen who are graduates of Alaska high schools or who are graduates of a high school outside the state if their Alaskan residency has been continuous;
- (3) personal recommendations from the student's instructors, parents, and others familiar with his abilities;
- (4) the student's record of achievement. (§ 1 ch 98 SLA 1971)

Sec. 14.40.769. Discrimination prohibited. The student loan program shall be carried out without regard to the race, creed, sex, color, religion, national origin, or membership in fraternal or political organizations of the student applying for the loan. (§ 1 ch 98 SLA 1971)

Sec. 14.40.771. Enforceability of certain contracts with minors. A contract obligation entered into by a minor at least 16 years of age, including a loan or other assistance received by him from any person for the purpose of furthering his education in a career education program or an institution of higher learning, is enforceable against the

RECOMMENDATIONS FROM  
A  
STATEWIDE CONFERENCE ✓  
ON  
ALASKA STUDENT FINANCIAL AIDS PROGRAM

February 5, 1982

Conference Conducted by  
The Northern Institute for Research, Training & Development, Inc.  
Anchorage, Alaska

in Cooperation with  
ALASKA SCHOOL COUNSELORS' ASSOCIATION  
and  
ALASKA COMMISSION ON POSTSECONDARY EDUCATION

Funding by  
ALASKA COMMISSION ON POSTSECONDARY EDUCATION

*13*  
2-10-82

The attached recommendations and statement of philosophy were passed and adopted by the members of the Alaska School Counselors' Association and various other financial aids counselors and administrators from school districts and colleges throughout Alaska.

The Conference was held at the Northern Lights Inn in Anchorage on February 4 and 5, 1982. The Philosophical Statement was unanimously adopted. Many of the 21 Position Statements were also passed unanimously with the remainder being passed with at least a two-third majority vote.

The Alaska Commission on Postsecondary Education was represented by Executive Director Dr. Kerry D. Romesburg; the Alaska School Counselors' Association was represented by their president, Bernice Linn who is a counselor at Palmer High School; and The Northern Institute by Executive Director Ronald D. Daugherty and the Conference Coordinator Edith L. Gilliland.

---

---

PHILOSOPHICAL STATEMENT AFFIRMED

at

ALASKA STUDENT FINANCIAL AIDS CONFERENCE

The State of Alaska shall have a postsecondary financial aids program with the purpose of developing our most valuable renewable resource; the people of Alaska.

The first priority in the development of the financial aids program shall be a consistent and stable Alaska Student Loan Program. The goals of the Alaska Student Loan Program shall be to:

- provide, without recourse to needs assessment, financial resources for all qualified Alaskans who desire postsecondary education
- provide freedom of individual choice in selection of postsecondary educational programs
- promote responsible academic and financial involvement on the part of the loan recipient
- embrace incentives for recipients to reside in Alaska after schooling to apply acquired skills and expertise to the advantage of Alaska

Regulations for the administration of the Alaska Student Loan Program will be promulgated by the Alaska Commission on Postsecondary Education.

---

---

## POSITION STATEMENTS

1. The Alaska Student Loan Program should not be a need based program.

A major concern in addressing the definition of standards for the Alaska Student Loan Program has been the preservation of equal access to financial aid of all eligible Alaskans. Requirements of needs assessment would be contrary to that philosophy and runs counter to the expressed intent of the legislature at the time of establishment of the Alaska Student Loan Program.

2. Loans should be available to students for any year of post-secondary education.

Elimination of the freshman year of study or of any year of study would limit access to postsecondary education and would in fact deny that opportunity to some students who are currently eligible for students' loans. Further, if the freshman year were eliminated for university students or two-year program students; in the name of equity, it would be essential to eliminate all one-year or less than one-year programs. Therefore, a large number of vocational students would not be eligible for loans for postsecondary training.

3. Loans for foreign study should be continued.

A program designed to provide free access to eligible Alaskans and free choice of educational institutions should not deny consideration of foreign study as an appropriate alternative. In some fields of study foreign study may offer unique program options that fit the educational needs and desires of the loan recipient.

4. The inclusion of tuition and fees, room and board, books and supplies, transportation and personal expenses in the student budget should be maintained.

Restricting other expenses would result in the disallowing of school attendance for students with special needs.

5. The present loan maximum amounts should be continued.

Schooling costs continue to rise and reduction in loans could seriously impair freedom of choice in postsecondary schooling/programs.

6. The interest rate charged on loans should not be increased.

The loan program is an investment in Alaska's economic future. Repaying the loan should not become a heavy burden.

7. Forgiveness should continue at the present level.

Re-examination of the current method of providing for the forgiveness should be implemented. Consideration should be given to distributing the forgiveness amount over ten years. This should increase the amount of money repaid annually to the loan fund.

8. Loans for both in-state and out-of-state attendance should continue.

This provision ensures freedom of educational choice and access to programs.

9. Interest waivers during in-school periods and deferment periods should be continued.

10. Institutional verification on the loan application should be eliminated.

Current budget figures are readily available from postsecondary school catalogs. Institutional signoff has caused significant delay and prevented the meeting of application deadlines.

11. All statutory changes in the Alaska Student Loan Program shall take effect the next application year.

This will allow for orderly administrative processing. A stable and consistent loan program cannot function with drastic changes occurring annually.

12. Continuing loans shall be restricted to full-time students in good standing at their respective schools.

While it is appropriate to provide access to all eligible Alaska residents who wish to pursue postsecondary education, as indicated in the goals, there is an academic responsibility assumed by the borrower who accepts loan funds. Maintenance of good standing at their institution of choice is a reasonable criterion of the acceptance of that responsibility.

13. Existing residency requirements should be maintained. It is recommended that verification of residency be required. The applicant will obtain four references willing and able to attest to the student's residency claim. The verification provided in support of residency claims would be a statement of personal oath.

Concern has been expressed that proof of residency needs to be included in the application process. Verification by four references should satisfactorily meet that need.

14. Enforce the current May 15 deadline for priority processing. After the May 15 deadline loans will continue to be processed according to the postmark date only until all loan funds are encumbered.

The continuation of the May deadline will allow the staff to begin the processing of applications and awarding of funds in a timely manner. Processing according to postmark date subsequent to May 15 will provide access to any remaining funds on a first-come first-serve basis.

15. The Alaska Student Loan Program should remain independent.

The program requires a knowledge and expertise that is directly related to its function in the provision of funds for education. The framework has been established and there is no apparent justification for reassignment of that responsibility.

16. The employment of an outside agency for loan collection is not supported.

This does not appear to be fiscally viable.

17. No application for funding for programs in progress will be considered after the program has been in session longer than two (2) weeks.

18. The growth of this program has fostered inherent staffing needs.

It will be necessary to reevaluate loan processing and collection tasks on an annual basis to insure staffing appropriate to the demands of the program.

19. A two-tier or dual loan program is not recommended.

The state should support a loan program with the expressed purpose to benefit Alaskans without regard to need.

20. A revolving base for loan processing is supported.

This process is an admirable goal that merits further investigation.

21. Support a non-need based work study program.

PETITION FOR STUDENT HOUSING

TO: The Honorable Jay Hammond, Governor, State of Alaska  
The Honorable Terry Miller, Lt. Governor, State of Alaska  
The Alaska State Legislature  
President Jay Barton, University of Alaska  
The University Board of Regents

WE, THE UNDERSIGNED, believe that student housing at UNIVERSITY OF ALASKA, ANCHORAGE campus, is long overdue, desperately needed, and should be a major priority in the State's Fiscal Year '83 budget.

At the present time, we are forced to obtain rental units in a strained Anchorage rental market. The lack of adequate student housing adds a great deal to the cost of education and adds a burden to a student's budget.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

 President Jay Barton, University of Alaska  
 The University Board of Regents

WE, THE UNDERSIGNED, believe that student housing at UNIVERSITY OF ALASKA, ANCHORAGE campus, is long overdue, desperately needed, and should be a major priority in the State's Fiscal Year '83 budget.

At the present time, we are forced to obtain rental units in a strained Anchorage rental market. The lack of adequate student housing adds a great deal to the cost of education and adds a burden to a student's budget.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

PETITION FOR STUDENT HOUSING

TO: The Honorable Jay Hammond, Governor, State of Alaska  
The Honorable Terry Miller, Lt. Governor, State of Alaska  
The Alaska State Legislature  
President Jay Barton, University of Alaska  
The University Board of Regents

WE, THE UNDERSIGNED, believe that student housing at UNIVERSITY OF ALASKA, ANCHORAGE campus, is long overdue, desperately needed, and should be a major priority in the State's Fiscal Year '83 budget.

At the present time, we are forced to obtain rental units in a strained Anchorage rental market. The lack of adequate student housing adds a great deal to the cost of education and adds a burden to a student's budget.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

The Alaska State Legislature  
President Jay Barton, University of Alaska  
The University Board of Regents

WE, THE UNDERSIGNED, believe that student housing at UNIVERSITY OF ALASKA, ANCHORAGE campus, is long overdue, desperately needed, and should be a major priority in the State's Fiscal Year '83 budget.

At the present time, we are forced to obtain rental units in a strained Anchorage rental market. The lack of adequate student housing adds a great deal to the cost of education and adds a burden to a student's budget.

We fully support funding for student housing at the University of Alaska's Anchorage campus and request your assistance in obtaining the needed funds.

**Placement Examinations for Proficiency**

**English.** An entering freshman with an ACT English standard score of 25 or better or SAT verbal score of 600 or better is automatically eligible to enroll in ENG 104 in place of ENG 101 and 102. Students scoring 23 or 24 on ACT or 540-590 on SAT are eligible to take the English Exemption Examination for placement in ENG 101, 102 or 104. The examination is given during the orientation period before the beginning of each semester and during the summer terms. Further information is available from the Director of Freshman English.

**Foreign Language.** For information regarding foreign language placement, see page 77 (Foreign Languages), and page 23 (Advanced Placement).

**Mathematics.** All students registering for introductory mathematics courses are required by the Department of Mathematics to take the Mathematics Placement Examination for registration. The examinations are given several times each semester and during the summer. They are designed to determine the course level which will be of most benefit to the student. For further information, contact the Director of Mathematics Placement, Physical Science Center, A Wing.

**Traveling Scholars Program:** The Traveling Scholars Program is designed for students to take advantage of programs or special resources at one of the three state universities not available at their own institution. Any undergraduate student with a 2.5 GPA or graduate student with a 3.0 GPA enrolled at Arizona State University, Northern Arizona University or University of Arizona may be designated a Traveling Scholar by prior mutual agreement of the appropriate academic authorities at both the sponsoring and hosting institution. Contact the University Registrar for additional information and the application form.

**Defense Activity for Non-Traditional Education Support (DANTES)**

Arizona State University is a participating institution with DANTES and is listed in the DANTES Directory of Independent Study. DANTES is an executive agency of the Department of Defense which provides educational support for the voluntary education programs of all Services. The primary missions of DANTES are: (1) to provide

nationally recognized examination and certification programs as part of the voluntary education programs of military services; (2) to facilitate the availability of high-quality independent institutions for service men and women.

**U.S. Armed Forces Institute Correspondence Courses.** Arizona State University no longer grants military science credit for active service or courses that were taken through the military.

**Fees, Deposits and Other Charges**

**Registration and Tuition Fees**

**Full-time Students**

Students registered for 7 or more hours are considered full-time for fee purposes. Amounts listed are per academic semester. For further information on classification for fee status, see page 30 (Fee Status Classification, Procedures and Policies).

The following is a schedule of the total registration and tuition:

**In-State Fee Status**

Registration ..... \$325.00

**Out-of-State Fee Status**

Undergraduate students registered for 12 hours and over pay a registration fee of \$325 plus tuition of \$1,150. Students registered for 7-11 hours pay the registration fee and a prorated tuition fee as follows:

12 hours and over .....	\$1,475
11 hours .....	1,381
10 hours .....	1,285
9 hours .....	1,189
8 hours .....	1,093
7 hours .....	997

**Part-Time Students**

Students registered for 6 hours or less ..... \$36/hr.

**Audit—Registration not for credit**

Fees for auditing classes are the same as fees paid for credit.

**Summer, Continuing Education and Correspondence**

Further information is included in this catalog's section, University Continuing Education and Summer Sessions.

**Summer Sessions/**

Continuing Education .....	\$36.00/hour
Correspondence .....	18.00/hour

## 28 FEES, DEPOSITS, OTHER CHARGES

### Additional Fees

Fees listed are per academic semester and are in addition to the general University registration and tuition fees.

#### Private Music Instruction

1/2 hour of instruction per week .....	\$40.00
1 hour of instruction per week .....	60.00
1 or more hours of instruction per week—music majors only .....	60.00

#### Musical instrument rental charge

Charge for use of University owned musical instruments .....

10.00

#### Consult Music Department for specific information

#### Special Class Fees

Various University classes require payment of fees for special materials and rentals. These fees are listed in the schedule of classes for each semester.

#### Late Registration—

Regular Semester .....

\$10.00  
A late registration fee is assessed when a student registers after the regular start of classes.

#### Housing

For information on Housing, refer to catalog section on Student Services—Housing

#### Other Fees and Charges

Admission Application .....

\$10.00  
All out-of-state undergraduate applicants must pay a non-refundable fee when application for admission is made.

Transcripts .....

\$ 1.00  
Request for transcripts should be made two weeks in advance of time desired.

Copies for educational records other than transcripts

Number of Pages	Charge
1 - 5	Free
6 - 10	\$2

Additional pages will be made at an increase of \$1 per 5 copies.

#### Graduation:

Undergraduate .....

\$ 7.00

Graduate .....

10.00

#### Late Graduation:

Undergraduate .....

\$12.00

Graduate .....

15.00

If the graduation charge is not paid on or before the date specified in the section of the catalog headed Graduation Requirements, a late fee of \$5.00 is added to the charge.

### Graduation Reapplication:

Undergraduate .....

\$ 7.00

Graduate .....

\$10.00

Charge for reapplication when requirements were not met on original application are the same amount as the original application.

Course Withdrawal .....

\$ 1.00

Charged following the last day of registration (per course withdrawn).

I.D. Replacement .....

\$5.00

Charge for replacement of a lost or mutilated activity card .....

\$10.00

Replacement because of wear or deterioration will be free of charge.

Returned Check Service .....

\$ 10.00

Students who have checks returned to the University by the bank for any reason will be assessed a \$10.00 service charge.

Comprehensive Examination \$ 7.50/Sem. Hr.

Paid by all students seeking to establish credit by examination (per semester hour).

Lost Receipt and Registration Material \$ 1.00

Parking Decals .....

\$ 5.00

A parking decal must be purchased for each motor vehicle used by a student or employee on the University campus. For further information refer to catalog subsection—General Information—Parking.

Deposits (refundable):

Housing .....

\$50.00

Science breakage,

depending on course .....

\$5.00 to \$25.00

Refunds

Registration and Tuition Fees

Students withdrawing from school or individual classes will receive a refund based on a percentage of the total semester fee paid in accordance with the following schedule:

Before first day of semester .....

Deduct \$10.00

1 thru 14 calendar days .....

80% refund

15 thru 21 calendar days .....

60% refund

22 thru 28 calendar days .....

40% refund

29 thru 35 calendar days .....

20% refund

After the 35th calendar day .....

No refund

Per cent of refund will be determined by the date the official withdrawal form is presented to the Business Office. In certain instances consideration is given when students must withdraw because of illness. For complete details contact the Registration and Fees section of the Business Office.

Refunds will be based on the first five class days beginning with the first day of the Summer Session, not on the first five meetings of any given students' classes.

**Summer Session Refunds**

Students withdrawing from any Summer Session or individual classes in a given session will receive a refund based on a percentage of fees paid and in accordance with the following schedule:

Before first day of session .....	Deduct \$5.00
1st and 2nd days of session .....	80% refund
3rd day of session .....	60% refund
4th day of session .....	40% refund
5th day of session .....	20% refund
After 5th day of session .....	No refund

Refunds will be based on the first five class days beginning with the first day of the Summer Session, not on the first five meetings of any given students' classes.

**Additional Fee Refunds**

**Private Music Instruction.** If a student must drop a music course because of illness or other emergency beyond the control of the student, not more than half of the instruction charge may be refunded.

**Special Class Fees.** Refunds, if any, will be determined by the department offering the course. Determination will be based on progress in the course and type of activity.

**Late Registration.** Not refundable.

**Additional University Charges**

Refund of these payments will be determined on the individual circumstances. Under ordinary conditions they are not refundable.

**Housing Charges**

Refunds to students departing from residence halls prior to end of the academic year are computed on the following basis:

**Deposits.** Housing deposits are refunded as prescribed by the housing contract that each student signs when they apply for residence hall accommodations. Students should refer to this document for specific information on refunds. When checkout occurs prior to the last two weeks of the Spring semester, students forfeit their \$50 room deposit.

**Rent.** Students will be charged 10% of the total semester rate for each week or partial week of registered occupancy.

**Board.** Students will be charged for meals through the last day of the week in which formal check-out occurs. Students departing during the last two weeks of the semester shall be charged the full semester rate for meals. No refund will be made for meals missed.

Check-out is based on the date the Housing Department is notified on a check-out form, not the last day of occupancy.

**Payment of Refunds**

All refunds will be made net of any amounts due the University. If the last day of the refund period falls on a weekend or holiday, the refund must be picked up during the regular office hours on the preceding day. For further information, see General Information—Forfeiture of Refunds, below.

**General Information**

**Change in Fees**

The Board of Regents reserves the right to change fees and charges without notice.

**Payment of Fees**

Students pre-registering may apply monies made available through the Financial Aids Office to their registration fees if the money has been authorized for release by the Financial Aids Office.

Registration and related fees are payable in full on the day of registration. (See Veteran's Deferred Payments).

**Method of Payment**

Payments to the University should be made by currency, traveler's check, bank money order, cashier's check or certified check. Personal or company checks in the exact amount of the charges will generally be accepted.

If any payment tendered is unauthorized, incomplete, or received after the due date, registration fees will be considered *not paid*.

The University reserves the right to refuse any type of payment.

**Veteran's Deferred Payment**

As provided by the Veteran's Readjustment Assistance Act, veterans may apply for deferred payment of registration fees. A "Certificate of Eligibility" must be presented. Contact the Business Office in advance to be assured of meeting the necessary requirements. The University reserves the right to deny this privilege to anyone.

**Forfeiture of Refunds**

All refunds and deposits due students for any reason are subject to forfeiture unless obtained on or before June 30 of the year in which they were originally paid. Refunds will not be made without student identification. Should June 30 fall on a day when the Business Office is closed, the refund must be picked up during the regular office hours before June 30.

## 30 FEE STATUS; FINANCIAL AIDS

### Checks Returned by the Bank

Checks returned by the bank for any reason will be assessed a \$10.00 service charge. Restitution of funds *must* transpire within 10 business days after the check is returned to the University. Personal checks or requested re-submittal of returned checks will not be honored as acceptable methods of restitution. Currency, money orders, cashier's checks, certified checks, traveler's checks or acceptable credit cards (VISA and Master Card) are the only acceptable means of restitution. All students are subject to involuntary withdrawal from the University for nonrestitution of funds within the maximum 10 day restitution period. All students will be charged tuition (if applicable) and fees based upon the percentage of time in attendance during the semester (see Refunds). In all cases, upon receipt of the returned item, University services will be immediately suspended for the subject student.

### Delinquent Financial Accounts

Students with outstanding financial obligations will be refused all University services until such obligations are paid. They will be denied subsequent enrollment, transcripts, grades, transfer of credit, and graduation. Failure to respond to notifications of outstanding financial accounts will result in a Records Hold, and potential withdrawal from the University.

### Parking

Anyone who parks or expects to park (whether owned, leased, or borrowed) a vehicle on the University Campus must register each vehicle and secure and display a current parking decal. Violations of the parking regulations are subject to citation and fines. Appeals to parking citations may be filed with the Parking Administrator, and after payment may be further appealed through the Parking Appeals Board. Unpaid parking citations will become part of delinquent accounts and are subject to the above paragraph.

### Fee Status Classification Procedures and Policies

The Arizona Board of Regents is required by law to establish for the universities under its jurisdiction and control uniform guidelines and criteria for the classification of students for payment of registration and tuition. All questions and discussions relating to classification for fee status should be directed to the Fee Classification Office, Arizona State Uni-

versity, PEBW 124, Tempe, AZ 85287 or call (602) 965-7112.

### Financial Aid

*Individuals who wish more detailed information on any scholarships, grants, loans or other financial assistance programs, are urged to write or call the Office of Financial Aid, Matthews Center, (602) 965-3355.*

Student aid at Arizona State University combines private, institutional, state and federal scholarship, grant, loan, and employment programs.

The Financial Aid Office assists qualified students in obtaining financial aid to attend ASU to the extent that funds are available. *Financial aid is an individual process from admission and requires separate applications.*

Students pre-registering may apply monies made available through the Financial Aid Office to their registration fees. *Financial Aid money is not automatically applied.* Only money which has been authorized for release by the Financial Aid Office may be used.

### Types of Financial Assistance

Please refer to publications of the Financial Aids Office for detailed information.

\*\* With one spouse enrolled.

## Classification of Courses

Information about courses appears in two places, the *General Catalog*, published once every two years, and the *Schedule of Classes*, published before the beginning of every semester.

The course numbering system is as follows:

**100-299 ("Lower Division" Courses)** are freshman and sophomore level courses, designed primarily for these students. Certain classes are closed to freshmen who lack the designated prerequisites or are majoring in other departments. This information is available in the *Catalog*, the *Schedule of Classes*, or from the student's curriculum advisor.

**300-499 ("Upper Division" Courses)** are designed primarily for juniors and seniors and other advanced students. Prerequisites and other restrictions should be noted before registration. Courses at the 400-level apply to graduate degree requirements for an individual program of graduate study when approved by the Graduate College.

**500-799 ("Graduate Level" Courses)** are designed for graduate students. However, upper-division undergraduate students may enroll in graduate courses with the approval of their advisor, the course instructor, the department chair, and the dean of the college in which the course is offered. If the course does not meet an undergraduate graduation requirement, it may be eligible for use in a future graduate program on the same basis as work taken by an unclassified graduate student. (See *Graduate College Catalog* or page 350.)

**Special Topics 294, 494.** The numbers 294 and 494 have been reserved for courses covering topics of immediate or special interest of a faculty member and students. Credit, 1-4 hours.

**Pro-Seminar 498.** Small group study and research for advanced students within their major area. Prerequisite: Major in the department or approval of instructor. Credit, 1-7 hours.

**Independent Study 499.** The course number 499 has been reserved for Independent Study courses in each of the instructional departments or divisions of the colleges at the undergraduate level. Independent Study courses are honor courses and may be taken only by outstanding senior students who have completed at least one semester in residence. To be eligible for an Independent Study course a student must have a cumulative grade

point average of 3.00 or better in his major or field of specialization.

An Independent Study course is designed to provide an opportunity for the superior senior student or for the graduate student to do an original study or investigation in the major or field of specialization on an individual basis with a minimum of supervision or direction.

An Independent Study course is not a substitute for a catalog course, nor a means of taking a catalog course on an individual basis. Courses listed in the catalog may not be taken as Independent Study.

Application for Independent Study must be made well in advance of the regular registration period with the student's advisor. The application must be signed by the advisor, and approved by the instructor under whom the student will work and by the chair of the department in which the course is taken. A special class fee may be required. Credit 1-3 hours.

**Special Liberal Arts Courses.** Liberal Arts 100, 101, 150, 401, 402 are interdisciplinary courses offered by the College of Liberal Arts. LIA 100 (University Adjustment and Survival) and LIA 101 (Use of Research Libraries) are open to all students; LIA 150 (Introduction to Asia) is open to students who have not had any exposure to the Asian studies; LIA 401 (The Meaning of the 20th Century) follows a lecture structure and is open to all upper division students and to others by approval of the instructor; LIA 402 (Movements and Meaning in Latin America) offers lectures by a variety of specialists.

**Honors Courses.** The courses listed in the schedule as 298 and 492 (Honors Individual Study), 493 (Honors Thesis) and 497 (Honors Colloquium) are reserved for students in Honors Programs.

An omnibus course is one at a certain level available to academic units who may use their own prefixes before the number. The omnibus number (initially approved by the Provost) is to be used for courses offered on an experimental basis. The title and course content varies with the subject matter.

**Special Courses.** Undergraduate Internship (484), Special Courses for Research Methods (500), Practicum (580), Field Work (583), Internship (584), Reading and Conference (590), Seminar (591), Research (592), Applied Project (593), Conference and Workshop (594), Special Topics (598), Thesis (599), Research Methods (600), Practicum (680),

Field Work (683), Interns and Conference (690), Search (692), Applied Pro Methods (700), Practicum (783), Internship (784), R ence (790), Seminar (791), Dissertation (799), are set ments of the Graduate Co listed in the respective dep offered.

**Prerequisites.** A student re course must meet the prev ment (prerequisites) listed satisfy the instructor that tion has been completed.

**Courses Offered.** The Univ all of the courses listed in or each semester. The *Sch* should be consulted for th each semester.

### Grading System

**Scholarship Grades and Marks.** All grades and marks will appear on the grade report and the permanent record.

They are indicated by the following letters:

A—Excellent	E—Failure
B—Good	Y—Satisfactory
C—Average	W—Withdrawal
D—Passing	I—Incomplete
P—Pass	X—Audit
NR—No Report	

**Grading Options.** Ordinarily a grade of A, B, C, D, or E is given upon completion of a course, unless a grading option of "Audit" or "Pass-Fail" is indicated at the time of registration. *Grading options cannot be changed after the close of the drop/add period.*

**Audit Enrollment.** A student may choose to audit a course, in which case he or she attends regularly scheduled class sessions but no credit is earned. The student must first obtain the instructor's approval, be properly registered, and pay the fees for the course. An audited course, however, is counted in the student's course load.

The mark of X will be recorded for completion of an audited course, unless the instructor determines that the student's participation or attendance has been inadequate. Then the mark of W may be recorded. This grading option may not be changed after the close of drop-add.

**Satisfactory.** The mark of Satisfactory (Y) may be used at the option of individual colleges and schools within the University, and is appropriate for seminars, internships, projects, workshops, theses, readings and conference and research. The Y is included in earned hours but is not computed in the grade point average.

**Incomplete.** A mark of Incomplete (I) is given by the instructor only when a student who is otherwise doing acceptable work is unable to complete a course because of illness or other conditions beyond the student's control. The student is responsible for contacting the instructor to arrange for completing the course within a reasonable time. (Some colleges limit this to the immediately following semester.) If the instructor is not available, the student should contact the department chair. When the course work has been completed, the instructor will submit a "Change of Grade" form through the Dean to the Registrar's Office. The I will be removed and the appropriate grade and credit entered. A student does not re-register or pay fees for a course in which an Incomplete (I) has been received in order to complete the course. Unless the instructor changes the I, it becomes part of the student's permanent record. There are special regulations or time restrictions on the mark of I in several colleges and schools of the University which should be noted.

**Withdrawal.** The mark of W may be recorded in a course whenever a student withdraws or is

## 34 GRADING SYSTEM

withdrawn from a course or officially withdraws from the University.

An instructor may not assign the mark of W unless a withdrawal has been properly processed with the Registrar's Office.

**Repeating Courses.** An undergraduate student who has received a grade of D or E in any course(s) taken at ASU may repeat the course(s) in order to improve his or her grade point average. The student must be properly registered and must have paid any required fees for the course(s) to be repeated. The course must be repeated in residence at Arizona State University with a grade of C or better before completing a first bachelor's degree. After completing the course with a satisfactory grade, the student must then file a "DLE Deletion Form" with the Registrar's Office. The original entry remains on the student's record, but the new grade is recorded and computed into the cumulative grade point index. Note: There are limitations on repeating courses in the Colleges of Architecture and Nursing and the School of Social Work.

A student may *not* repeat for credit a course in which a grade of C or better has been earned.

Grade deletion procedures (for repeating courses) do not apply to graduate students.

**Withdrawal by Instructor.** An instructor may withdraw a student from the class with a W or E, when the student's progress or conduct justifies such action. The instructor must initiate a withdrawal prior to the withdrawal deadline.

Among the reasons for such withdrawal are unjustified absences, disruptive classroom behavior, and lack of progress or achievement. A student may appeal an instructor-initiated withdrawal to the standards committee of the college in which the course is offered. The decision of the committee will be final.

**Change of Grade.** The instructor of a course has the sole and final responsibility for any grade reported for that course.

Once a grade has been reported to the Registrar's Office, it may be changed only (1) upon the signed authorization of the faculty member who issued the original grade, or (2) if the instructor is no longer at ASU, by the academic grievance committee of the college in which the course was offered. In either case, approval is required by the dean of the college concerned. This applies also to grades of Incomplete (I).

A student who feels that the grade received is unjust may appeal to the academic grievance committee. The decision of the dean is final. (See *University Policy for Student Appeal Procedures on Grades* in each college dean's office).

**Grade Points.** For the purpose of computing the grade point index, grade points are assigned to each of the grades as follows: A, 4 points for each semester hour; B, 3 points; C, 2 points; D, 1 point; and E, 0 points.

Grade point averages are rounded to the nearest hundredth of a grade point.

**Grade Point Average.** The grade point average (GPA) is obtained by dividing the total number of grade points earned by the number of semester hours in the student's course load graded—A, B, C, D, or E (net hours). Semester GPA is based on semester net hours.

Cumulative GPA is based on total net hours.

**Mid-Term Deficiency Report.** Instructors are required to evaluate students at mid-term for scholarship deficiencies. A student who has been evaluated for a D or E at mid-semester will receive a deficient scholarship report. The mid-term D's and E's are not recorded on the student's permanent record. Mid-term reports are mailed to the student's local address of record.

**Final Grade Report.** A grade report will be sent to each student at the end of each semester to the home address of record.

It is the responsibility of the student to keep the Office of the Registrar informed of address changes.

**Dean's List.** Undergraduate students who earn 12 or more graded credit hours (pass-fail are excluded) during a semester in residence at Arizona State University with a grade point average of 3.50 or better are eligible for the Dean's List. A notation regarding Dean's List achievement will appear on the final grade report for the semester.

**Records Hold.** The Registrar's Office will place a "Records Hold" on the records of a student when the Business Office reports an outstanding financial obligation or if the requirements for readmission to the University have not been met.

When a "Hold" is placed on a record, the student does not receive a grade report and credit earned is not reported for the current semester's work. Furthermore, an official or unofficial transcript will not be issued for that

student, and all further work will be automatically suspended.

The "Hold" will remain until the student's responsibility for the work causing the "Hold" is removed by the initial student's responsibility.

**Transcripts.** The Registrar's Office will release official transcripts upon request of the student. Transcripts include the student ID number, date of last attendance, and ASU. No transcript will be issued with a "Records Hold" (see above). If a transcript is to be mailed, the student must provide a specific address. The fee for a transcript is \$1.00 a copy.

Unofficial transcripts may be obtained from a person at the Registrar's Office. They are self-addressed stamped envelopes.

There is no charge for a transcript. Requests will not be accepted from third parties without a written request from the student.

### Retention and Academic Standing of Students

- 1 - Freshman, 24 or less hours
- 2 - Sophomore, 25 - 55 hours
- 3 - Junior, 56 - 86 hours
- 4 - Senior, 87 or more hours
- 5 - Graduate, Bachelor's degree from an accredited institution

**Good Standing.** Good standing is defined as follows:

Total Hours Earned
24 or less
25 - 55
56 or more

An individual college's average standards for or programs. In order to transfer to another within the University, a student must have a 2.0 GPA or better. If a student is in good standing, it is not necessary to place on probation. A student who is on probation may place on probation if the student fails to maintain good standing as defined above. A student who is on probation is required to observe the college's policies. The college may impose probation.

student, and all further registration privileges will be automatically suspended.

The "Hold" will remain on the records till it is removed by the initiating office. It is the student's responsibility to clear the conditions causing the "Hold."

**Transcripts.** The Registrar's Office will release official transcripts only upon written request of the student. The request must include the student ID number, date of birth, date of last attendance, and name(s) used at ASU. No transcript will be issued in case of a "Records Hold" (see above). If the transcript is to be mailed, the student must also supply a specific address. The fee for an official transcript is \$1.00 a copy.

Unofficial transcripts may be requested in person at the Registrar's Office or by mail if a self-addressed stamped envelope is enclosed. There is no charge for an unofficial transcript.

Requests will not be accepted from third parties without a written release from the student.

**Retention and Academic Standards**

**Class Standing of Students.**

- 1 - Freshman, 24 or less hours earned
- 2 - Sophomore, 25 - 55 hours earned
- 3 - Junior, 56 - 86 hours earned
- 4 - Senior, 87 or more hours earned
- 5 - Graduate, Bachelor's degree from accredited institution

**Good Standing.** Good standing for the purpose of retention is defined as follows:

Total Earned Hours	Minimum Cumulative GPA
24 or less	1.60
25 - 55	1.75
56 or more	2.00

An individual college may set grade point average standards for one or more of its programs. In order to transfer from one college to another within the University, a student must have a 2.0 GPA or better. The GPA determining good standing is computed on courses taken only at Arizona State University.

**Probation.** A student's college assumes responsibility for enforcing academic standards, and may place on probation any student who has failed to maintain good standing as defined above. A student on academic probation is required to observe any rules or limitations the college may impose as a condition for retention.

**Disqualification.** A student who is placed on probation at the end of a semester is subject to disqualification by the college at the end of the following semester if the conditions imposed for retention are not met.

Disqualification is exercised at the discretion of the college and becomes effective on the first day of the semester following college action. A disqualified student is notified by the dean of the college and is not allowed to register at the University until reinstated. A student who receives notice of disqualification may appeal to the college standards committee. A student disqualified or otherwise not eligible for regular admission may not attend as an unclassified student.

**Reinstatement.** In order to be reinstated, the student must submit an application for reinstatement to the disqualifying college. If the student chooses to transfer to another college within the University while disqualified, application for reinstatement must be made to the University Undergraduate Admissions Board.

A disqualified student who has not registered for one or more semesters must apply for reinstatement and readmission. The application for reinstatement must be made before the student files an application for readmission.

**Reinstatement Appeals.** A student wishing to appeal the decision of the standards committee of a college may apply for a hearing before the University Undergraduate Admissions Board. The decision of the Board is final.

**Academic Renewal**

An undergraduate who has been readmitted to the University after an absence of at least five years, and who has satisfactorily completed at least one additional semester, may, upon petition to the dean of the college, have his or her former record treated in the same manner as transfer credits. That is, credit will be granted for up to 64 hours in courses in which a grade of C or better was earned, and the original cumulative index will be listed separately rather than included as part of the ASU index. Such academic renewal may be effected only once during a student's academic career. Students who elect to petition for academic renewal must be aware that a summary of the former record remains on the transcript and that, although eligibility for graduation is based on the ASU index, most graduate and professional schools to which the student may

later apply will average the two records together, as they would for transfer students.

## General Studies

Arizona State University students are required to demonstrate a satisfactory level of basic knowledge in the humanities, fine arts, social and behavioral sciences, and sciences and mathematics. Specific patterns of General Studies requirements are established by the colleges within the overall program. Since requirements under this program vary somewhat from one curriculum to another, students should refer to the catalog description of the recommended General Studies program within the college in which they are enrolled. Specific disciplines listed within the three overall categories are *not necessarily applicable* to the General Studies program and graduation requirements of each college.

Students transferring from approved institutions of higher education ordinarily will be given General Studies credit, hour for hour, for work done in those institutions insofar as it is equivalent in content to General Studies courses at this University.

All students who are candidates for a bachelor's degree are required to complete 36 to 57 semester hours in upper and lower division General Studies courses, depending upon the college and curriculum in which they are enrolled. The total number of semester hours required in each of the fields listed below is specific by the individual colleges:

### Humanities and Fine Arts

Architecture, Art, Dance, English, Foreign Languages, Interdisciplinary Humanities, Music, Philosophy, Religious Studies, Theatre.

Students select with the advisor's approval, two or more courses within a pattern designed to enhance their ability to develop a discriminating appreciation and understanding of the humanities, fine arts and philosophical ideas. This pattern is intended to develop standards of critical judgment, ability to assess and evaluate humanistic ideas and values, and competence in the basic arts of communication and self-expression.

### Social and Behavioral Sciences

Aerospace Studies, Agribusiness, Anthropology-ASB, Business Administration, Communication, Criminal Justice, Cultural Geography, Design Sciences, Economics, Educational Foundations,

Engineering, Health Education, History, Home Economics, Journalism and Telecommunication, Leisure Studies, Military Science, Planning, Political Science, Psychology-PGS, Public Affairs, Recreation-REC, Sociology.

Students select with the advisor's approval two or more courses within the social and behavioral sciences. This pattern is designed to expand knowledge and appreciation of American and other cultures; to estimate the impact of science, technology, and changing business and economic conditions on human societies; and to increase awareness of the major social issues of the time.

### Science and Mathematics

Anthropology-ASM, Botany, Chemistry, Computer Science, Engineering, Geology, Mathematics, Physical Geography, Physics, Psychology-PSY, Zoology.

Students select with the advisor's approval two or more courses, one or more of which must have a laboratory. These selections comprise a coherent pattern designed to explore the fundamental concepts of science and mathematics; to reveal the role of observation and experiment, inductive and deductive reasoning, and the quantitative approach in modern physical, biological and engineering science; and to bring into sharp focus the scientific forces that influence their destiny.

To complete the total credit hours requirement in General Studies, students with the advisor's approval shall select appropriate electives from the above fields or from other fields approved within the framework established by each college. Requirements in the three fields of General Studies may be met by advanced standing credit or may be waived by virtue of acceptable performance on a proficiency examination. In such cases, the prescribed requirements are correspondingly reduced by approval of the college. See College General Studies requirement for graduation.

### Interdisciplinary Studies

**City and Regional Planning.** The city and regional planning focus provides undergraduate students of various disciplines a familiarity with this area's concerns, theories, and techniques. These draw from course offerings related to planning in various departments of the University (Planning, Geography, Geology, Civil Engineering, Public Affairs, Business Administration, History, Sociology, Home Economics).

**Energy Studies.** An expanded and research involvement in energy exists through three curricular general Studies, which emphasize elective beyond the scope of a (for more information contact the Department of Planning (1) Architecture, usually for those pursuing a Master of Environmental Planning); (2) Specific studies in the College of Engineering and Applied Sciences, those seeking a degree in a broad engineering.

**Environmental Studies.** The Environmental Studies was established to initiate, coordinate and encourage community service, and academic research. The Center does not formally sponsor a degree program. It sponsors conferences and workshops on environmental topics. Drawing from faculty throughout the University, the Center participates in research and communication relating to environmental problems.

**Film Studies.** The film studies program not only to provide information but also to serve as a means of communication for the student and as a useful tool in teaching. The program is designed to produce professional film-makers. However, it may provide practical experience for students desiring further study at other institutions.

Inquiries about this program should be directed to the Chair of the Interdisciplinary Film Committee or the Film Studies Committee in participating colleges.

**Gerontology.** Course work in gerontology is currently offered in nine departments. Gerontology is an interdisciplinary study involving biological, psychological and medical aspects of aging; and the economic, political, social and health-related issues of the aging person. The purpose of this interdisciplinary activity is to provide a student with a background to work in a variety of occupational areas. A student may also complete the currently existing interdisciplinary course work within the departments which offer gerontology courses. Inquiries about the program should be directed to Chair of the Multi-Disciplinary Coordinating Committee on A

**Energy Studies.** An expanding instructional and research involvement in energy matters exists through three curricular paths: (1) General Studies, which emphasize energy as an elective beyond the scope of a chosen major (for more information contact Chair, Department of Geography); (2) Specific studies in the Department of Planning (College of Architecture, usually for those pursuing the Master of Environmental Planning degree); (3) Specific studies in the College of Engineering and Applied Sciences, usually for those seeking a degree in a branch of Engineering.

**Environmental Studies.** The Center for Environmental Studies was established to initiate, coordinate and encourage research, community service, and academic programs. The Center does not formally offer courses or a degree program. It sponsors special courses, conferences and workshops on environmental topics. Drawing from faculty and students throughout the University, the Center participates in research and community programs relating to environmental problem areas.

**Film Studies.** The film studies program exists not only to provide information and experience but also to serve as a means of creative expression for the student and as a useful subject and tool in teaching. The program is not designed to produce professional filmmakers. However, it may provide practical preparation for students desiring further film study in other institutions.

Inquiries about this program should be directed to the Chair of the Interdisciplinary Film Committee or the Film Studies Advisor in participating colleges.

**Gerontology.** Course work in gerontology is currently offered in nine departments throughout many disciplines. Gerontology by its very nature is an interdisciplinary study of the biological, psychological and sociological aspects of aging, and the economic, political, legal, social and health-related issues of the older person. The purpose of this interdisciplinary activity is to provide a student with sufficient background to work in a variety of gerontological occupations. A student majors in one of the currently existing disciplines but takes individual course work within the variety of departments which offer gerontology-related courses. Inquiries about the program should be directed to Chair of the Multi-Disciplinary Coordinating Committee on Aging.

**International Programs and Studies.** International matters and an understanding of other nations are reflected in course offerings throughout the University. Special area emphases are coordinated through the Center for Asian Studies (page 52) and the Center for Latin American Studies (page 54). These two centers also publish quarterly journals, research reports, and scholarly monographs. The Hayden Library has extensive collections on international subjects in selected areas.

University academic year student exchange programs exist with universities located at Guadalajara, Hermosillo and Monterey in Mexico and at La Paz in Bolivia. Summer school programs in Guatemala and Europe are also available. Foreign students are also attracted annually to the intensive English Skills Program for International Students (page 22).

**Islamic Studies.** The art, history, geography and religion of the Islamic world are the subjects of several courses offered by departments in the Fine Arts and Liberal Arts Colleges.

**Medieval and Renaissance Studies.** Significant opportunities for the study of Medieval and Renaissance culture exist at Arizona State University. Hayden Library has an extensive microfilm collection in Medieval and Renaissance Studies, and many rare books. The Collegium Musicum, composed of graduate and undergraduate students, regularly presents public performances of Medieval and Renaissance music. In addition, the Arizona Renaissance and Medieval Society (ARMS) sponsors programs and lectures providing a forum for students and faculty interested in Medieval and Renaissance culture. The society, founded in 1978, is made up of faculty members from history, literature, philosophy, religion, music, art, and science. For a list of advisors, see Interdisciplinary Studies in the College of Liberal Arts.

**Women's Studies.** An interdisciplinary perspective on women serves as the vehicle for a critical exploration of the role and status of past and present women, assumptions about women accepted in American culture, the validity of research on women, the effect on women of political, economic, and social systems, and the contributions of women to world culture. The student has the opportunity to consider alternative ways of looking at the assumptions that affect the image of women and to make a research contribution to the field. Inquiries about this program should be

directed to the Director of Women's Studies, College of Liberal Arts, and the fall and spring Women's Studies brochure.

## Registration

A student is only considered by the University to be registered when all registration fees have been paid in full. Then, the student's name will appear on the instructor's official class list.

**Eligibility.** Only eligible students may register for courses at Arizona State University. An eligible student is either continuing from the previous semester or one who has been admitted or readmitted to the University (see Admissions, pages 17 and 22).

**Advisement.** Each college provides advisors who assist the student in planning a program of study and selecting courses for each semester. The student has the responsibility to seek advisement and to meet all the degree requirements.

**Times of Registration.** The University conducts an early registration, regular or "walk-through" registration, and late registration for each semester and Summer Session. The dates, times and procedures are published in the *Schedule of Classes*.

**Enrollment Verification Guidelines.** Arizona State University is frequently required to certify a student's enrollment as to full-time, part-time, etc. The following general guidelines are used primarily to verify enrollment for the purpose of loan deferments and eligibility. The Registrar is responsible for such verifications.

Regular Semester	Full-Time	Half-Time	Less Than Half-Time
Undergraduate	12 or more hours	6 hours	5 or less hours
Graduate	9 or more hours	5 hours	4 or less hours
Graduate Assistant	6 or more hours	3 hours	2 or less hours
<b>Five Week Summer Session</b>			
Undergraduate	4 or more hours	2 hours	1 hour
Graduate	3 hours	2 hours	1 hour
Graduate Assistant	2 hours	1 hour	---
<b>Eight Week Summer Session</b>			
Undergraduate	6 hours	3 hours	2 or less hours
Graduate	5 hours	3 hours	2 or less hours

**Registration Fees.** Registration fees are due and must be paid in full at the time specified each semester in the *Schedule of Classes*. If any payment tendered is unauthorized, incomplete, or received after the due date, registration fees will be considered not paid.

**Schedule of Classes.** The *Schedule of Classes* is the official publication of the Registrar's Office each semester and distributed without charge. The *Schedule* lists the semester's course offerings, dates, times, places, and procedures for registration, along with other important information relating to the semester.

**Unit of Credit.** The semester hour is the unit on which credit is computed. It represents one 50-minute class exercise per week per semester.

**Course Loads.** A minimum full-time course load for an undergraduate student is 12 semester hours. The maximum course load for which a student may register is 18 semester hours. The maximum for students in the Colleges of Engineering and Applied Sciences and Architecture is 19 semester hours. A student wishing to register for more than the maximum must petition the standards committee of the college in which he or she is enrolled and must have an approved overload petition on file with that college before registering.

**Attendance.** The instructor to make decisions regarding

**Official Withdrawal from**  
There is only one procedure student may officially withdraw after having paid registration. The student must initiate an official withdrawal from the University by appearing at the Registrar's Office, Arizona State University, and completing the official withdrawal form or letter to the Registrar's Office.

If a student withdraws before the guaranteed W period, the V officially recorded for all classes the student has registered. The student is eligible for a refund of fees paid in the refund schedule at the time of withdrawal.

If a student withdraws after the guaranteed W period, the instructor of the class in which the student has registered must file notice of the date of withdrawal with the Registrar. The instructor's assignment depends upon the student's course at the time of official withdrawal.

*No one will be permitted to withdraw from the University or registration transaction in the last two weeks of the semester.*

**Application for Graduation**  
The student should apply for graduation at least 87 semester hours available at the Graduation Administration Building. Administer check sheet." the student must submit two transcripts from the Registrar's Office. The assistance of an academic advisor should complete the forms at the college in which the student is enrolled to receive the degree.

The application and check sheet must be on file in the Graduation Office before the planned graduation. The degree will be awarded if all requirements on the senior checklist have been fulfilled.

If the student or advisor is not present in the designation of completion, an approved petitionary signature is required and forwarded to the Graduation

#### **Official Withdrawal from the University.**

There is only one procedure by which a student may officially withdraw from all classes after having paid registration fees. The student must initiate an official withdrawal from the University by appearing in person or by addressing a signed request to the Registrar's Office, Arizona State University. The date of the official withdrawal is always the date the withdrawal form or letter is received in the Registrar's Office.

If a student withdraws before the end of the guaranteed W period, the W will be automatically recorded for all classes for which the student has registered. The student is eligible for a refund of fees paid in accordance with the refund schedule at the time of withdrawal.

If a student withdraws after the guaranteed W period, the instructor of each course for which the student has registered will receive a notice of the date of withdrawal and a W or E will appear on the final class list for each class. The instructor's assignment of a W or E depends upon the student's status in each course at the time of official withdrawal.

*No one will be permitted to officially withdraw from the University to conduct any registration transaction in the last two (2) weeks of the semester.*

**Application for Graduation.** A student should apply for graduation after having completed 87 semester hours. An application is available at the Graduation Office, 134 McCrear Administration Building. Along with the "senior check sheet," the student should obtain two transcripts from the Evaluator's Section, 114 McCrear Administration Building. With the assistance of an academic advisor, the student should complete the forms for processing by the college in which the student is to earn the degree.

The application and check sheets must be on file in the Graduation Office at least one semester before the planned date of completion. The degree will be awarded when all the requirements on the senior check sheet have been fulfilled.

If the student or advisor makes an adjustment in the designation of courses to be completed, an approved petition with the necessary signatures is required and must be forwarded to the Graduation Office.

The student is responsible for successfully completing all courses designated on the application. The Graduation Office is responsible only for verifying courses to be completed. When the degree is awarded, the diploma will be mailed to the student. If all degree requirements are not met, the application for graduation will be withdrawn, and the student will be notified by a letter sent to the address given for diploma mailing.

A graduation reapplication is required to apply for the degree at a future date.

**Petition for Waiver of Degree Requirement.** Any student wishing to have a college degree requirement waived must petition the standards committee of the college in which the student is enrolled. All petitions for waiver of degree requirements must be forwarded to the Graduation Office indicating the recommendation of the standards committee.

## Graduation Requirements

**University Credit Requirements.** A minimum of 126 semester hours is required for graduation with a bachelor's degree unless otherwise noted by the college offering the degree. A minimum of fifty (50) semester hours in upper division courses are required for graduation.

Not more than 30 hours of credit in correspondence courses, extension and/or by comprehensive examination will be accepted for credit toward the bachelor's degree.

**English Proficiency.** ENG 101 and 102 (6) or ENG 104 (3) are required for graduation from Arizona State University in any baccalaureate program. (See page 27.)

**Grade Point Requirements.** The cumulative grade point average must be 2.00 or better for all courses taken at Arizona State University for a bachelor's degree.

**Resident Credit Requirements.** Resident credit refers to a course which is offered in a regular semester or summer session. A minimum of 30 semester hours earned in resident credit courses at Arizona State University is required of every candidate for the bachelor's degree. The final 12 semester hours immediately preceding graduation must be of resident credit.

**Graduation with Academic Recognition.** A student must have completed at least 60 semester hours of resident credit courses at

## 40 GRADUATION REQUIREMENTS

Arizona State University to qualify for graduation with academic recognition for each baccalaureate degree. A student with a cumulative grade point average of 3.40 will graduate *cum laude*, 3.60 will graduate *magna cum laude* and 3.80 or above will graduate *summa cum laude*. The cumulative grade point average for these designations will only include all course work taken at Arizona State University. All designations of graduation with academic recognition will be indicated on the diploma and on the student's permanent record.

**Determination of Catalog for Graduation.** The University Catalog is published once every two years. Requirements for a department, or college, or the University as a whole may change and are often upgraded.

*In determining graduation requirements, a student may use only one catalog.*

A student whose attendance at the University has not been interrupted will graduate under the curriculum, course requirements, and regulations for graduation in effect at the time of admission to the University. A student may choose to graduate under any subsequent Catalog issued while the student is in continuous attendance.

A student who has been readmitted (page 22) will graduate under the curriculum, course requirements, and regulations for graduation as stated in the Catalog at the time of readmission or thereafter while in continuous attendance.

**Applications for Teaching Certificates.** Applications for teaching certificates should be obtained from the office of the Director of Student Services in the College of Education.

**Second Bachelor's Degree.** The student seeking a second bachelor's degree must meet admission criteria for that degree. To obtain a second bachelor's degree, a student must successfully complete a minimum of 30 additional hours or more of resident credit and must meet all degree and University requirements of the second degree. Graduation index requirements must be met after the first degree.

A student may only pursue two bachelor's degrees at the same time if prior approval is given by the standards committee(s) of the college(s) involved. In either case, a minimum of 30 additional hours is required.

**Graduate Degrees.** See section of this catalog headed Graduate College and College of Law for graduate degrees offered and statements of requirements for graduate degrees. A

separate catalog can be obtained from the Graduate College.

### **Western Interstate Commission for Higher Education (WICHE)**

For Arizona residents who wish to attend professional schools of dentistry, veterinary medicine, occupational therapy, optometry, and podiatry in one of the other western states, Arizona has joined with the other western states to create the Western Interstate Commission for Higher Education through whose effort and agency qualified Arizona residents may attend schools in these other states at essentially the same expense to the students as to residents of the state in which the school is located. Students must have maintained at least average grades in their pre-professional work and must have been legal residents of Arizona for at least the last five years. Recipients are required to return to Arizona to practice or to repay a portion of the funds expended in their behalf.

For further information and applications, interested students should contact Dr. Odus Elliot, Certification Officer, Arizona Board of Regents, 1535 West Jefferson, Phoenix, Arizona 85007, (602) 255-4082, or Dr. Brice W. Corder, Assistant Dean, College of Liberal Arts, Pre-Health Professions Office, SS 107, (602) 965-2365.

Stu

The University provides a variety of services available to enrolled students designed to meet their needs. With respect to the academic concerns of students, services are designed to help the student with emotional, economic, and health concerns. A full range of student activities contributes to the student's learning experiences outside the classroom.

### **Housing**

The residence hall system includes on-campus residence halls housing approximately 10,000 students. Residence halls contain a variety of facilities such as study areas, conversation lounges, and coin-operated laundry areas. A professionally trained staff provides residents with assistance in adjusting to residence hall living.

**Application.** Residence hall application may be obtained from the Office of Residence Hall Administration, 110 Memorial Union. Residence hall accommodations apply at least six months in advance for on-campus housing exceed application is imperative. Only students admitted to the University may live in residence hall; however, applications are accepted prior to official admission.

Residence hall assignments are made upon the date of receipt in the Office of Residence Hall Administration of the completed application, a \$50 deposit, and room reservation fee. Room reservation is claimed by dates outlined in the application. They will be automatically cancelled if occupancy is contingent upon official admission and continued enrollment.

Application information concerning residence hall meal services and meal options is available.

2/10/82

Alternatives for Amending the Student Loan Program

The following alternatives for amending the current Alaska Student Loan Program are not meant to be exclusive, nor are they being suggested for adoption. Rather, they are simply those alternatives which have arisen from initial staff and Commission study and discussion. A number will surely be discarded as being impractical or unsatisfactory, but for the present, all must at least receive consideration.

Prior to presentation to the Legislature, the Commission will be establishing positions on each of these alternatives and will be assigning priorities for those being recommended for possible adoption if and when circumstances so warrant.

The order of presentation will be: those alternatives requiring administrative action, usually through regulations; those alternatives requiring legislative actions; and those miscellaneous alternatives dealing with the general administration of the program.

Alternatives Accommodated Through Regulations

1. Enforce a loan application deadline. The current deadline for applying for a student loan is May 15 of each year (20 AAC 15.020 [a]). For most purposes this deadline date is ignored. Persons may apply for a loan at any time throughout the year, with the only restriction being that of 20 AAC 15.020 [d]. Under that section of the regulations, a person may not apply for a school term which is one-half or more over.

An alternative is to set new realistic deadlines and then strongly adhere to those dates. Suggested deadlines are:

<u>For attendance</u>	<u>Application deadline</u>
Beginning July 1 - October 31	July 15
Beginning November 1 - February 29	November 15
Beginning March 1 - June 30	March 15

2. Restrict continuing loans to students maintaining certain grade-point averages. In order to receive a student loan, the student must be attending school full-time and be in "good standing". Good standing is defined by the Commission (through regulations) as having a 2.0 cumulative grade point average (g.p.a.) for undergraduate students and a 3.0 cumulative grade point average for graduate students (20 AAC 15.040(j)).

An alternative could be to raise the requirement for maintenance of "good standing". Undergraduate good standing could be defined as a g.p.a. of 2.5 or 3.0, and graduate could be 3.5. This could greatly reduce the number of eligible borrowers.

It is estimated that raising the requirement to 3.0 and 3.5 would eliminate as many as 50% of the current borrowers. This would mean a savings of as much as \$31 million in 1982-83.

3. Require residency verification. Student loans are available to eligible borrowers who are at least two-year Alaska residents. There has been a good deal of hypothesizing as to the extent of persons willing to perjure themselves by falsely claiming Alaskan residency in order to obtain a student loan.

The Commission could, by regulation, require that a student obtain four references willing and able to attest to the student's residency claim. This verification would also be under personal oath.

The process could slow down processing somewhat, but it should not require increased staff, and it should eliminate some of the potential for abuse.

#### Alternatives requiring Legislative Changes

4. Employ a needs test. The imposition of a needs test is based upon the logic that if funds cannot be provided to fund all Alaskans wishing student loans, then those who are "most needy" are the ones who should receive support. A needs test can be handled in at least two ways. First, a level of available funds could be determined. Then, all applicants could be ranked, based upon need, and awards could be made until funds were exhausted. Second, a minimum level of "need" could be set. All persons meeting the need criteria would be funded, all others denied.

A nationally-known needs test would be employed. The students would be required to fill out the needs analysis form, pay a fee for processing, and send the form to a processing center (probably in California). The center would report results to the student and the Commission.

This would not require increased staffing at the state level, but would slow processing considerably.

A needs test would require a parental contribution based upon family income levels and would penalize the dependent student, as opposed to the independent student.

A substantial amount could be saved annually, depending upon how restrictive either the funding level or the income levels were.

5. Deny loans for foreign study. Loans can currently be used for study at any approved institution. A small number of students, 20-25 in 1981-82, use these loans for study in foreign countries. These loans could be denied. The savings would amount to \$120,000 - \$165,000 annually.

6. Deny loans to freshmen borrowers. Since freshmen tend to be the largest credit risk (after vocational students), the entire group of freshmen borrowers could be denied loans. This currently accounts for 31.8% of the student loans, so the savings for 1981-82 would be \$11.3 million, and for 1982-83, as much as \$21.3 million.

7. Restrict loan use to only tuition, fees, and books, or tuition, fees, books, room, and board. The current practice is to loan for tuition, fees, books, room, board, and other educational expenses. These "other expenses" include personal expenses, child care, travel, etc. At the University of Alaska, these expenses account for 22 to 35% of the standard student budget. If room and board were also eliminated, the savings would be another 40 to 65%. Hence, the savings of eliminating all expenses other than tuition, fees, and books would be from 60 to 90% of the current loan levels.

In 1982-83, eliminating "other expenses" could save from \$15 to \$24 million. Eliminating all expenses but tuition, fees, and books, could save as much as \$40 to \$60 million. It should also be noted that such restrictions in borrowing eligibility would also result in forcing some students not to attend school. In fact, those that need the funds the most would be those most likely to be forced out of school.

8. Roll back the borrowing maximums. The 1981 Legislature increased the undergraduate borrowing maximum from \$3,000 per year to \$6,000 per year, and the graduate maximum from \$5,000 to \$7,000 per year. The program then experienced a 70% increase in borrowers, and a 288% increase in funds requested. While other factors undoubtedly contribute to this increase, the principal element is the new borrowing limit.

Reducing the loan maximum could profoundly affect the cost of the program. Rolling back to \$3,000 and \$5,000 would save as much as \$30 million in 1982-83, but it would also mean some students could not attend school. If the large increase in borrowing is in part attributable to the increased maximums, a reduction would mean forcing some students back out of the educational system.

9. Raise the interest rate charged on loans. The current interest rate on Alaska student loans is 5%. Federal student loans are now at 9%. The interest rate charged to students could be raised to 7%, 8%, 9%, or even 10%. Raising the rate could make the loans less attractive and thereby discourage some borrowers, but probably very few. The effect would be negligible for the first few years, but raising the interest from 5% to 9%, for example, could result in as much as \$1.3 million in 1986-87.

In order to prevent the necessity of legislative action every few years, the interest could also be based upon current interest rates for federal student loans. Therefore, when federal student loan interest rates change, the state's rates would also change.

10. Increase residency requirements for loans. To qualify for a student loan, a borrower must be at least a two-year Alaska resident. This could be increased to three, five, or ten years. All would save considerably over the present system; for example, raising to a five-year requirement would eliminate approximately 32% of the borrowers. In 1982-83, this could mean as much as \$20 million. However, it should be noted that the Attorney General has previously advised against such residency restrictions.

11. Eliminate forgiveness. If a borrower resides in Alaska after completion of study, up to 50% of the loan, including interest, may be forgiven (cancelled). This partial cancellation is earned at a rate of 10% per year of residence after completion of study, for up to five such cancellations.

If this provision were eliminated, a great deal of money would be saved eventually. It could not and would not affect the \$97 million already loaned under the program. Although the effect would be negligible for the next few years, there would be an increasing savings realized that would be at an annual level of \$2 to \$5 million by 1986-87.

There may be an impact which would not be desirable if this action were taken. The forgiveness, currently at 50%, is believed to be a significant inducement for persons to live in Alaska after completing study. Removal of that inducement would lessen the number of educated Alaskans remaining or returning to work in Alaska after schooling.

A second point should be made, and that is that the 1981 Legislature just took action raising the forgiveness from 40% to 50%.

12. Restrict loans to in-state students. Student loans could be made available only to those persons attending in-state educational institutions. This would save a considerable amount, since about 60% of all student loans are for study out-of-state. Some of those students would be forced to attend in-state if the loan program were not available, others would go out anyway, and still others would not go to school at all. The savings could easily be 40% over current levels. For 1980-81, that would be \$18.8 million, and for 1981-82, as much as \$26.8 million.

Previous legislative attempts at adopting this type of restriction were not very well received. Arguments against such a restriction included the absence of certain programs in Alaska, the issue of freedom of choice - particularly with a loan that had to be repaid, the issue of educational quality, the issue of educational diversity, and simply the issue of being able to leave home and experience life in another part of the country.

13. Eliminate interest waivers during in-school and other deferment periods. Interest and payment are currently deferred while the borrower is a full-time student, in the military, in the peace corps, serving an internship, on medical hardship and disability, and during a one-time unemployment period. Interest could accumulate during these periods. This would greatly increase the amount of interest to be paid and would increase monthly payments when the borrower enters the repayment cycle. The burden of repayment would be increased since the accumulated interest would be disbursed over the normal ten-year repayment period.

14. Establish a two-tier or dual loan program. The state could continue to emphasize loans as its principal means of providing student assistance, but it could have two programs available. One, called something like, the Alaska Basic Student Loan program, could be available only to those students able to demonstrate substantial "need". The loans could be varying amounts, dependent upon the level of need verified by a standard needs analysis, and should carry a low interest rate, such as 5%.

The second loan program, called something like the State Standard Student Loan Program, the State Supplemental Student Loan Program, or simply the State Student Loan Program, could be available to all those unable or unwilling to demonstrate the need required to qualify for a "basic" loan. This program could carry high interest rates, such as 10% or 11%.

Costs to the state would be decreased under such a plan, because of the higher income generated from the second program and also because a number of persons currently borrowing might choose not to borrow if the terms are less attractive. Forgiveness features would be at the discretion of the Legislature, but if these were eliminated, even greater savings would be realized.

### General Administration Alternatives

A. The Commission has been quite concerned about the timely handling and processing of loan awards. Some suggestions and alternatives have been identified which could improve this processing time.

15. Fully staff the awards division. The current awards staff consists of 7.0 full-time people. These include a division officer, an awards specialist, three awards clerks II, and two awards clerks I. Using the adopted staffing formula of 1.0 staff member per 1,000 loan awards, the division is understaffed by 36.4%, or 4.0 people. With the additional personnel, loan processing could continue and be kept current. The division was operating 30 days behind in loan processing as of November 1, 1981. Even working evenings and weekends, the current staff cannot service the loan applicants in an adequate and timely manner.

16. Maintain a revolving base for loan processing. The 1981 Legislature created a \$10 million revolving base for the program. This was to enable the processing of loans during February, March, April, and May. Unfortunately this benefit of the base was negated by the delay in program start-up this past year, but the concept of a revolving base is sound and would greatly improve loan processing by leveling the work load. The base, with the increased borrowing limits and volume of applicants, would need to be about \$25 million to be effective.

17. Eliminate the institutional sign-off on educational cost of attendance. The current procedure requires the applicant to have the school of attendance review the application and certify that the costs listed by the loan applicant are reasonable and appropriate for that particular institution. This step can cause great delays in the loan process. At times applications are lost or simply held by the schools until such time that the student does not receive funds in time for the beginning of school. If this step is eliminated, the process would be greatly accelerated.

The trade-off here is that the loan division would then have no check on the appropriateness of what the applicant says it will cost to attend a particular school. Budgets could be exaggerated to assure the qualification for a maximum loan.

B. The Commission has also expressed concern over administrative costs and growth of staff. Hence, a few alternatives to current practices have been explored.

18. Contract for loan collection with an outside agency. The current program only contracts out the basic receipt of payments. Coupon booklets are ordered and sent to loan recipients entering the repayment cycle. The monthly payments are then mailed to a "lock-box" contracted through a commercial bank. The bank receives the funds and transfers them to the state. The rest of the administration is handled in-house.

The increased loan volumes and the maturation of the program are creating large demands for increased staff. Using the adopted staffing formula, the current staff of 24.0 full-time persons will increase to 56.0 in 1982-83, 82.0 in 1983-84, and 106 in 1984-85. If state government is not to expand, alternatives need to be examined.

Loan collections actually consist of loan repayments and loan collections. Loan repayment is the routine repayment of loans, and loan collection is the collection of delinquent and default accounts. In exploring the use of an outside contractor, three approaches were explored: a nationwide loan management service, a commercial banking service, and a private collections agency.

(a) Loan management service. Three nationwide loan management services were contacted on behalf of the loan program. All three specialize in the collection of student loans and handle accounts for a number of institutions and states - usually federally guaranteed student loans. Since the Alaska program is so different from the federal program, one company would not submit a bid for servicing the Alaska loans, one did submit a bid, and a third has not responded definitively. The sound bid is from Wachovia Student Loan Management Services of Winston-Salem, North Carolina. Wachovia indicated a willingness to alter existing data processing software to handle Alaska's program. The costs, submitted October 27, 1981, are:

\$1.15 per borrower per month while in school  
\$2.00 per borrower per month during deferments  
\$2.85 per borrower per month during repayment

Wachovia will not be responsible for collection of delinquent or defaulted loans.

Based upon current figures and estimates, the following cost comparison is made:

<u>Year</u>	<u>Wachovia</u>	<u>State</u>	<u>Difference</u>
1981-82	\$ 895,453	\$ 497,502	\$ (397,951)
1982-83	\$1,461,150	\$ 938,222	\$ (522,928)
1983-84	\$2,036,263	\$1,498,480	\$ (537,783)
1984-85	\$2,552,537	\$2,117,724	\$ (434,813)

Therefore, the cost of contracting these services would be considerably higher than "in-house" processing.

(b) Commercial banking services. Attempts to obtain sound bids from in-state banks have not been very successful. A few banks would be willing to administer all or parts of the loan program, but initial programming costs and staffing costs would be extremely high. Either the state or the borrower would have to absorb those costs and the result would again be increased cost to the state, when compared to maintaining the "in-house" servicing.

(c) Private collection agency. A number of private collection agencies will attempt to collect our "bad debts", i.e., the delinquent and defaulted loans; however, the charges all are around 50% to 65% of the amount recovered. This charge far exceeds that currently being paid the five persons handling these collections "in-house". The collection rate for the current staff for "bad debts" is averaging over \$200,000 per staff member per year.

19. Combine this loan program with other state loan programs. This alternative has been explored before and has been found to be not a workable alternative. The Legislature made this determination when all loan programs were being re-examined and re-vamped two sessions ago. They found that student loans should not be included in any type of large loan package portfolio, particularly if the bond market is to be involved.

Additionally, the transfer of the program to another state agency would not reduce administrative costs, rather it would simply transfer existing costs to another agency and would, in fact, result in increased costs to the state due to inefficiencies which would necessarily occur. The ability now exists to "package" a student's aid. The Commission administers three other programs (besides the loans) which affect a student's need for financial assistance. Currently all four programs are coordinated at the time of award and the problems of over-awarding are avoided. This would not be as easily accomplished with a second agency involved. A certain amount of staff overlap would be necessary with another agency involved.

#### Additional Financial Assistance Concerns

Alaska currently has a large loan program, a small, nearly non-existent federally-matched grant program, and no state scholarship or state work-study program. Each of these programs, other than loans, will be briefly described or discussed below.

Grants. The state currently participates in the federal/state cooperative State Educational Incentive Grant Program (SEIG). This is a "need-based" grant which requires a needs analysis of all applicants. Grants of up to \$1,500 per year are awarded for undergraduate attendance. In 1981-82 over 2,000 Alaskans applied for these grants, but funds were available to award grants to only 162. This program requires a federal match and is being drastically reduced in the current federal budget cuts.

There is a bill, SB 254, currently in the Legislature which would establish this program as an Alaskan program and would provide grants of up to \$3,000 per year.

Scholarships. Alaska currently has no state-level scholarships for outstanding high school seniors. Two bills currently exist which would establish scholarship programs. SB 310 would establish the Alaska State Scholarship Program and would provide competitive scholarships for in-state attendance. The scholarships would provide \$4,000 per year, and the student would need to maintain a grade-point-average of 3.25 to keep the scholarship.

SB 301 would establish the Alaska Cooperative Scholarship Program which would provide matching funds for private sources of scholarships. The scholarships would be for up to \$5,000 (\$2,500 state) per year, and the student would need to maintain a 3.0 grade average to keep the scholarship. The scholarships would be available for undergraduates attending in-state.

State Work Study. College Work Study, a federally-funded program, exists in Alaska, but only on a very limited basis. Some states, most notably Washington, have created state work-study programs directly designed to provide assistance for their in-state students. Alaska has no such program, but it is a possibility for the future. Under such a program, a student would be eligible to work for up to an average of 20 hours per week with a cooperating employer. The state would pay 65% of the student's wage and the employer would pay the remaining 35% for up to a pre-determined "need" level.

HB 492

P.O. Box 948  
Nome, Alaska 99762

Rep. John G. (Jack) Fuller  
House of Representatives  
Pouch V  
Juneau, Alaska 99811

Dear Jack:

Thank you for you for your letter of January 19, 1982.

I am now living in Nome since December 14, 1981. I am working for Kawerak as ABE Teacher. I enjoy this job very much. I am also or will be working on alterative energy for Kawerak.

Enclosed is average cost what the Community College students in the villages have to pay. The students are taught by use of tele-conferencing, which is now available to most of Bering Strait Region. We also have a teacher traveling to villages frequently to help the students. We also have one or two facilitators on half time in the the villages to make sure that the student needs are taken care of.

The problem becomes when the students can not afford to pay for books and related costs. Without payments the students can not get the credits. Because they can not pay for the bills, the student drops out of taking his or her courses.

There are grants available to most students in Alaska but only for full time students who are taking 12 or more credits. In Community College setting, most students can not take full time courses.

- For more information, please call Mr. Perkins at Northwest Community College, 443-2201, Outreach Program.

Thank you for your help.

Sincerely,

  
George Olanna, Sr.

REPRESENTING STUDENTS OF THE UNIVERSITY OF ALASKA STATEWIDE SYSTEM

## ASSA POSITION PAPER: PART-TIME STUDENT LOANS (HB492)

ASSA would like to ask you to consider the following with regard to HB 492, a bill establishing a program for loans to part-time college students:

The State of Alaska has an excellent program for loans to full-time students, but there is no way for part-time students to borrow to get started in the taking of college courses. HB 492 is designed to fill that limited need. It does not establish a program like the full-time (scholarship) loan program, but rather limits the usage to tuition, books, and fees (no room, board, etc.). It is unlikely any student would be able to justify borrowing more than \$300 a semester, and in most cases it should be substantially less than even that. Furthermore, payback must begin within 120 days of receiving the loan.

ASSA would prefer a less stringent payback schedule, but will defer to the pleasure of the sponsor. We do urge you to support the bill.

thank you

Ken Kirk, director

ASSA

## House Bill 492, Sectional Analysis

---

**Purpose:** This bill would add a section to existing law which would make monies available for an otherwise ignored group of students-- the part-time and summer student. The bill also addresses some technical changes in the existing scholarship loan program for full time students obtaining a career education program or college or university education.

Sec.1. Adds section 777-795 to AS 14.40 regarding scholarship loans and loans to part-time students. Changes title of Article 9 to reflect this.

Sec. 14.40.777. Creates revolving loan fund for part-time students and provides for appropriations.

Sec. 14.40.779. Provides for promulgation of regulations to administer the program and for their distribution to applicants.

Sec. 14.40.783. Provides for applications and appeals to executive secretary of the committee.

Sec. 14.40 785. Eligibility for loans includes residency in Alaska, part-time participation in career, associate, or graduate degree programs, or eligibility for participation in such programs.

Sec. 14.40 787. Establishes appropriate purposes of loan money and states that maintenance of the loan is dependent upon continued enrollment.

Sec. 14.40 789. Establishes rate of interest at 5% and sets up periodic repayment schedule within a one-year period, unless extended up to five years. Provides for attorneys fees when appropriate, security and requirement is one year.

Sec. 14.40.795. Defines: Fund, Loan, part-time student, residency requirement is one year.

Sec.2. Changes language to narrow range of statutes for selection of students for loans.

Sec.3. Changes language to include the part-time student loan program.

Sec.4. Technical language changes.

Sec.5. Changes language referencing programs and substitutes adoption for promulgation on page 5, line 8.

Sec.6.& 7. Technical language changes.

Sec.8. Technical language and changes Commissioner of Education to Department of Education.

Sec. 9-21. Technical language changes.

Sec.22. Repeals AS 14.40.806(3). Definitions.

Sec.2 Effective date is 7/1/8.

Information Sheet for HB 492

A. Conditions of Loans:

1. loans may be used only for tuition, fees, and books
2. interest rate is 5%
3. repayment begins 120 days after enrollment begins
4. loans will be repaid in 12 months, at least

B. Assuming an average loan of \$275 for 1982-83 expenses, the following example would serve:

September 2, 1982	start fall enrollment with \$275 loan
January 1, 1983	begin monthly payments of \$24.07
January 13, 1983	start spring enrollment with \$275 loan
May 13, 1983	begin monthly payments of second \$24.07 (for a total of \$48.14)
September 8, 1983	start fall enrollment with \$300 loan
January 1, 1984	complete paying on first loan
January 6, 1984	begin monthly payments of \$26.25 (for a total of \$50.32)
January 13, 1984	complete paying on second loan
January 19, 1984	start spring enrollment with \$300 loan
May 18, 1984	begin monthly payments of \$26.25 (for a total of \$52.50)

O'Connell (teacher)

Gen + Rem specific committee

PSE alternatives:

- #1 strong yes enforce deadline!
- 2 gpa -  
the "good standing" + 2.0 gpa
- 3- good
- 4 oppose needs!  
do anything else, but not this.
- 5. OK
- 6 Freshmen - no
- 7- OK
- 8 UFW
- 9 - % - no
- 10 - no. no
- 11 - no
- 12 - no
- 13 - consider this, before needs etc
- 14 no forgiveness unless program completed

340

clocksin

Expectations is good of ↑

Hope no Δ

Reg. repealed today - good on "other expenses".  
Lv. auto. or is

Boarding - could be increased.

needs -

Guidelines

educ. who we need to have? \*

Doe -

You might want  
to switch testimony to  
Fairbanks to give everyone  
an equal chance.

2-11-52

E. B Brown DIA. of fin. and @ a.c.:

492

Piccard - vice chm of i.a.a. 492

492 could be self directing  
of 2-3rd semester

But if e.g. Stanford @ 5 g/yr.

if 1 credit less, then part time

10. Define part time student

e.g. 6 hrs. + "X" @.

Long Smith

- 26 hrs for full time

- time for loan requirement

Q-104 credit hrs. needed for degree

$$26/\text{yr} \times 4 = 104!$$

So on average says

6000 students

1400 / cr. hr. - in state  
108 / cr. hr. - out of state

BROWN.

Student loan

2-1182

Scott Stirling

492 - Part time

0959 Undergrad loan

Daniel, ERIC

Part time students
