POSITION PAPER

SENATE BILL NO. 186

"An Act adopting the Interstate Corrections Compact; and providing for an effective date."

Basically, this law would enable the State of Alaska to engage in contracts with the 16 other party states for the placement and/or exchange of prisoners for the purpose of treatment, long-range release planning and, in some cases, for protection purposes.

Alaska is presently signatory to the Western Corrections Compact (AS 33.25.010) along with 11 other states. The two compacts are very similar; in fact, the Interstate Corrections Compact was developed in order to encompass eastern states that were interested in expanding their placement resources. By adding the Interstate Corrections Compact, Alaska would increase placement resources by 100% or 1: additional states.

Although it is true that we are expanding our correctional facilities in order to return prisoners to the state, we must realize that for two to three years more, we will have no choice but to house many of our prisoners out of state. Recent developments indicate that the Federal Bureau of Prisons is having problems in accomodating so many state prisoners and may not be able to help us indefinitely to the extent they have in the past. We think it essential for us to develop other options.

Membership in the Interstate Corrections Compact would enable us to return some prisoners to home states, rather than placing them in the Federal Bureau of Prisons and, in some cases, accept Alaska residents who have been convicted and sentenced in other states. Alaska would not be under obligation to accept prisoners from other party states as mandatory reciprocation is not required in the Compact, nor would other party states be obligated to accept Alaska inmates. In each case of interstate placement, a contract must be negotiated between the party states.

Even though we are expanding our correctional facilities, there will always be a few prisoners with special needs who would benefit from being placed in specialized facilities outside of Alaska. By being party to the Interstate Corrections Compact, we would be in a better position to place those few offenders in appropriate settings. It should be noted some prisoners request to be returned to their home states and the Compact would provide an expedient means for us to do so.

III. ANALYSIS (See Fiscal Note Preparation Instructions, Section III)

It is estimated that enactment of this legislation would not result in any increase of expenditures. It will provide for an increased number of out-of-state facilities for placement of convicted offenders. Since the census of Alaska state correctional centers are at maximum levels now, the Federal Bureau of Prisons system must be relied upon to provide bed space. Entering into the compact would also open several other state resources, when appropriate, to Alaska.
